The European Union's Africa Policies Daniela Sicurelli,2016-12-05 The European Union EU is a key partner

for African regional organizations and a major promoter of economic and political integration in the region. Several studies have interpreted the EU's role in Africa as either a self-interested hegemonic actor or as a value-oriented normative power. In this volume, Daniela Sicurelli challenges these views by taking a closer look at Europe's policies towards Sub-Saharan Africa in the area of peacekeeping, trade and development and environmental protection. Using fresh empirical evidence including interviews with both European and African officials, she argues that the EU is far from becoming a unitary player in Africa. Lacking a clear strategy and coherent normative framework, the EU should be considered a multi-level actor where national and supranational institutions have different interests and push forward contrasting views of what role Europe should play in Africa. The ability of single institutions to frame an issue as requiring either intergovernmental or supranational procedures appears crucial for shaping the content of European Africa policies. An original contribution to the growing literature on the EU as an international actor, this book is extremely useful to scholars, researchers and policy makers demanding critical work in the field of EU-Africa policy.

Navigating the Global Stage: Understanding International Politics Diplomat Adriana Coelho, 2024-07-05. Introduction to international politics encompasses a broad and dynamic field that examines the interactions, relations and power dynamics among nations on the global stage. It explores the complex web of diplomatic negotiations, geopolitical rivalries, economic interdependencies and security challenges that shape the international system. The Politics of Bad Options Stefanie Walter, Ari Ray, Nils Redeker, 2020-11-12 This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read at Oxford Academic and offered as a free PDF download from OUP and selected open access locations Why was the Eurozone crisis so difficult to resolve Why was it resolved in a manner in which some countries bore a much larger share of the pain than other countries Why did no country leave the Eurozone rather than implement unprecedented austerity Who supported and opposed the different policy options in the crisis domestically and how did the distributive struggles among these groups shape crisis politics Building on macro level statistical data original survey data from interest groups and qualitative comparative case studies this book argues and shows that the answers to these questions revolve around distributive struggles about how the costs of the Eurozone crisis should be divided among countries and within countries

among different socioeconomic groups Together with divergent but strongly held ideas about the right way to conduct economic policy and asymmetries in the distribution of power among actors severe distributive concerns of important actors lie at the root of the difficulties of resolving the Eurozone crisis as well as the difficulties to substantially reform EMU The book provides new insights into the politics of the Eurozone crisis by emphasizing three perspectives that have received scant attention in existing research a comparative perspective on the Eurozone crisis by systematically comparing it to previous financial crises an analysis of the whole range of policy options including the ones not chosen and a unified framework that examines crisis politics not just in deficit debtor but also in surplus creditor countries
