Europe's Foreign And Security Policy The Institutionalization Of Cooperation:

Europe's Foreign and Security Policy Michael Eugene Smith, 2004 The emergence of a common security and foreign policy has been one of the most contentious issues accompanying the integration of the European Union In this book Michael Smith examines the specific ways foreign policy cooperation has been institutionalized in the EU the way institutional development affects cooperative outcomes in foreign policy and how those outcomes lead to new institutional reforms Smith explains the evolution and performance of the institutional procedures of the EU using a unique analytical framework supported by extensive empirical evidence drawn from interviews case studies official documents and secondary sources His perceptive and well informed analysis covers the entire history of EU foreign policy cooperation from its origins in the late 1960s up to the start of the 2003 constitutional convention Demonstrating the importance and extent of EU foreign security policy the book will be of interest to scholars researchers and policy makers Publisher description

Europe's Foreign and Security Policy Michael E. Smith, 2003-11-13 Emergence of a common security and foreign policy has been one of the most contentious issues accompanying the integration of the European Union With extensive empirical evidence drawn from interviews case studies official documents and secondary sources Michael Smith examines the specific ways foreign policy cooperation has been institutionalized in the EU This analysis will appeal to scholars and researchers in international relations law foreign policy and European studies

Managing a Multilevel Foreign Policy Paolo Foradori, Paolo Rosa, Riccardo Scartezzini, 2007-01-01 Managing a Multilevel Foreign Policy is a helpful resource for enhancing current understanding of the European Union as an emerging actor in the global system It introduces and examines the latest developments in the fields of EU foreign security and defense policies providing a complete overview of the ways in which the EU has grown as a global actor with a significant impact on international affairs

European Foreign and Security Policy Catherine Gegout, 2010-05-08 The European Union's EU Common Foreign and Security Policy CFSP stipulates that all member states must unanimously ratify policy proposals through their representatives on the EU Council Intergovernmentalism or the need for equal agreement from all member nations is used by many political scientists and policy analysts to study how the EU achieves its CFSP However in European Foreign and Security Policy Catherine Gegout modifies this theory arguing instead for analyses based on what she terms constrained intergovernmentalism Gegout's theory of constrained intergovernmentalism allows for member states in particular France Germany and the United Kingdom to bargain with one another and to make rational decisions but also takes into account the constraints imposed by the United States the European Commission and the precedents set by past decisions Three in depth case studies of CFSP decision making support her argument as she examines the EU position on China's human rights record EU sanctions against Serbia and EU relations with NATO

The EU's Common Foreign and Security Policy in Germany and the UK Nicholas Wright, 2018-10-11 This book examines the impact on member states of long term foreign policy co operation through the EU

s Common Foreign and Security Policy CFSP Focusing on Germany and the UK it provides an up to date account of how they have navigated and responded to the demands co operation places on all member states and how their national foreign policies and policy making processes have changed and adapted as a consequence As well as exploring in depth the foreign policy traditions and institutions in both states the book also offers detailed analyses of how they addressed two major policy questions the Iranian nuclear crisis and the establishment and development of the European External Action Service The book s synthesis of country and case studies seeks to add to our understanding of the nature of inter state co operation in the area of foreign and security policy and what it means for the states involved *Germany and the Common Foreign and Security Policy of the European Union* A. Miskimmon,2007-09-20 This study assesses the influence of German policy makers on EU policy and the impact of EU membership on foreign policy making at the national level The book concludes that limitations remain on the Europeanization of German foreign and security policy and Germany s ability to play a leading role in military crisis management *The EU's Common Foreign and Security Policy* Helene Sjursen,2013-09-13 This book reorients the study of European foreign and security policy towards the question of democracy Blending insights from international relations and democratic theory it aims to enhance our understanding of the issues at stake The main structures the institutional setting and the procedures that govern decision making in this domain are examined In this way the book supplements studies with a more traditional focus on the substance of foreign policy What are the democratic challenges in this distinct field of policy making The Common Foreign and Security Policy CFSP of the European Union EU is usually assumed to be intergovernmental Contributors to this book examine the extent to which a move beyond intergovernmentalism has taken place how this manifests itself and what may be the democratic implications While the EU s international outlook testifies to a quest for democracy the institutions and procedures that govern decision making are found wanting This book was originally published as a special issue of Journal of European Public Policy Europe's Foreign and Security Policy Michael E. Smith,2004 The emergence of a common security and foreign policy has been one of the most contentious issues accompanying the integration of the European Union In this book Michael Smith examines the specific ways foreign policy cooperation has been institutionalized in the EU the way institutional development affects cooperative outcomes in foreign policy and how those outcomes lead to new institutional reforms Smith explains the evolution and performance of the institutional procedures of the EU using a unique analytical framework supported by extensive empirical evidence drawn from interviews case studies official documents and secondary sources His perceptive and well informed analysis covers the entire history of EU foreign policy cooperation from its origins in the late 1960s up to the start of the 2003 constitutional convention Demonstrating the importance and extent of EU foreign security policy the book will be of interest to scholars researchers and policy makers *EU foreign and security policy in Bosnia* Ana Juncos,2015-11-01 This book represents the first ever comprehensive study of the EU s foreign and security policy in Bosnia Drawing on a wealth of

