Education And Social Change Latin America

Thomas J. La Belle

Education And Social Change Latin America:

Popular Education and Social Change in Latin America Liam Kane, 2001 This history of popular education looks at one of the most successful social movements to use popular education the Movement of Landless Rural Workers MST in Brazil It highlights the importance of popular education to the new social movements based around identity such as women's and indigenous organizations

Education and Social Change in Latin America Carlos Alberto Torres, 1995 Education and Social Change in Latin America is a valuable addition to the area studies literature in Comparative Education Torres knits contributions from recognized North and South American experts to produce a comprehensive tapestry of analyses of both formal and non formal education in Latin America The book constitutes an excellent example of the application of a broad social science perspective to the study of education viewed as a constituent sub system The foci of non formal education Part I political socialisation Part II and the impact of social change upon education in Brazil Part III facilitates a broad range of comparisons A balance between the often contradictory perspectives economic anthropological sociological and political provides the reader with a comprehensive snapshot of trends and developments in Latin American education during the crucial 1980s This interdisciplinary examination of aspects of Latin American education has a broad range of applications ranging from introductory courses to senior seminars to a valuable research tool What would otherwise be an exceptional book is rendered even more valuable by Torres conversation with Paulo Freire While Torres is recognized as one of the foremost authorities on Freire this chapter explores Freire as a human being an educator and introduces some of the contradictions faced by a world renowned adult educator who assumed the mantle of an administrator in the formal education system in his native Brazil between 1989 and 1991

Education, Policy, and Social Change Daniel A. Morales Gomez, Carlos Alberto Torres, 1992-09-17 The purpose of this contributed volume is to examine the links among research policy and change in education in Latin America in the context of the relationships between the economy politics and the state in the 1980s The case analyses will discuss the challenges these societies face in education in their progression towards the twenty first century In its various sections the book addresses the following questions How did education respond during the 1980s to the major sociopolitical and economic changes that affected these countries How did the changes in the 1980s affect the relationships between education society and the state and what lessons can be learned from the interaction between research and policy that may help in understanding the developmental role of education in the 1990s And is educational research and policy helping to improve the social condition of minorities in Latin America This volume will be of interest to scholars and policymakers in Latin American studies educational research education policy and educational planning
