Hispanic New York Claudio Iván Remeseira,2010-06-11 Over the past few decades a wave of immigration has turned New York into a microcosm of the Americas and enhanced its role as the crossroads of the English and Spanish speaking worlds Yet far from being an alien group within a mainstream and supposedly pure Anglo America people referred to as Hispanics or Latinos have been part and parcel of New York since the beginning of the city s history They represent what Walt Whitman once celebrated as the Spanish element of our nationality *Hispanic New York* is the first anthology to offer a comprehensive view of this multifaceted heritage Combining familiar materials with other selections that are either out of print or not easily accessible Claudio Iv n Remeseira makes a compelling case for New York as a paradigm of the country s Latinoization His anthology mixes primary sources with scholarly and journalistic essays on history demography racial and ethnic studies music art history literature linguistics and religion and the authors range from historical figures such as Jos Mart Bernardo Vega or Whitman himself to contemporary writers such as Paul Berman Ed Morales Virginia S nchez Korrol Roberto Suro and Ana Celia Zentella This unique volume treats the reader to both the New York and the American experience as reflected and transformed by its Hispanic and Latino components *In Visible Movement* Urayoan Noel,2014-06-01 Since the 1960s Nuyorican poets have explored and performed Puerto Rican identity both on and off the page Emerging within and alongside the civil rights movements of the 1960s the foundational Nuyorican writers sought to counter the ethnic racial and institutional invisibility of New York City Puerto Ricans by documenting the reality of their communities in innovative and sometimes challenging ways Since then Nuyorican poetry has entered the U S Latino literary canon and has gained prominence in light of the spoken word revival of the past two decades a movement spearheaded by the Nuyorican Poetry Slams of the 1990s Today Nuyorican poetry engages with contemporary social issues such as the commodification of the

body the institutionalization of poetry the gentrification of the barrio and the national and global marketing of identity What has not changed is a continued shared investment in a poetics that links the written word and the performing body The first book length study specifically devoted to Nuyorican poetry In Visible Movement is unique in its historical and formal breadth ranging from the foundational poets of the 1960s and 1970s to a variety of contemporary poets emerging in and around the Nuyorican Poets Cafe slam scene of the 1990s and early 2000s It also unearths a largely unknown corpus of poetry performances reading over forty years of Nuyorican poetry at the intersection of the printed and performed word underscoring the poetry s links to vernacular and Afro Puerto Rican performance cultures from the island s oral poets to the New York sounds and rhythms of Latin boogaloo salsa and hip hop With depth and insight Urayo n Noel analyzes various canonical Nuyorican poems by poets such as Pedro Pietri Victor Hernandez Cruz Miguel Algar n Miguel Pi ero Sandra Mar a Esteves and Tato Laviera He discusses historically overlooked poets such as Lorraine Sutton innovative poets typically read outside the Nuyorican tradition such as Frank Lima and Edwin Torres and a younger generation of Nuyorican identified poets including Willie Perdomo Mar a Teresa Mariposa Fern ndez and Emanuel Xavier whose work has received only limited critical consideration The result is a stunning reflection of how New York Puerto Rican poets have addressed the complexity of identity amid diaspora for over forty years

Nuyorican Feminist Performance Patricia Herrera, 2020-05-12 The Nuyorican Poets Caf has for the past forty years provided a space for multicultural artistic expression and a platform for the articulation of Puerto Rican and black cultural politics The Caf s performances poetry music hip hop comedy and drama have been studied in detail but until now little attention has been paid to the voices of its women artists Through archival research and interview Nuyorican Feminist Performance examines the contributions of 1970s and 80s performer as and how they challenged the Caf s gender politics It also looks at recent artists who have built on that foundation with hip hop performances that speak to contemporary audiences The book spotlights the work of foundational artists such as Sandra Mar a Esteves Martita Morales Luz Rodr guez and Amina Mu oz before turning to contemporary artists La Bruja Mariposa Aya de Le n and Nilaja Sun who infuse their poetry and solo pieces with both Nuyorican and hip hop aesthetics *English Literature and the Other Languages*, 2022-06-08

The thirty essays in *English Literature and the Other Languages* trace how the tangentiality of English and other modes of language affects the production of English literature and investigate how questions of linguistic code can be made accessible to literary analysis This collection studies multilingualism from the Reformation onwards when Latin was an alternative to the emerging vernacular of the Anglican nation the eighteenth century confrontation between English and the languages of the colonies the process whereby the standard British English of the colonizer has lost ground to independent englishes American Canadian Indian Caribbean Nigerian or New Zealand English that now consider the original standard British English as the other languages the interaction between English and a range of British language varieties including Welsh Irish and Scots the Lancashire and Dorset dialects as well as working

class idiom Chicano literature translation and self translation Ezra Pound's revitalization of English in the Cantos and the psychogrammar and comic dialogics in Joyce's Ulysses As Norman Blake puts it in his Afterword to English Literature and the Other Languages There has been no volume such as this which tries to take stock of the whole area and to put multilingualism in literature on the map It is a subject which has been neglected for too long and this volume is to be welcomed for its brave attempt to fill this lacuna

The History of

Alta California Antonio Maria Osio, 1996-05-15 Antonio Maria Osio's *La Historia de Alta California* was the first written history of upper California during the era of Mexican rule and this is its first complete English translation. A Mexican Californian government official and the landowner of Angel Island and Point Reyes, Osio writes colorfully of life in old Monterey, Los Angeles, and San Francisco and gives a first-hand account of the political intrigues of the 1830s that led to the appointment of Juan Bautista Alvarado as governor. Osio wrote his *History* in 1851, conveying with immediacy and detail the years of the U.S.-Mexican War of 1846-1848 and the social upheaval that followed. As he witnesses California's territorial transition from Mexico to the United States, he recalls with pride the achievements of Mexican California in earlier decades and writes critically of the onset of U.S. influence and imperialism. Unable to endure life as foreigners in their home of twenty-seven years, Osio and his family left Alta California for Mexico in 1852. Osio's account predates by a quarter century the better-known reminiscences of Mariano Guadalupe Vallejo and Juan Bautista Alvarado and the memoirs of Californios dictated to Hubert Howe Bancroft's staff in the 1870s. Editors Rose Marie Beebe and Robert M. Senkewicz have provided an accurate, complete translation of Osio's original manuscript, and their helpful introduction and notes offer further details of Osio's life and of society in Alta California.
