*Fight Back* Emil Farkas, Margaret Leeds, 1978-01-01      **Real Knockouts** Martha McCaughey, 1997-07

Unprecedented numbers of American women are today learning how to knock out maim even kill men who assault them From behind the scenes of gun ranges martial arts dojos fitness centers offering Cardio Combat and in padded attacker courses like Model Mugging *Real Knockouts* demonstrates

how self defense trains women out of the femininity that makes them easy targets for men's abuse And yet much feminist thought like the broader American culture seems deeply ambivalent about women's embrace of violence even in self defense Investigating the connection between feminist theory and a woman's balled fist McCaughey found self defense culture to embody literally a new kind of feminism one that will change forever the way we think of gender politics the female body and feminism itself *Fight Back* Loren W. Christensen, Lisa Place, 2011 Some experts say that you should be submissive when attacked at home or by a stranger You will not find that advice here although you might use it as a ruse before you claw your assailant's eyes and annihilate his groin Your ultimate goal is to get away but you don't achieve that by being meek and docile You get away by drawing on that hardwired survival instinct to attack him like an enraged lioness protecting its babies In this book martial arts experts Loren W Christensen and Lisa Place teach you to use your hands forearms elbows teeth knees and feet to survive the type of attack that unsuspecting women become the victims of every day And you will learn that you're surrounded by a limitless cache of weapons that you can use to your advantage against a larger assailant If you are ready to learn to fight back Loren and Lisa know exactly what you need to survive an attack in your home or on the street

*A Women's Guide to Handling Guns - A Woman's Self-Defense* Dina Angco, John Davidson, 2015-01-11 A Women's Guide to Handling Guns A Woman's Self Defense Table of Contents Introduction Chapter 1 Does a Woman Need a Gun for Self defense Chapter 2 What type of gun is for me Chapter 3 How to get started Chapter 4 The Cardinal Rules of Gun Safety Chapter 5 Parts of a Gun Chapter 6 Learning to Fire your Gun Chapter 7 Practical Shooting the sport Chapter 8 When you are under attack Chapter 9 Additional Safety Precautions Conclusion Author Bio Bonus Content Introduction Mental Attitude Towards Violence How to Stop from Panicking Facing Your Attacker Rules to Protect Yourself Going Out to a Party When You Are Walking What If You Are Being Followed Traveling on Your Own Traveling in Your Car Relationships Going Wrong No Means No To drink Or Not to Drink That Is the Question Learning How to Fight Back How to Protect Yourself Against Grabs Conclusion Author Bio Publisher Introduction I wrote this book to share what I have learned in gun handling and to give some idea not only to women but also to men of how a woman perceives this man dominated gadget or equipment I would say that 99% of women who know how to handle a gun or who are engaged in practical shooting as a sport were influenced by a male in their lives whether it is the father husband brother boyfriend uncle or a male friend Gun ownership inarguably is a man's world But it did not say that women cannot dip their fingers to it if it is necessary or even if she was just plain interested In my case the guilty party was my husband who suavely got my nod first for him to own a gun and later on to join him on his shooting practice tournaments and gun shows I have to admit that in the beginning I would cringe whenever I would see him working on his gun and later on guns I always have this thought that it will discharge accidentally and someone could get hurt At that time I could not even hold a gun But then gradually I warmed up to it I started holding the gun no bullets of course until later on my husband would be training me on how to hold it properly how to get the right stance and eventually how to fire it Believe it or not within months I was going with him on his practice shooting and tournaments At first I was the

photographer and videographer Eventually I would be doing my own practice sessions and would join him on tournaments

Hickey, 2023-12-12 Historian Georgina Hickey investigates challenges to the code of urban gender segregation in the 20th century focusing on organized advocacy to make the public spaces of American cities accessible to women She traces waves of activism from the Progressive Era with its calls for public restrooms rooming houses anti spitting ordinances covered bus stops employment bureaus lunch rooms and women police through and beyond second wave feminism and its focus on the creation of alternative women only spaces In doing so Hickey looks at how class race and sexuality shaped activists agendas

and shaped women's experiences of urban space and the gains and limitations of this activism. She uses a wide range of archival material from press coverage to neighborhood association records to etiquette manuals and studies a variety of cities from Minneapolis to Atlanta. Throughout, she draws connections between the vulnerability of women in public spaces, real and presumed, and contemporary debates surrounding rape culture, bathroom bills, and domestic violence. Ultimately, Hickey unveils the institutionalized hierarchies that have made women feel uncomfortable in American cities and the both strikingly successful and incomplete initiatives activists undertook to open up public space to women. The manuscript is organized into eight chapters that move chronologically through the twentieth century with an epilogue that reflects on how these issues manifest in the present.
