Edison The Electric Chair:

Edison and the Electric Chair Mark Essig, 2005-10-01 Describes how Thomas Edison an avowed opponent of the death penalty became the creator of the electric chair offering a look at the social cultural economic and political factors involved in the invention

Executioner's Current Richard Moran, 2007-12-18 A fascinating and provocative story The Washington Post of high stakes competition between two titans that shows how the electric chair developed through an effort by one nineteenth century electric company to discredit the other In 1882 Thomas Edison ushered in the age of electricity when he illuminated Manhattan s Pearl Street with his direct current DC system Six years later George Westinghouse lit up Buffalo with his less expensive alternating current AC The two men quickly became locked in a fierce rivalry made all the more complicated by a novel new application for their product the electric chair When Edison set out to persuade the state of New York to use Westinghouse s current to execute condemned criminals Westinghouse fought back in court attempting to stop the first electrocution and keep AC from becoming the executioner s current In this meticulously researched account of the ensuing legal battle and the horribly botched first execution Moran raises disturbing questions not only about electrocution but about about our society s tendency to rely on new technologies to answer moral questions

Edison and the Electric Chair Mark Essig, 2003 In 1879 Thomas Edison unveiled a world changing invention electricity an invisible force that produced light powered streetcars and carried telephone conversations A decade later Edison formerly an avowed opponent of the death penalty championed the creation of a completely different sort of device the electric chair Edison promoted the electric chair for reasons that remain controversial to this day Was he genuinely concerned to find a humane alternative to the gallows Was it part of his bitter battle with rival George Westinghouse for commercial dominance Or in fact was he warning the public of real dangers posed by the high voltage wires that looped above America s streets In Edison the Electric Chair Mark Essig delivers a provocative new examination of Edison the man and the inventor He also explores America s fascination with technology and violent death

Crusader Nation David Traxel, 2006 *Blood and Volts* Thom Metzger, Th Metzger, 1996 At the dawn of the twentieth century General Electric using Thomas Edison s direct current and Westinghouse employing Nikola Tesla s groundbreaking alternating current were locked in combat to determine which would dominate the technological fate of the nation Electricity was thought to be a highly ambiguous force both godlike creative power and demonic destroyer of life Th Metzger argues that for scientists of the day as well as the general populace the electric chair was both harbinger and early pinnacle of modernity the high altar of the rising cult of progress In the popular imagination Tesla and Edison were seen as nearly superhuman beings and their struggle was not only for wealth and power but to reshape the face of America In *Blood and Volts* Metzger creates a unique synthesis of scholarship storytelling and cultural critique to present a clear and compelling story of America struggling to define itself through scientific innovation

The Electric Chair Craig Brandon, 2016-03-03 This book provides a history of the electric chair and analyzes its features its

development and the manner of its use Chapters cover the early conceptual stages as a humane alternative to hanging and the rivalry between Edison and Westinghouse that was one of the main forces in the chair's adoption as a mode of execution Also presented are an account of the terrible first execution and a number of the subsequent gruesome employments of the chair The text explores the changing attitudes toward the chair as state after state replaced it with lethal injection

"All-Electric" Narratives Rachele Dini, 2021-10-07 Winner of the 2023 Emily Toth Award for Best Single Work in Women's Studies *All Electric Narratives* is the first in depth study of time saving electrical appliances in American literature It examines the literary depiction of refrigerators vacuum cleaners oven ranges washing machines dryers dishwashers toasters blenders standing and hand held mixers and microwave ovens between 1945 when the all electric home came to be associated with the nation's hard won victory and 2020 as contemporary writers consider the enduring material and spiritual effects of these objects in the 21st century The appropriation and subversion of the rhetoric of domestic electrification and time saving comprises a crucial but overlooked element in 20th century literary forms and genres including Beat literature Black American literature second wave feminist fiction science fiction and postmodernist fiction Through close readings of dozens of literary texts alongside print and television ads from this period Dini shows how U S writers have unearthed the paradoxes inherent to claims of appliances capacity to give back time to their user transport them into a technologically progressive future or return them to some pastoral past In so doing she reveals literary appliances role in raising questions about gender norms and sexuality racial exclusion and erasure class anxieties the ramifications of mechanization the perils and possibilities of conformity the limitations of patriotism and the inevitable fallacy of utopian thinking while both shaping and radically disrupting the literary forms in which they operated

