European Media Studies:

European Media Stylianos Papathanassopoulos, Ralph M. Negrine, 2013-05-31 European Media provides a clear concise account of the structures dynamics and realities of the changing face of media in Europe It offers a timely and illuminating appraisal of the issues surrounding the development of new media in Europe and explores debates about the role of the media in the formation of a European public sphere and a European identity The book argues that Europe offers an ideal context for examining interactions between global regional and national media processes and its individual chapters consider the changing structure of the European media the development of new media the Europeanization of the media in the region the challenges for the content and audiences Special emphasis is given to the transformation of political communication in Europe and the alleged emergence of a European public sphere and identity European Media Structures Politics and Identity is an invaluable text for courses on media and international studies as well as courses dealing with European and national policy studies It is also helpful to students researchers and professionals in the media sector since it combines hard facts with theoretical insight

European Media in the Digital Age Richard Rooke, 2013-11-04 This introductory textbook for Media and Communication Studies students is designed to encourage observation and evaluation of the European media in the digital age enabling students to grasp key concepts and gain a broad and clear overview of the area It also introduces the principal debates developments legislative commercial political and technological and issues shaping the European media today and examines in depth the mass media digital media the internet and new media policy Understanding today's media scene from print to audiovisual needs a wider view and this book helps make comprehensible the European media within a broader global media landscape The text is pedagogically rich and explores a variety of approaches to help the reader gain a better understanding of the European media world Students are encouraged to start thinking about statistics relating this to economics analysing regulations and combining media theories with theories of European Union integration The book also includes the use of case studies illustrations summaries critical reflections and directions to wider reading The European Media in the Digital Age is recommended for all Media Studies students and is also of key interest to students of Politics and Policy Business Studies International Studies and European Studies

European Media Studies Kevin Williams, 2005-11-25 Mass media studies in Britain and the USA are dominated by an Anglo American framework This unique book seeks to redress this imbalance by looking at the mass media in a European context and exploring the distinctly European understanding of the role of the mass media in society

Global Communication Thomas L. McPhail, 2011-08-31 Global Communication is the most definitive text on multi national communication and media conglomerates exploring how global media particularly CNN the BBC Euronews and Al Jazeera influence audiences and policy makers alike Includes four completely new chapters on Asian media Euromedia the Middle East and public diplomacy from a post 9 11 perspective Updates the story of arab media with a section on Arab Media and the Al Jazeera Effect by Middle East based expert

Lawrence Pintak Covers the global war on terrorism and the substantial US investment in Iraqi media Provides updated accounts and overviews of the largest and most important media corporations from around the world from MTV and CNN to Bollywood Incorporates discussions of Hulu YouTube Myspace and the Twitter phenomenon as well as new stakeholders in global online media

The International History of Communication Study Peter Simonson, David W. Park, 2015-10-14 The International History of Communication Study maps the growth of media and communication studies around the world Drawing out transnational flows of ideas institutions publications and people it offers the most comprehensive picture to date of the global history of communication research and education This volume reaches into national and regional areas that have not received much attention in the scholarship until now including Asia Latin America Africa and the Middle East alongside Europe and North America It also covers communication study outside of academic settings in international organizations like UNESCO and among commercial and civic groups It moves beyond the traditional canon to cover work by forgotten figures including women scholars in the field and those outside of the United States and Europe and it situates them all within the broader geopolitical institutional and intellectual landscapes that have shaped communication study globally Intended for scholars and graduate students in communication media studies and journalism this volume pushes the history of communication study in new directions by taking an aggressively international and comparative perspective on the historiography of the field Methodologically and conceptually the volume breaks new ground in bringing comparative transnational and global frames to bear and puts under the spotlight what has heretofore only lingered in the penumbra of the history of communication study

Cold War Europe Tobias Nanz, Hedwig Wagner, 2024-06-10

The Handbook of European Communication History Klaus Arnold, Paschal Preston, Susanne Kinnebrock, 2019-09-06 A groundbreaking handbook that takes a cross national approach to the media history of Europe of the past 100 years The Handbook of European Communication History is a definitive and authoritative handbook that fills a gap in the literature to provide a coherent and chronological history of mass media public communication and journalism in Europe from 1900 to the late 20th century With contributions from teams of scholars and members of the European Communication Research and Education Association the Handbook explores media innovations major changes and developments in the media systems that affected public communication as well as societies and culture The contributors also examine the general trends of communication history and review debates related to media development To ensure a transnational approach to the topic the majority of chapters are written not by a single author but by international teams formed around one or more lead authors The Handbook goes beyond national perspectives and provides a basis for more cross national treatments of historical developments in the field of mediated communication Indeed this important Handbook Offers fresh insights on the development of media alongside key differences between countries regions or media systems over the past century Takes a fresh cross national approach to European media history Contains contributions from leading international scholars in this
