Advice on parents of all backgrounds the characteristics of difficult people how to deal with parents in difficult situations listening so parents will talk to you forming a successful partnership with parents      Fundamentals of Piano Pedagogy  
Merlin B. Thompson, 2017-09-04 How can piano teachers successfully foster student participation and growth from the outset How can teachers prepare and sustain their influential work with beginner student musicians This book presents answers to these questions by making important connections with current music education research masters of the performance world music philosophers and the author's 30 year career as a piano pedagogy instructor in Canada the USA Australia New Zealand and Japan It investigates the multilayered role piano teachers play right from the very beginning the formative first four to five years during which teachers empower students to explore and expand their own emerging musical foundations This book offers a humane emancipatory and generous approach to teaching by grappling with some of the most fundamental issues behind and consequences of studio music teaching More experiential than abstract and cerebral it demonstrates how teaching beginner piano students involves an attentiveness to musical concerns like our connection to music learning to play by ear and by reading caring for music the importance of tone and technique and helping students develop fluency through their accumulated repertoire Teaching beginner students also draws on personal aspects like independence and authenticity the moral and ethical dignity associated with democratic relationships and meaningful conversations with parents Further another layer of teaching beginners acknowledges both sides of the coin in terms of growth and rest teaching what is and what might be as well as supporting and challenging student development In this view how teachers fuel authentic student musicians from the beginning is intimately connected to the knowledge beliefs and values that permeate their thoughts and actions in everyday life Fundamentals of Piano Pedagogy stands out as a much needed instructional resource with immense personal practical social philosophical educational and cultural relevance for today's studio music teachers Its humanistic and holistic approach invites teachers to consider not only who they are and what music means to them but also what they have yet to imagine about themselves about music their students and life      Parental Involvement in Childhood Education  
Garry Hornby, 2011-04-07 Parental participation has long been recognized as a positive factor in children's education Research consistently shows that parents' contributions to their children's education lead to improvements in their academic and behavioral outcomes from elementary through middle and secondary school Recognizing the critical role of school psychologists in this equation Parental Involvement in Childhood Education clearly sets out an evidence based rationale and blueprint for building parental involvement and faculty awareness The author's starting point is the gap between the ideals found in the literature and the reality of parental involvement in schools An ecological analysis identifies professional institutional and societal factors that keep schools and parents distant Methods for evaluating parental involvement are detailed as is a model for developing and maintaining strong parental relationships at the instructor school and education system level with an emphasis on flexible communication and greater understanding of parents' needs This empirically sound

coverage offers readers A detailed understanding of obstacles to parental involvement An evidence based model for parental participation A three nation study of parental involvement practices in schools Guidelines for implementing parental involvement activities and initiatives A review of effective communication strategies with parents Analysis of key interpersonal skills for effective work with parents Parental Involvement in Childhood Education is essential reading for practitioners and researchers in school psychology and counseling social work and educational psychology whether they work directly with schools or in providing training for teachers and other professionals who work with children and their parents