The Power Makers Maury Klein, 2010-09-01 Maury Klein is one of America's most acclaimed historians of business and society In *The Power Makers* he offers an epic narrative of his greatest subject yet the power revolution that transformed American life in the course of the nineteenth century The steam engine the incandescent bulb the electric motor inventions such as these replaced backbreaking toil with machine labor and changed every aspect of daily life in the span of a few generations The cast of characters includes inventors like James Watt Elihu Thomson and Nikola Tesla entrepreneurs like George Westinghouse savvy businessmen like J P Morgan Samuel Insull and Charles Coffin of General Electric Striding among them like a colossus is the figure of Thomas Edison who was creative genius and business visionary at once With consummate skill Klein recreates their discoveries their stunning triumphs and frequent failures and their unceasing bare knuckled battles in the marketplace In Klein's hands their personalities and discoveries leap off the page *The Power Makers* is a dazzling saga of inspired invention dogged persistence and business competition at its most naked and cutthroat a biography of America in its most astonishing decades

Sing Sing Prison Guy Cheli, 2003-07-01 A popular backdrop for numerous movies *Sing Sing* or the Big House has been a site of both controversy and reform The history of *Sing Sing* dates back to 1825 when warden Elam Lynds brought one hundred

inmates to begin construction of the prison up the river on the banks of the Hudson The marble quarry that supplied the building material for the prison was located in an area that was once home to the Sint Sink a Native American tribe whose name means stone upon stone Prison life was dominated by hard labor during the early years Convicts in striped suits and shackles built the prison with their own hands With the arrival of warden Lewis Lawes in 1920 Sing Sing became the most progressive prison of its kind During this time the New York Yankees traveled up to Sing Sing to play the prison s home baseball team the prison grounds were landscaped with shrubbery and flower gardens and the compound grew to include a chapel mess hall barbershop library and gymnasium The electric chair was first introduced at Sing Sing in 1891 Julius and Ethel Rosenberg the first civilians to be found guilty of espionage were put to death there in 1953 Sing Sing Prison contains rare photographs from the prison archives the Ossining Historical Society and a private collection **Physics for AQA.** Ann Fullick, Patrick Fullick, 2001 This resource has separate books for biology chemistry and physics Each book is accompanied by a teacher s resource pack on customizable CD ROM or as a printed pack The series is designed to work in conjunction with the Coordinated Science for AQA series so that coordinated and separate science can be taught alongside each other

Imprisoned by the Past Jeffrey L. Kirchmeier, 2015 In 1987 the United States Supreme Court decided a case that could have ended the death penalty in the United States Imprisoned by the Past Warren McCleskey and the American Death Penalty examines the long history of the American death penalty and its connection to the case of Warren McCleskey revealing how that case marked a turning point for the history of the death penalty In this book Jeffrey L Kirchmeier explores one of the most important Supreme Court cases in history a case that raised important questions about race and punishment and ultimately changed the way we understand the death penalty today McCleskey s case resulted in one of the most important Supreme Court decisions in U S history where the Court confronted evidence of racial discrimination in the administration of capital punishment The case currently marks the last time that the Supreme Court had a realistic chance of completely striking down capital punishment As such the case also marked a turning point in the death penalty debate in the country Going back nearly four centuries this book connects McCleskey s life and crime to the issues that have haunted the American death penalty debate since the first executions by early settlers through the modern twenty first century death penalty Imprisoned by the Past ties together three unique American stories First the book considers the changing American death penalty across centuries where drastic changes have occurred in the last fifty years Second the book discusses the role that race played in that history And third the book tells the story of Warren McCleskey and how his life and legal case brought together the other two narratives *Man with the Killer Smile* Mitchel P. Roth, 2022-11-15 On a cold windy December night in 1926 hell was unleashed on a tenant farm near Farwell the last Texas town before the New Mexico border Prone to the bottle and fits of rage the burly man with the smiling blue eyes was in no mood to quarrel with his third wife over his bootleg whisky and sexual abuse of his stepdaughter He went from room to room in the house killing his wife and

each child with primitive cutting tools and his bare hands By the time he concluded his bloody work he had taken the lives of nine family members ranging in age from 2 to 41 committing what one local reporter called the blackest crime in the history of the West Texas Panhandle Husband father uncle embezzler serial mass murderer philanderer child molester convict and military deserter George Jefferson Hassell was many things to many people most of them bad His pattern of familicide crime had begun in 1917 when he slaughtered his common law wife and her three kids in Whittier California Later in Texas he married his brother's wife and became stepfather to her eight children Using Hassell's confessions and his many interviews with reporters as well as the trial transcripts and reminiscences of those who crossed paths with him in Texas Oklahoma and California Mitchel P Roth presents the first comprehensive account of the life and crimes of one of the least known multiple murderers in Texas let alone American history Roth situates Hassell's saga within the 1920s Texas criminal justice system including the death penalty which Hassell ultimately received from Old Sparky the electric chair at Huntsville

