[The Lost Life of Eva Braun](#) Angela Lambert, 2014-09-02

Eva Braun is one of history's most famous nonentities. She has been dismissed as a racist, feathered-headed shop girl, yet sixty-two years after her death, her name is still instantly recognizable. She left her convent school at the age of seventeen and met Hitler a few months later. She became his mistress before she was twenty. How did unsophisticated little Fraulein Braun, twenty-three years his junior, hold the most powerful man in Europe in an exclusive sexual relationship that lasted from 1932 until their joint suicide? Were they really lovers, and what were the background influences and psychological tensions of the middle-class Catholic girl from Munich who shared his intimate life? How can her ordinariness and apparent decency be reconciled with an unshakeable loyalty to the monster she loved? She left almost no personal material or documents, but her private diary and photograph albums show that her life with Hitler far from being a luxurious sinecure caused her emotional torture. His chauffeur called her the unhappiest woman in Germany. The Führer humiliated her in public while the top Nazis' wives, living in his privileged enclave on a Bavarian mountainside, despised her. Yet Albert Speer said, "She has been much maligned. She was very shy, modest, a man's woman, gay, gentle, and kind, incredibly undemanding, a restful sort of girl. And her love for Hitler, as she proved in the end, was beyond question. Eva loved the Führer not for his power, nor because thanks to him she lived in luxury. His material gifts were nothing compared with the one thing she really wanted: his child. She remained invisible and unknown, a nonperson. They were never seen in public together, and she never saw him alone except in the bedroom, yet their long relationship was a sort of marriage." Angela Lambert reveals a woman the world never knew until the last twenty-four hours of her life. In the small hours of April 29, 1945, as Allied troops raced to capture Berlin and the bunker below the Reich Chancellery where the defeated Nazi leaders were hiding, Eva Braun finally achieved her life's ambition by becoming Hitler's wife. Next day they both swallowed cyanide and died instantly. She was young, healthy, and thirty-three years old. Based on detailed new research, this is an authoritative biography, only the second life of Eva written in English.

Adolf Hitler and Eva Braun Kenneth Alford, 2018-01-04

Of the many aspects

of Adolf Hitler's life one that has never been really fully documented is his romantic connection with Eva Braun as well as women who came before her in Hitler's shadowy love life. Despite the thousands of books written about the mad genius, none has thoroughly explored and reliably documented his connection to Eva Braun, including their notorious suicides in the Führerbunker during the last days of the war in Germany. This book explores this and his other relationships in detail, including the shocking suicide of his half-niece Geli Raubal, whom Hitler doted upon, and his subsequent devastation, all thoroughly verified by thousands of pages of research from earlier sources and interviews. Only two women have emerged from most historical accounts: Hitler's niece Geli Raubal, his half-sister's daughter, and of course Eva Braun. There were considerably more. It is Geli's and Eva's violent deaths, though, that captured the world's imagination in a gruesome way. Many readers and moviegoers, TV viewers, are somewhat familiar with the last days in the bunker with Hitler and his intimate circle far below ground while Soviet artillery shells were reducing Berlin to rubble, but that said, many particulars have gone unreported. Adolf and Eva mean to fill the gaps in this macabre yet exciting tale of the last hours of The Third Reich. It covers in detail the suicides of Goebbels and his wife after they had horrifically poisoned their children, the emotions and panicky infighting of those trapped underground, the attempted breakout of a handful of Nazi leaders, the last-minute marriage between Hitler and Eva, as well as the carefully documented details of their suicides and disposal of the bodies. One key validating element, for example, is a narrative of the events in the bunker provided to his Soviet captors by Otto Günsche, a high-ranking Nazi that Hitler gave permission in writing to attempt a breakout. Three others that included Martin Bormann, who went with him, were killed by the Soviets, while Günsche somehow miraculously survived capture and the war and lived until 2003. Everything he told the Russians was later fully acknowledged, and the story is fascinating, including Günsche's up-close and personal account of Adolf's and Eva's last hours. Like a cheap parody of a Wagnerian opera finale, the two newlyweds were dispatched to Valhalla, and that was the end of The Third Reich. What happened up to that point and afterwards makes for spellbinding reading.
