## **Everyday And Prophetic The Poetry Of Lowell Ammons Merrill And Rich:**

**Everyday and Prophetic** Nick Halpern, 2003 *Everyday and Prophetic* is the first book to describe and analyze at length the prophetic voice and the everyday voice in postwar and contemporary American poetry Nick Halpern's commentaries on the work of Robert Lowell A R Ammons James Merrill Adrienne Rich Jorie Graham and Louise Glück serve the reader with a fresh and original context in which to see their work and Postwar American poetry as a whole **The Cambridge History**

**of American Poetry** Alfred Bendixen, Stephen Burt, 2014-10-27 *The Cambridge History of American Poetry* offers a comprehensive exploration of the development of American poetic traditions from their beginnings until the end of the twentieth century Bringing together the insights of fifty distinguished scholars this literary history emphasizes the complex roles that poetry has played in American cultural and intellectual life detailing the variety of ways in which both public and private forms of poetry have met the needs of different communities at different times *The Cambridge History of American Poetry* recognizes the existence of multiple traditions and a dramatically fluid canon providing current perspectives on both major authors and a number of representative figures whose work embodies the diversity of America's democratic traditions

James Merrill and W.H. Auden P. Gwiazda, 2007-10-01 *James Merrill and W H Auden* offers a substantial analysis of the literary and personal relationship between two major twentieth century poets As Gwiazda argues Auden's prominence in the post World War II American poetry scene as a homosexual poet and critic makes his impact on Merrill particularly noteworthy Merrill's imaginary recreation of Auden in his occult verse trilogy *The Changing Light at Sandover* 1982 offers a powerful statement about the dynamics of poetic influence between gay male poets Combining archival research textual analysis and aspects of queer theory James Merrill and W H Auden examines Sandover's implications to the contentious issues of homosexual identity and self representation **Gale Researcher Guide for: After the Earthquake: Adrienne**

**Rich in Search of Justice** Catherine Barnett, Miriam Marty Clark, *Gale Researcher Guide for After the Earthquake* Adrienne Rich in *Search of Justice* is selected from Gale's academic platform *Gale Researcher* These study guides provide peer reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research *Attention Equals Life* Andrew Epstein, 2016-06-10 *Attention Equals Life* examines why a quest to pay attention to daily life has increasingly become a central feature of both contemporary American poetry and the wider culture of which it is a part **The Underworld in Twentieth-Century Poetry** M. Thurston, 2009-12-21 The hero's

descent into the Underworld is not only one of the oldest stories in western literature it is also one of the most often retold Why do so many modern poets British and American black and white male and female from the metropole and from the margins stage Underworld descents in their works Through a series of contextualized close readings this study traces the cultural work performed by modern deployments of the classical narrative While some poets engage their literary forebears to exorcise anxiety and others use Hell to sharpen their cultural critique most recent poets including James Merrill Derek

Walcott Tony Harrison and Seamus Heaney have found the Underworld descent to be a useful framework for addressing the claims of history and politics

**Gale Researcher Guide for: After the Broken Home: Robert Lowell, Anne Sexton, and James Merrill** Alan Feldman, Peter Schmidt, Gale Researcher Guide for After the Broken Home Robert Lowell Anne Sexton and James Merrill is selected from Gale's academic platform Gale Researcher These study guides provide peer reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research

**The Poetics of the Everyday** Siobhan Phillips, 2010 Wallace Stevens once described the malady of the quotidian lamenting the dull weight of everyday regimen Yet he would later hail that which is always beginning over and over recognizing if not celebrating the possibility of fresh invention Focusing on the poems of Wallace Stevens Robert Frost Elizabeth Bishop and James Merrill Siobhan Phillips positions everyday time as a vital category in modernist aesthetics American literature and poetic theory She eloquently reveals how through particular but related means each of these poets converts the necessity of quotidian experience into an aesthetic and experiential opportunity In Stevens Phillips analyzes the implications of cyclic dualism In Frost she explains the theoretical depth of a habitual middle way In Bishop's work she identifies the attempt to turn recurrent mornings into a ceremony rather than a sentence and in Merrill she shows how cosmic theories rely on daily habits Phillips ultimately demonstrates that a poetics of everyday time contributes not only to a richer understanding of these four writers but also to descriptions of their era estimations of their genre and ongoing reconfigurations of the issues that literature reflects and illuminates

