Education And The Good Life:

Education and the Good Life Bertrand Russell,1926

Education and the Good Life Bertrand Russell,1926

Education and the Good Life Bertrand Russell,1970-03 The British philosopher s 1926 treatise on the values of intellectual and moral education *Education and the Good Life* ,1926 *Education and the Good Society* F.

Inglis,2004-03-31 The many public debates launched by governments on education such as Tony Blair s emphasis on education education education have nonetheless failed to consider the place of the good society in educational endeavour The traditional account of education is that it not only teaches pupils the skills to earn a living but also teaches a concern for the welfare of others a love of the many cultures of learning and a commitment to the best values of society Education and the Good Society seeks to examine these considerations and to restore them to the centre of the educational debate

Education and the Good Life ,1928

Cherishing and the Good Life of Learning Ruth Cigman,2018-08-09 What is

a good human life A life of duty Virtue Happiness This book weaves a path through traditional answers We live well suggests the author not primarily by pursuing goods for ourselves but by cherishing other people and guiding them towards lives of cherishing We cherish objects too the planet my grandfather s watch and practices like music making to which we are personally drawn In this work of populated philosophy copiously illustrated by literary and real life examples a cherishing life is presented as hard and irreducibly individual The idea of cherishing says the author points towards intimate unreasonable layers of the ethical life as well as the deepening of wisdom and connection It also points towards incomparable satisfactions reminding us who we are and who we want to be *Education and the Common Good* John Gingell,2013-11-20 Robin

Barrow has been one of the leading philosophers of education for more than forty years This book is a critical but appreciative examination of his work by some of the leading philosophers of education at work today with responses from Professor Barrow It will focus on his work on curriculum the analytic tradition in philosophy education and schooling and his use of Greek philosophy to enrich current debates in the subject This work will be of interest to all those who have been influenced by his contributions to educational and philosophical debate **Philosophy of Education: Society and**

The Importance of Education in a Good Life Martha

Miller,1944* **Needs of Elementary and Secondary Education for the Seventies** United States. Congress. House.

Committee on Education and Labor. General Subcommittee on Education,1970 The ^ARight to Higher Education

Christopher Martin,2021-12-07 This book argues that all citizens have the right to higher education Education should not be allocated only to some but to all those who choose to take it up Using concepts and ideas from liberal political philosophy Christopher Martin shows that access to educational goods plays a key role in helping mature citizens realize self determined goals Martin examines the implication of this justification of the right to higher education for questions of educational justice political authority distributive justice civic education and personal autonomy **Civic Republicanism and Civic**

Education A. Peterson, 2011-04-12 This book critically explores civic republicanism in light of contemporary republican political theory and the influence of republican models of citizenship in recent developments in civic education across a number of Western nations

Youth Participation and Experiential Education Daniel Conrad, 1982 This book is divided into three sections Each section is comprised of articles from leading experts The experts discuss the present and future impact of experimental education on adolescents The volume addresses critical theoretical issues of experimental education and its impact and value in light of major research studies The authors describe seven exemplary youth participation programs

A History of Western Philosophy of Education in the Middle Ages and Renaissance Kevin H. Gary, 2021-01-28 This volume traces the history of Western philosophy of education from the Medieval through the Renaissance period 500 1550 This vast expanse of time includes the rise of Christian monasticism one of the most enduring and revolutionary models of education in the history of the West the birth of Islam with its advances in mathematical scientific and philosophical reasoning the rise of the university as an emerging force distinct from ecclesiastical and state control and the dawn of the Enlightenment It includes chapters on the educational thought of Benedict Abelard Heloise Aquinas Maimonides the prophet Mohammed Hrosvitha of Gandersheim Hildegard of Bingen among others It also considers the educational impact of Reformation thinkers like Erasmus and Luther and Renaissance thinkers such as Montaigne

About A History of Western Philosophy of Education An essential resource for researchers scholars and students of education this five volume set that traces the development of philosophy of education through Western culture and history Focusing on philosophers who have theorized education and its implementation the series constitutes a fresh dynamic and developing view of educational philosophy It expands our educational possibilities by reinvigorating philosophy's vibrant critical tradition connecting old and new perspectives and identifying the continuity of critique and reconstruction It also includes a timeline showing major historical events including educational initiatives and the publication of noteworthy philosophical works

Hearings, Reports and Prints of the Senate Committee on Labor and Public Welfare United States. Congress. Senate. Committee on Labor and Public Welfare, 1970

Education, Knowledge and Truth David Carr, 2003-09-02 In the 1960s educational philosophers showed enormous interest in the nature of knowledge and the curriculum This work responds to the need to reinstate conceptual problems of truth knowledge and the curriculum on the agenda for debate

Liberalism, Communitarianism and Education Patrick Keeney, 2016-05-06 Communitarian thinkers have identified important deficiencies in liberal thought in particular the limits of the account of justice given in liberal theories This book makes transparent for the reader the implications that the liberal account of justice has for our ways of thinking about education Citing the work of John Rawls as the principal expression of contemporary liberal thought Keeney argues that there are certain intractable tensions between the view of the individual given in rights based theories of justice and a certain valuable conception of education which in the West has traditionally been termed a liberal or general education and concludes that ideals of a liberal education are only

available to a political ethic which is capable of articulating a public conception of virtue and the good

A Christian Education in the Virtues James Arthur, 2021-06-24 A Christian Education in the Virtues examines the connection between human nature and human flourishing It draws on ancient and medieval sources to explore the formation of the person based on a Christian anthropology emphasising the communal nature of the virtuous life and provides a richer approach to the question of contemporary character education The book argues that the only way to understand and construct our character virtues is to have a clear picture of what is the purpose and meaning of human life It highlights the importance of engaging with moral issues and makes the case that for Christian educators human flourishing is inseparable from God's active relationship to human beings The book also explores a teleological approach to character education goals To educate the whole person in the light of an all embracing Christian worldview is challenged by secular and liberal ideology and is often seen as irrational to the modern mind Overall the text seeks to demonstrate that many aspects of a Neo Aristotelian Thomist theoretical underpinning for Christian character education holds out a viable option for Christians It therefore argues the case for the educational potential of Christian character education This important book will be essential reading for academics researchers and students in the fields of character and virtue education religious education and the philosophy of education The Open Access version of this book available at www.taylorfrancis.com/books/oa/mono/10.4324/9781003141877 has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
