Real Love Sharon Salzberg, 2017-06-06. The New York Times bestselling author and a central figure in the field of meditation, Sharon Salzberg uses ancient Buddhist wisdom to redefine love and experience it in a more profound way. You are a person worthy of love. You don't have to do anything to deserve all the love in the world. Real Love is a creative tool kit of mindfulness exercises and meditation techniques that help you to truly engage with your present experience and create deeper love relationships with yourself, your partner, friends, and family, and with life itself. Sharon Salzberg, a leading expert in Lovingkindness meditation, encourages us to strip away layers of negative habits and obstacles, helping us to experience authentic love based on direct experience rather than preconceptions. Across three sections, Sharon explains how to dispel cultural and emotional habits and direct focused care and attention to recapture the essence of what it is to love and be loved. With positive reflections and practices, Sharon teaches us how to shift the responsibilities of the love that we give and receive to rekindle the powerful healing force of true connection. By challenging myths perpetuated by popular culture, we can undo the limited definitions that reduce love to simply romance or passion and give the heart a much needed tune up to connect ourselves to the truest experience of love in our daily lives. *Living Between Worlds* James Hollis, Ph.D., 2020-06-23. What guides us when our world is changing? Discover the path to deeper meaning and purpose through depth psychology and classical thought. How did we get to this crossroads in history? And will we make it through individually and as a species? We all assumed that learning rationality and good intentions would prove enough to bring us to the promised land, says Dr. James Hollis. But they haven't and won't. Yet what we also do not recognize sufficiently is that this human animal is equipped for survival. In time, as we have seen of life's other insolubles, we grow large enough to contain what threatened to destroy us. Dr. Hollis's readers know him as a penetrating thinker who brings profound insight and sophistication to the inner journey. In *Living Between Worlds*, he broadens his lens to encompass the relationship between our inner struggles and the rapidly shifting realities of modern human existence. You will learn to invoke the tools of depth psychology, classical literature, philosophy, dream work, and myth to gain access to the resources that supported our ancestors through their darkest hours. Through these paths of inner exploration, you will access your locus of knowing, an inner wellspring of deep resilience, beyond the ego, always available to guide you back to the imperatives of your soul. Though many of the challenges of our times are unique, the path through for us personally and collectively will always rely on our measureless capacity for creativity, wisdom, and connection to a reality.
