Leonard Cohen one of the most admired performers of the last half century has had a stranger than fiction roller coaster ride of a life Now for the first time he tells his story in his own words via more than 50 interviews conducted world wide between 1966 and 2012 In this book which includes a foreword by singer Suzanne Vega and eight pages of rarely seen photos the artist talks about Bird on the Wire Hallelujah and his other classic songs He candidly discusses his famous romances his years in a Zen monastery his ill fated collaboration with producer Phil Spector his long battle with depression and much more You will find interviews that first appeared in the New York Times and Rolling Stone but also conversations that have not previously been printed in English Some of the material here has not been available until now in any format including the many illuminating reminiscences that contributors supplied specifically for this definitive anthology *Murder, in Fact* Lana A. White, 2020-11-09 With the 1965 publication of *In Cold Blood* Truman Capote declared he broke new literary ground But Capote's nonfiction novel belongs to a long Naturalist tradition originating in the work of 19th century French novelist Emile Zola Naturalism offers a particular response to the increasing problem of violence in American life and its sociological implications This book traces the origins of the fact based homicide novel that emerged in the mainstream of American literature with works such as Frank Norris's *McTeague* and flourished in the twentieth century with works such as Theodore Dreiser's *An American Tragedy* and Richard Wright's *Native Son* At their heart is a young man isolated from community who acts out in desperate circumstances against someone who reflects his isolation A tension develops between how society views this killer and the way he is viewed by the novelist The crimes central to these narratives epitomize the vast gap between those who can aspire to the so called American dream and those with no realistic chance of achieving it Leonard Cohen on Leonard Cohen Jeff Burger, 2014-04-01 Leonard Cohen one of the most admired performers of the last half century has had a stranger than fiction roller coaster ride of a life Now for the first time he tells his story in his own words via more than 50 interviews conducted worldwide between 1966 and 2012 In *Leonard Cohen on Leonard Cohen* which includes a foreword by singer Suzanne Vega and eight pages of rarely seen photos the artist talks about Bird on the Wire Hallelujah and his other classic songs He candidly discusses his famous romances his years in a Zen monastery his ill fated collaboration with producer Phil Spector his long battle with depression and much more You'll find interviews that first appeared in the New York Times and Rolling Stone but also material that has not previously been printed in English A few have not been available