*A to Z of American Women Writers* Carol Kort, 2014-05-14 Presents a biographical dictionary profiling important women authors including birth and death dates accomplishments and bibliography of each author's work

*Selected Poems of James Merrill* James Merrill, 2008-10-28 This volume brings together the best of Merrill and dazzles at every turn This balanced and compact selection will be an ideal introduction to his work for both students and general readers and an instant favorite among his familiars James Merrill himself once called his body of work chronicles of love and loss and in twenty books written over four decades he used the details of his own life comic and haunting exotic and domestic to shape a portrait that in turn mirrored the image of our world and our moment Includes poems from the domestic rupture of *The Broken Home* to the universal connections of *Lost in Translation* from the American storyteller of *The Summer People* to the ecologically motivated satirist of *Self Portrait in a Tyvek™ Windbreaker Log* Then when the flame forked like a sudden path I gasped and stumbled and was less Density pulsing upward gauze of ash Dear light along the way to nothingness What could be made of you but light and this

**The Book of Ephraim** James Merrill, 2018-04-03 For the first time in a stand alone edition the acclaimed poet's classic poem about his communication with Ephraim a guiding spirit in the Other World is here introduced and annotated by poet and Merrill scholar Stephen Yenser The Book of Ephraim which first appeared as the final poem in James Merrill's Pulitzer winning volume *Divine Comedies* 1976 tells the story of how he and his partner David Jackson JM and DJ as they

came to be known embarked on their experiments with the Ouija board and how they conversed after a fashion with great writers and thinkers of the past especially in regard to the state of the increasingly imperiled planet Earth One of the most ambitious long poems in English in the twentieth century originally conceived as complete in itself it was to become the first part of Merrill's epic *The Changing Light at Sandover* 1982 the multiple prize winning volume still in print Merrill's supreme tribute to the web of the world and the convergence of means and meanings everywhere within it is introduced and annotated by one of his literary executors Stephen Yenser in a volume that will gratify veteran readers and entice new ones

**Text, Context and Construction of Identity** Rajesh Kumar, Om Prakash, 2019-04-30 Language is central to our existence and it happens to be the most sophisticated product of the human mind It is inconceivable to think of ourselves our societies our ideas cultures or identities without language It is the primary means of socialization and whatever we know is a result of it It is the primary medium of construction and dissemination of knowledge and structures our thought processes in important ways that constitute our identity In very complex ways it interacts with the social political and economic power structures that remain significant in defining the identities of individuals and societies The essays in this volume create an awareness and understanding about the role of linguistic context in negotiating identity The book explains identity and the complex relations between language and several aspects of our society It explores identity through text and context and will serve to trigger a novel discourse around the centrality of identity in contemporary society [American Political Poetry in the 21st Century](#) M. Dowdy, 2007-04-30 Dowdy uncovers and analyzes the primary rhetorical strategies particularly figures of voice in American political poetry from the Vietnam War era to the present He brings together a unique and diverse collection of poets including an innovative section on hip hop performance [Modern Marriage and the Lyric Sequence](#) Jane Hedley, 2018-06-04 *Modern Marriage and the Lyric Sequence* investigates the ways in which some of our best poets writing in English have used poetic sequences to capture the lived experience of marriage Beginning in 1862 with George Meredith's *Modern Love* Jane Hedley's study utilizes the rubrics of temporality dialogue and triangulation to bring a deeply rooted and vitally interesting poetic genre into focus Its twentieth and twenty first century practitioners have included Edna St Vincent Millay Robert Lowell Rita Dove Eavan Boland Louise Glück Anne Carson Ted Hughes Claudia Emerson Rachel Zucker and Sharon Olds In their poetic sequences the flourishing or failure of a particular marriage is always at stake but as that relationship plays out over time each sequence also speaks to larger questions why we marry what a marriage is what our collective stake is in other people's marriages In the book's final chapter gay marriage presents a fresh testing ground for these questions in light of the US Supreme Court's affirmation of same sex marriage **Matrilineal Dissent** Annie Atura Bushnell, Lori Harrison-Kahan, Ashley Walters, 2024-05-07 Collectively contributors reframe Jewish American literary history through feminist approaches that have revolutionized the field from intersectionality and the MeToo movement to queer theory and disability studies Examining both canonical and lesser known texts this collection asks what happens to

