**Evaluating the church growth movement** Elmer L. Towns, 2006

Remarriage after Divorce in Today's Church Zondervan, 2009-12-15 Despite a strong belief in the institution and sacredness of marriage studies show that Christian spouses experience divorce at least as much as the secular population But whatever the reasons for a divorce beyond the divorce itself many Christians want to know does the Bible support remarriage The fact is that no consensus exists among evangelicals on their views of remarriage leaving many Christians confused This Counterpoints volume explores the biblical and practical cases for the three main evangelical views on remarriage after divorce Remarriage is not acceptable after divorce defended by Gordon J Wenham Remarriage is acceptable only after adultery or desertion defended by William A Heth Remarriage is acceptable for a variety of reasons defended by Craig S Keener Each of the three contributors offers his point of view succinctly and with biblical support and each interacts with the others to help readers come to their own conclusions The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion

**Essays on the History of Contemporary Praise and Worship** Lester Ruth, 2020-03-09 Seeking to push the historical study of the liturgical phenomenon known as Contemporary Worship or Praise and Worship to a new level this collection of essays offers an introduction to the phenomenon documents critical aspects of its development and suggests methods for future historical study This multi authored work investigates topics in both the Pentecostal and

mainline branches of this way of worship looking at subjects little explored by prior work The provocative issues explored include Integrity Hosanna Music James White charismatic renewal John Wimber the development of second services Black Gospel overlooked non white sources of worship music degree programs for worship leaders and Robert Webber

Intercultural Theology, Volume Two Henning Wrogemann,2018-01-09 In this second volume of his three volume Intercultural Theology Henning Wrogemann turns to theologies of mission Tracing developments across a range of Christian traditions movements themes and regions of the globe Wrogemann provides an overview of the theological underpinnings rationalizations and visions for mission and its practice The Theology of Dallas Willard Gary Black Jr.,2013-08-06 Evangelical Christianity in the United States is currently in a dramatic state of change Yet amidst this sometimes tumultuous religious environment a rather unique blend of both ancient and contemporary Christian theology has found its way into the hearts and minds of emerging generations of Christians The Theology of Dallas Willard both describes and conveys the essence of this increasingly popular and perhaps mediating view of the gospel of Jesus Christ Blending both a prophetic critique with pastoral encouragement Willard s unique understanding of the reality present within a life lived as a disciple of Jesus in the kingdom of God is attracting both new and traditional Christians to reconsider their faith Three Views on Eastern Orthodoxy and Evangelicalism Bradley Nassif,James J. Stamoolis,2004 A fascinating look at both Eastern Orthodoxy and evangelicalism to uncover similarities and differences in the two traditions **Solving the Immigrant Church Crisis** Ronald M. Rothenberg,2016-08 Solving the Immigrant Church Crisis The Biblical Solution of Parallel Ministry Acts 6 1 7 addresses the crisis of the immigrant church in which complex cultural and linguistic factors create a reticence on the part of immigrants to transfer financial and decision making authority to succeeding generations and this results in a culturally irrelevant ministry to those generations an exodus of believers from the church a spiritually immature remnant and an inability to reach the lost The thesis of this book is that parallel ministry based on Acts 6 1 7 is the biblical solution to the crisis in the immigrant church While there are at least two main aspects of this crisis a spiritual relational and an ecclesiastical aspect this book focuses on the ecclesiastical aspect of defining the biblical structure of church government Specifically this book is for immigrant churches primarily in the United States and offers them a biblical and practical solution to the problem plaguing them for over two centuries of how to minister effectively to the succeeding generations

**Two Views on Women in Ministry** Zondervan,2010-02-23 The role of women in positions of worship and church leadership is one of the most divisive and inconclusive biblical debates Two Views on Women in Ministry furnishes you with a clear and thorough presentation of the two primary exegetical arguments so you can better understand each one s strengths weaknesses and complexities Egalitarian equal ministry opportunity for both genders represented by Linda L Belleville and Craig S Keener Complementarian men and women fill distinctive ministry roles represented by Craig L Blomberg and Thomas R Schreiner This revised edition brings the exchange of ideas and perspectives into the traditional Counterpoints

format Each author states his or her case and is then critiqued by the other contributors The fair minded interactive Counterpoints forum allows you to compare and contrast the two different positions and form your own opinion concerning the practical and often deeply personal subject of women in ministry The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion

**Technology, Management and the Evangelical Church** John Weaver, 2020-04-16 This book explores the technological innovations and management practices of evangelical Christian religions Beginning from the late 19th century the author examines the evangelical church's increasing appropriation of business practices from the secular world as solutions to organizational problems He notes especially the importance of the church growth movement and the formation of church networks Particular attention is paid to the history of evangelical uses of computer technology including connections the Christian Right has made within Silicon Valley Most significantly this book offers one of the first academic explorations of the use of cybernetics systems theory and complexity theory by evangelical leaders and management theorists