fresh empirical material it demonstrates that institutions are a key variable in explaining levels of common foreign security policy CFSP coherence and effectiveness over time In doing so it also sheds new light on the role that intergovernmental bureaucratic and local political contestation have played in the formulation and implementation of a European foreign policy The study concludes that the EU's involvement in Bosnia has not only had a significant impact on this Balkan country in its path from stabilisation to integration but has also transformed the EU its foreign and security policy and shaped the development of the EU's international identity along the way The book will be of great interest to researchers and students of EU politics International Relations and Bosnian politics

The Formulation of EU Foreign Policy Nicola

Chelotti,2016-01-22 EU foreign and defence policy is largely formulated in the working parties and committees of the Council of the EU and the vast majority of decisions in this field are made by the national diplomats working in the around 35 groups of the CFSP CSDP Although the importance of these committees and their participants has been increasingly recognised we still know relatively little about them Using an original database of 138 questionnaires and 37 interviews this book addresses this lack of knowledge studying what these committees do and how they negotiate and resolve issues It explores three key areas the formulation of the national position the identity of CFSP CSDP policy makers negotiation practices and outputs In doing so it provides an innovative observation point from which EU foreign policy can be analysed This book will be of key interest to scholars and students of EU foreign and defence policy external relations of the EU European integration and politics diplomacy and more broadly international relations

Old Europe, New Europe and the Transatlantic Security

Agenda Kerry Longhurst, Marcin Zaborowski,2013-09-13 The post September 11th security policies of Poland the UK France the US and Germany presented in this new book illustrate how and why the Atlantic community ruptured over Iraq a result in part it is argued of the existence of particular national strategic cultures Whilst the longer term effects of Iraq for the transatlantic security agenda have yet to fully transpire what is certain is that the EU's ambitions to become a credible security actor have been seriously questioned as has the notion of multilateralism as an international norm as has the function of international law The book addresses these issues by considering the evolution of the EU's role in the world and the development of American perspectives on the transatlantic security agenda This volume was previously published as a special issue of the journal European Security

The European Union and International Sanctions Kevin

Urbanski,2020-08-28 This enlightening new book unpacks the ascendancy of the European Union as a distinct actor in the field of international sanctions Offering an innovative model of actorness Kevin Urbanski establishes a coherent bridge between debates on actorness and mainstream theories of international institutions and European integration

Conflict Management and the Future of EU Foreign and Security Policy Riccardo Alcaro, Pol Bargaúes,2025-01-23

This book analyses how the European Union EU has dealt with crises and conflicts including Russia's invasion of Ukraine Iran's nuclear dispute and Syria's civil war to understand the peculiar nature of its role in international security Rather than focusing on the

institutional set up of the EU's foreign and security policy the authors look at the outer world concentrating on crises and conflicts impinging on Europe's security They argue that the EU and its member states policies are constrained by systemic factors such as acute geopolitical rivalries and the fragmentation of regional governance systems as well as by multi source internal contestation of policies across member states Hence building on pragmatist informed analysis they show that the EU's actorness in international security is first and foremost constituted by interactions with its domestic and systemic context and as such it should be understood as a relational power This volume will be of great use to scholars and students of International Relations European Studies Security Conflict and Peace Studies and Diplomacy Studies seeking to deepen their understanding of the subject

Strategy-Making in the EU Pol Morillas, 2018-09-15 This book provides a detailed analysis of the policy making processes of EU strategies in foreign and security policy and external action It uses the European Security Strategy and the EU Global Strategy to assess their policy making dynamics both before and after the Lisbon Treaty Inter institutional relations in strategy making are put into the context of current debates in European integration questioning the assumption that the EU is a body increasingly ruled by intergovernmentalism as reflected by the new intergovernmentalism literature The book also provides a categorisation of EU strategies and considers them as policy inspiration documents acting as frameworks for policy making This reading of strategies lies behind the analysis of the policy making processes of the ESS and the EUGS unpacked into four phases agenda setting policy formulation policy output and implementation By looking at the shifting policy making dynamics from foreign and security policy to external action the author sheds light on the current shape of EU integration

