Broadway or the narrow and difficult way that leads to life That Jesus died for our past present and future sins is not the narrow and difficult way but the easy way that leads to moral decline The United States has produced great preachers There was Billy Sunday Dwight L Moody Evelyn Wyatt Rex Humbard Oral Roberts Robert Schuler and Billy Graham They did their best but the world was better when they started preaching than when they passed away The same will be said about the current batch of preachers This is not prophecy it is ongoing reality The moral decline will continue because the Imperial Church did not fully implement the Great Commission Consequently in 2 000 years the church has done what the Mother Church of Jews and Gentiles would not have done Because of the dissonance between the Gospel of Jesus Christ and the practice thereof disaffected Christians leave and their churches are sold The moral decline can be controlled or reversed Learn about Who opened the Pandora s box The church Establishment Regent or Executor A Moratorium on the Epistles The Deer in the Jungle A Tale of two faith Traditions Christianity for Dummies Prayers for what The case for cultural Populism Capitalism Culture and Empty Pews War and Peace When Pastors Retire This is a must read before leaving this world

Ozan,2022-06-21 Rethinking Utopia is a collection that discusses utopian thinking in relation to different philosophical themes It seeks utopianism in political theory particularly in Kant and Derrida populism Turkish Islamism international law and it fleshes out themes of modernism and classless society in the selected utopian examples By discussing and showing the relationship between utopia and these topics the book shows that the range of subjects related to utopias is wider than the current literature suggests The book attempts to bring together academic fields which are not cross fertilized in the existing debates on utopia by building bridges between actual politics and futuristic visions On the one hand it looks at utopia as a means to think about and reconfigure contemporary politics as in the case of international law and populist politics on the other hand it investigates how different philosophical literary texts from widely known More and Le Guin to lesser known Turkish Islamists Kısakrek Karako and Zel imagine their distinct utopian vision where a new form of anarchist classless or