**Three Views on the Millennium and Beyond** Zondervan, 2010-08-10 Is there biblical evidence for a thousand year earthly kingdom the Millennium ruled by Christ before the fulfillment of the new heaven and new earth Revelation chapter 20 seems to suggest so but few books of the Bible are so difficult to interpret And a discussion of the Millennium branches out into many other theological questions about the end times eschatology Are these the last days What must happen before Jesus returns What part does the church play This Counterpoints volume compares three views of the Millennium Premillennial Christ will come again before this kingdom is established Postmillennial our present age represents that kingdom and that the church is and must move toward the fulfillment of this kingdom Amillennial a future Millennium is not a literal kingdom and when Christ returns he will usher in an immediate new heaven and new earth Robert B Strimple Kenneth L Gentry Jr and Craig A Blasing offer their perspectives giving their exegetical reasoning Each of them then responds to the views held by their peers in a respectful and informative setting making it easy for you to compare their beliefs and gain a better understanding of how this aspect of Christianity's great hope the return of Jesus is understood by the church The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion

*Biblical Missions* Thomas Nelson, 2025-02-25 Biblical Missions Principles Priorities and Practices brings together experienced and biblically focused missions voices to equip evangelical students worldwide for a faithful gospel witness today This comprehensive textbook produced by The Master's Academy International TMAI a non profit organization and part of the John MacArthur family of ministries is designed to equip pastors and church leaders around the world in biblical missiology and practice The book

combines 100 voices from 60 nations of origin or service to not only address the principles of biblical missions theory but also offer recommendations for faithful field applications both within historically missions sending countries as well as in Majority World countries that are reaching their surrounding regions with the gospel. Local churches around the world as well as like minded Christian colleges seminaries and missions organizations are invited to follow these proven pathways to fulfill the Great Commission faithfully.

*Repairing the Missional Breach* Kevin Blackwell, 2024-04-02 Making disciples is the primary calling of the church however in the past decades of American evangelicalism there has been a breach of Christ's Great Commission as found in Matt 28:19-20. Much of this failure can be attributed to the doctrine and practice within three modern church movements. The book offers a history and critique of modern American evangelical church movements including the Church Growth, Emergent Church, and Missional Church movements. Each of these movements did not result in disciple making multiplication. In this book you will find an analysis of disciple making in these movements as compared to the methods and model of Jesus. Informed by these critiques, formative ministry adjustments are presented as a faithful path for future missional approaches.

*The Missional Church in Context* Craig Van Gelder, 2007-10-26 The missional church conversation continues to make a vital contribution to thinking about congregations and their contexts, addressing the essential question: What does it really mean to be church? This book offers substantial clarifying insights into that ongoing dialogue.

Contributors: Mark Lau Branson, James Tzu-Kao Chai, Mary Sue Dehmlow, Dreier Terri, Martinson Elton, Scott Frederickson, Joon Ho Lee, Gary M. Simpson, Craig Van Gelder.

*American Sanctuary* Louis P. Nelson, 2006-03-14 This volume examines a diverse set of spaces and buildings seen through the lens of popular practice and belief to shed light on the complexities of sacred space in America. Contributors explore how dedication sermons document shifting understandings of the meetinghouse in early 19th century Connecticut, the changes in evangelical church architecture during the same century, and what that tells us about evangelical religious life, the impact of contemporary issues on Catholic church architecture, the impact of globalization on the construction of traditional sacred spaces, the urban practice of Jewish space, nature worship, and Central Park in New York, the mezuzah and domestic sacred space, and finally the spiritual aspects of African American yard art.

*The Logic of Evangelism* Michael J. Gehring, Andrew D. Kinsey, Vaughn W. Baker, 2019-02-14 The publication of William J. Abraham's *The Logic of Evangelism* in 1989 marked a turning point in the field and practice of evangelism. Almost thirty years later, the book still provokes discussion as it stimulates both theorists and practitioners to comprehend evangelism as initiation into God's reign. Combining theological insight and historical analysis, Abraham's groundbreaking work remains the primary text to set the stage for how evangelism may be conceived. In these timely essays written by both theologians and church leaders, *The Logic of Evangelism Revisited* takes a critical and yet appreciative look into the ways Abraham's work still speaks to the church in today's world. The authors, coming from a wide array of backgrounds, show how *The Logic of Evangelism* remains a key text into the twenty-first century.

Social Movements Dianne Dentice, 2021-02-03 Social movements continue to provide rich fodder for social researchers in the twenty first century This reader gives range and depth to ongoing debates about what constitutes a social movement what motivates actors to participate in social movements and how social movements continue to evolve in post industrial societies such as the United States Not all social movements are about positive social change and some movements have been and will be destructive The nine essays contained in this text represent classical movements such as the Oneida utopian movement of nineteenth century America and contemporary emerging movements such as the church growth movement The authors examine movements that are attempting to revitalize American health care and religious practice along with movements that are counter to social justice such as the white supremacist movement Was Jonestown a cult or social movement How does a charismatic leader such as John Humphrey Noyes sell the notion of selective breeding to Oneida communarians What is motivating people to participate in the contemporary communal movement in the United States Such questions are fundamental to our understanding of the emergence and sustainability of social movements This reader provides authoritative answers to these questions and many more as well as providing a basis for further thought and discussion among students of social movements While this volume does not attempt to present a unified theory of social movements the authors apply different theoretical approaches to their explanation of the movements they write about Authors represent various disciplines such as anthropology education and sociology and specialty areas such as criminal justice immigration and religion This multidisciplinary approach adds to the