International Relations and the European Union Christopher Hill, Michael Smith, Sophie Vanhoonacker, 2017 The most comprehensive introduction to the EU's role in the international system written by a team of international experts and incorporating the study of the EU's world role into the wider field of international relations this book is the key text for anyone wishing to understand the EU's external relations

Policing Bosnia and Herzegovina 2003-05 Susan E. Penksa, 2006 The European Union Police Mission EUPM in Bosnia and Herzegovina BiH represents a watershed development for the EU and its emerging European Security and Defence Policy ESDP Never before has the EU organised and managed this type of stabilisation programme In some ways the launching of EUPM defined a new stage in the evolution of the EU itself and certainly of the ESDP An examination of the implementation of the EUPM in 2003 2006 and the current planning for an EU mission in Kosovo suggests that a process of institutional change and learning has occurred among EU and national officials At the same time it is apparent that significant improvements are still necessary in the coordination between and within EU pillars as they relate to ESDP operations To that end this study focuses on five important areas of challenges revealed by EU field operations in BiH mission mandates personnel expertise recruitment and training program design implementation and assessment reporting and decision making procedures and structures and the functions of EU representatives in the field EU Special Representatives Commission Head of Missions and Member States

Lastly it also suggests means to materially improve EU crisis response paying special attention to lessons learned during the first EUPM and from EU efforts to address organised crime in BiH Transatlantic Relations in Times of Uncertainty Marianne Riddervold, Akasemi Newsome, 2020-06-29 Ties between the United States US and the European Union EU rival those between any other pair of international actors After all no other regions of the world are as closely connected in economics security and politics as Europe and the US This comprehensive volume makes conceptual progress and empirical contributions in accounting for how EU US relations have been impacted by a context of multiple EU crises alongside a parallel change in US policies The authors find strong evidence to suggest that the transatlantic relationship is weakening This is partly a consequence of the EU s internal policies as it becomes more unified and autonomous of the US in some areas while fragmenting in others Most importantly it is a consequence of the two actors increasingly diverging perspectives and positions on international issues institutions norms and indeed the value of the transatlantic relationship Although the long term effects remain to be seen it is likely that the cracks in the foundation of transatlantic relations will continue into the present and foreseeable future This book was originally published as a special issue of the Journal of European Integration

The SAGE Handbook of European Foreign Policy Knud Erik Jorgensen, Aasne Kalland Aarstad, Edith Drieskens, Katie Laatikainen, Ben Tonra, 2015-04-30 During the last two decades the study of European foreign policy has experienced remarkable growth presumably reflecting a more significant international role of the European Union The Union has significantly expanded its policy portfolio and though empty symbolic politics still exists the Union s international relations have become more substantial and its foreign policy more focused European foreign policy has become a dynamic policy area being adapted to changing challenges and environments such as the Arab Spring new emerging economies powers the crisis of multilateralism and much more The SAGE Handbook of European Foreign Policy Two Volume set is a major reference work for Foreign Policy Programmes around the world The Handbook is designed to be accessible to graduate and postgraduate students in a wide variety of disciplines across the humanities and social sciences Both volumes are structured to address areas of critical concern to scholars at the cutting edge of all major dimensions of foreign policy The volumes are composed of original chapters written specifically to the following themes Research traditions and historical experience Theoretical perspectives EU actors State actors Societal actors The politics of European foreign policy Bilateral relations Relations with multilateral institutions Individual policies Transnational challenges The Handbook will be an essential reference for both advanced students and scholars **National and European Foreign Policies** Reuben

Wong, Christopher Hill, 2012-04-27 National and European Foreign Policy explores the processes of interaction between the national and the European levels in foreign policy making in European Union states The volume also assesses the mutual influence which the Member States exert on each other independent of the EU institutions thus tracing the extent to which Member State foreign policies are being Europeanized into more convergent coordinated policies With chapters examining

France Germany Italy UK Denmark Greece Spain Finland Poland and Slovenia the overarching questions the volume addresses centre on the nature of the relationship between the foreign policies of the Member States and European foreign policy Engaging with Europeanization with theoretical rigour the contributors to this volume examine the EU s impact on the foreign policies of Member States old and new the impact of the Member States on the EU s external relations and the influence of the Member States on each other s foreign policies Providing interesting detail on changes in foreign policy thinking and national policies using the concept of Europeanization National and European Foreign Policy will be of interest to students and scholars of European politics and policy formation foreign policy and International Relations

Europe-Asia Relations Richard Balme,Brian Bridges,2008-05-15 Europe and Asia are two major centres for the development of multi polar and multi lateral relations This volume explores the substance and manner in which the member countries of the EU and their Asian counterparts interact at bilateral multi lateral and inter regional levels