conventional understandings of Jewish American literature when we center women's writing and acknowledge women as dominant players in Jewish cultural production      **The Nature of Creative Development** Jonathan S. Feinstein, 2006-05-18

The Nature of Creative Development presents a new understanding of the basis of creativity Describing patterns of development seen in creative individuals the author shows how creativity grows out of distinctive interests that often form years before one makes his/her main contributions The book is filled with case studies that analyze creative developments across a wide range of fields The individuals examined range from Virginia Woolf and Albert Einstein to Thomas Edison and Ray Kroc The text also considers contemporary creatives interviewed by the author Feinstein provides a useful framework for those engaged in creative work or in managing such individuals This text will help the reader understand the nature of creativity including the difficulties that one may encounter in working creatively and ways to overcome them      **The Cambridge Introduction to American Poetry Since 1945** Andrew Epstein, 2022-12-15 This book is the first comprehensive introduction to the richness and diversity of American poetry from 1945 to the present      **Humor in Modern American Poetry** Rachel Trousdale, 2017-11-16 Modern poetry at least according to the current consensus is difficult and often depressing But as Humor in Modern American Poetry shows modern poetry is full of humorous moments from comic verse published in popular magazines to the absurd juxtapositions of The Cantos The essays in this collection show that humor is as essential to the serious work of William Carlos Williams as it is to the light verse of Phyllis McGinley For the writers in this volume the point of humor is not to provide comic relief a brief counterpoint to the poem's more serious themes humor is central to the poems' projects These poets use humor to claim their own poetic authority to re-define literary tradition to show what audience they are writing for to make political attacks and perhaps most surprisingly to promote sympathy among their readers The essays in this book include single author studies discussions of literary circles and theories of form Taken together they help to begin a new conversation about modernist poetry one that treats its lighthearted moments not as decorative but as substantive Humor defines groups and marks social boundaries but it also leads us to transgress those boundaries it forges ties between the writer and the reader blurs the line between public and private and becomes a spur to self-awareness      **Voicing American Poetry** Lesley Wheeler, 2008 This book is a study of voice in poetry beginning in the 1920s when modernism rose to the surface of poetry and other arts and when radio expanded suddenly in the United States      **The Literary Afterlives of Simone Weil** Cynthia R. Wallace, 2024-04-23

Finalist 2025 Scholarly Writing Award Saskatchewan Book Awards The French philosopher mystic activist Simone Weil 1909-1943 has drawn both passionate admiration and scornful dismissal since her early death and the posthumous publication of her writings She has also provoked an extraordinary range of literary writing focused on not only her ideas but also her person novels nonfiction and especially poetry Given the challenges of Weil's ethic of self-emptying attention what accounts for her appeal especially among women writers This book tells the story of some of Weil's most dedicated and at points

surprising literary conversation partners exploring why writers with varied political and religious commitments have found her thought and life so resonant Cynthia R Wallace considers authors who have devoted decades of attention to Weil such as Adrienne Rich Annie Dillard and Mary Gordon and who have written poetic sequences or book length verse biographies of Weil including Maggie Helwig Stephanie Strickland Kate Daniels Sarah Klassen Anne Carson and Lorri Neilsen Glenn She illuminates how writing to of and in the tradition of Weil has helped these writers grapple with the linked harms and possibilities of religious belief self giving attention and the kind of moral seriousness required by the ethical and political crises of late modernity The first book to trace Weil s influence on Anglophone literature The Literary Afterlives of Simone Weil provides new ways to understand Weil s legacy and why her provocative wisdom continues to challenge and inspire writers and readers
