at the same time allows the viewer to become immersed in his or her own stories

**Norway's War** Robert Ferguson,2025-03-27 In the early morning of 9 April 1940 a fleet of German battleships entered the Oslofjord Norwegian artillery delayed them long enough for King Haakon VII and his cabinet to escape to England but there was no stopping the Nazi Blitzkrieg Norway stood on the cusp of a traumatic five year occupation whose aftershocks would continue to trouble its national consciousness long after the defeated Germans departed in May 1945 Robert Ferguson tells the extraordinary and relatively little known story of the occupation and its judicial aftermath He focuses in particular on German attempts to use a Norwegian Nazi administration under Vidkun Quisling to impose a National Socialist revolution on the country and on the

many brave and ingenious ways in which the Norwegians resisted Ferguson describes the occupation in all its aspects from Nazi terror to non violent resistance from censorship to sabotage via a series of heterogeneous but interlinked narratives Key players in the occupation and its wider story including the pitiless Reichskommissar Josef Terboven the Norwegian crime writer turned SS strongman Jonas Lie the principled Lutheran bishop Eivind Berggrav and the enigmatic double agent Gunnar Waaler are drawn in memorably vivid colours A riveting account of the Second World War's forgotten occupation Norway's War evokes in moving fashion the moral and physical courage of a people who faced with the brutal tyranny of a totalitarian invader refused to be cowed

**Dying for Ideas** Costica Bradatan, 2015-02-26 What do Socrates Hypatia Giordano Bruno Thomas More and Jan Patocka have in common First they were all faced one day with the most difficult of choices stay faithful to your ideas and die or renounce them and stay alive Second they all chose to die Their spectacular deaths have become not only an integral part of their biographies but are also inseparable from their work A death for ideas is a piece of philosophical work in its own right Socrates may have never written a line but his death is one of the greatest philosophical best sellers of all time Dying for Ideas explores the limit situation in which philosophers find themselves when the only means of persuasion they can use is their own dying bodies and the public spectacle of their death The book tells the story of the philosopher's encounter with death as seen from several angles the tradition of philosophy as an art of living the body as the site of self transcending death as a classical philosophical topic taming death and self fashioning finally the philosophers scapegoating and their live performance of a martyr's death followed by apotheosis and disappearance into myth While rooted in the history of philosophy Dying for Ideas is an exercise in breaking disciplinary boundaries This is a book about Socrates and Heidegger but also about Gandhi's fasting unto death and self immolation about Girard and Passolini and self fashioning and the art of the essay
