Radano, 2012-04-30 Modern ecumenism traces its roots back to the 1910 World Missionary Conference in Edinburgh Celebrating a Century of Ecumenism brings readers up to date on one hundred years of global dialogue between many different church traditions including Anglican Lutheran Methodist Roman Catholic Pentecostal Evangelical Orthodox Baptist Disciples of Christ Oriental Orthodox and more Eighteen essays by authors representing a wide spectrum of denominational interests outline the achievements of this movement toward unity The first part of the book focuses on multilateral dialogue that involved a variety of churches attempting to delineate common ground with considerable progress reported The second part describes bilateral discussions between two churches or groups of churches Celebrating a Century of Ecumenism is one small marker along the way to the unity that many Christians desire and the report it provides will encourage those involved in ecumenical discussions Contributors S Wesley Ariarajah Peter C Bouteneff Ralph Del Colle Lorelei F Fuchs Donna Geernaert Jeffrey Gros Helmut Harder William Henn Margaret O Gara John A Radano Cecil M Robeck Jr Ronald G Roberson William G Rusch Mary Tanner Geoffrey Wainwright Jared Wicks Susan K Wood **The Ecumenical Movement** Thomas E. FitzGerald, 2004-04-30 What is Ecumenism How and when did it start What are its goals and how will they affect the future of the Christian churches This book answers these questions and examines the remarkable story of new encounters between Orthodox Roman Catholic Anglican Old Catholic and most Protestant churches Most of these churches have been divided for centuries over issues of theology faith and practice Ecumenism seeks to reconcile these differences and to bring the churches together into a new unity based on their commonalities and their understanding of Christian faith Here FitzGerald traces the history of the churches and their divisions and focuses on the ways in which the Ecumenical movement began and the efforts that have been made to assist the churches in overcoming age old strife animosity and misunderstanding For centuries Christian churches have remained divided over their doctrinal differences but beginning in the late nineteenth century churches and their members slowly began to emerge from their isolation They began to abandon competition mistrust and misunderstanding in an effort to seek out their common interests and faith through meetings and organizations meant to bring them together The encounters between the churches led to proposals for common prayers for unity and for common witness in society While not without difficulty these encounters have fostered a renewal in Christian theology worship and witness affecting all levels of church life The process has touched Christians all over the world in various ways FitzGerald

carefully traces the history of the movement and its impact on the churches themselves as well as the believers who attend them making this important reading for all Christians and anyone interested in learning more about church division and efforts to restore unity

Koinonia and the Quest for an Ecumenical Ecclesiology Lorelei F. Fuchs,2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communionality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought *Koinonia and the Quest for an Ecumenical Ecclesiology* provides a broad thoughtful framework for realizing Christ's prayer that all may be one so that the world may believe

Can a Renewal Movement Be Renewed? Michael Kinnamon,2014-05-18 There is no doubt that ecumenism occupies a prominent place in the history of the church in the twentieth century countless churches have been renewed through encounter with Christian sisters and brothers in other confessions and cultures But it is not clear that this ecumenical impulse will continue to figure prominently in the church's story In this book Michael Kinnamon argues that the ecumenical movement which has given such energy and direction to the church needs to be reconceived in a way that provides renewing power for the church in this era and he shows how this might happen He names the problems with ecumenism identifies strengths and accomplishments upon which the church now can build and suggests practical concrete steps we can take in the direction of revitalization especially at the local level