Imagining the American Death Penalty Birte Christ, 2025-04-29 Imagining the American Death Penalty traces the US American cultural imaginary of capital punishment through popular visual representations from the 1890s to the twenty first century The book focuses on three generic and historical clusters of representations early film from the 1890s through *Intolerance* 1916 crime film noir of the 1950s and 1960s and legal TV series from the 1990s through the early 2000s The book makes two central arguments First it demonstrates that an increased concern with the death penalty in popular media does not mean that these texts promote an abolitionist agenda their cultural work is ambiguous at best This ambiguity is always contingent upon both the affordances of the particular genre and medium in question and on political legal discursive context The book explores both in detail Early film is enchanted with its own representational possibilities due to the progress of technology and in analogy with the progress in execution technique specifically the electric chair In film noir genre conventions and the legal back and forth before and after Furman predicate ambiguity In legal TV series the genre's ensemble casts and its focus on conversational exchange invite open debate The second argument is that popular visual representations consistently whitewash the death penalty The book demonstrates that this is the case because the most common narrative around executions in film and TV is to cast the condemned man as a hero who defies the violence of the state gains dignity by accepting his fate and faults and in some ways triumphs over death The American imaginary until very recently did or could not imagine Black men to possess that measure of agency that it attributed to its white heroes

Deadly Justice Frank R. Baumgartner, Marty Davidson, Kaneesha R. Johnson, Arvind Krishnamurthy, 2018 Forty years and 1 400 executions after the US Supreme Court ruled the death penalty constitutional eminent political scientist Frank Baumgartner and a team of younger scholars have collaborated to assess the empirical record and provide a definitive account of how the death penalty has been implemented A Statistical Portrait of the Death Penalty shows that all the flaws that caused the Supreme Court to invalidate the death penalty in 1972 remain and indeed that new problems have arisen Far from perfecting the mechanism of death the

modern system has failed **The Wrong Man** Michael Mello,2001 The author a law professor and critic of capital punishment describes the events associated with his client Crazy Joe Spaziano including how he was wrongly accused convicted and sentenced to death *Oh, Yikes!* Joy Masoff,2006-08-24 Gross is back and viler than ever From the author of *Oh Yuck* the perennial bestseller about science with over 610 000 copies in print comes OH YIKES an illustrated encyclopedia of history s messiest dumbest grossest wackiest and weirdest moments If kids think pus and gas are fun wait until they hear the lowdown on the real Dracula samurai gladiators guillotines and vomitoriums pirates Vikings witch trials and the world s poxiest plagues Impeccably researched deliciously wry and subversively educational check out the toilet paper timeline OH YIKES covers people events institutions and really bad ideas alphabetically from April Fool s Day to zany Zoos Here are the Aztecs sacrificing 250 000 people a year for the gods and for food Fearsome Attila the Hun scourge of the steppes whose spinning eyes terrified his friends and whose mastery of horses terrorized his enemies how does someone so evil die Nosebleed Saur the 11th century dog king of Norway and not too bad as kings go Henry VIII and his marital problems the story of the Abominable Snowman and the Loch Ness Monster why sailors in the old days preferred eating in the dark hint you can t see what s crawling in your food and the answer to the question How did knights in armor go to the bathroom Topped off with hundreds of illustrations and photographs along with hands on activities that bring the past to life OH YIKES puts the juice in history in a way that makes it irresistible **Trog & Clay** Michael Vukadinovich,2014 Synopsis Trog and Clay is a wildly imaginative retelling of the genesis of the electric chair Based on the actual trial transcripts of William Kemmler the first person put to death by electrocution this skewed comedy obscured the line between fact and invention while wryly looking into America s grim history The bumbling duo Trog and Clay unwittingly get caught up in the rivalry between two inventors George Westinghouse and Thomas Edison While one is destined to create the electrical system that will power America the other will be remembered for killing criminals in a way that isn t as painless as is initially claimed Cast Size 4 or 6 Males 2 Females powered by boisterous dialogue and some great moments of physical comedy The Scotsman Edinburgh Festival Review a worthy new play Backstage one of LA s most imaginative young playwrights Stage Scene LA *The Social History of Crime and Punishment in America* Wilbur R. Miller,2012-07-20 Several encyclopedias overview the contemporary system of criminal justice in America but full understanding of current social problems and contemporary strategies to deal with them can come only with clear appreciation of the historical underpinnings of those problems Thus this five volume work surveys the history and philosophy of crime punishment and criminal justice institutions in America from colonial times to the present It covers the whole of the criminal justice system from crimes law enforcement and policing to courts corrections and human services Among other things this encyclopedia explicates philosophical foundations underpinning our system of justice charts changing patterns in criminal activity and subsequent effects on legal responses identifies major periods in the development of our system of criminal justice and explores in the first four volumes

supplemented by a fifth volume containing annotated primary documents evolving debates and conflicts on how best to address issues of crime and punishment Its signed entries in the first four volumes supplemented by a fifth volume containing annotated primary documents provide the historical context for students to better understand contemporary criminological debates and the contemporary shape of the U S system of law and justice The Electrical Safety Program Guide Ray A.
