Ed McGivern's Book of Fast and Fancy Revolver Shooting Ed McGivern, 2007-10-17 Ed McGivern needs no introduction to gun enthusiasts and serious marksmen. For more than 50 years he was revered as one of the top authorities in the field of small firearms. A world champion marksman who made *The Guinness Book of World Records*, he trained scores of law enforcement officers and developed a system of teaching that is as effective today as it was when this book was originally published. It resulted from years of experimentation and research conducted by McGivern who utilized electric timers and other devices to determine the angles and techniques that would produce the fastest most accurate revolver shooting. Packed with handgun lore and original photographs from the first edition, this much sought after classic contains a wealth of facts for marksmen everywhere. *The Publishers Weekly*, 1945-03
