Evaluating Urban and Regional Plans Mark Seasons, 2021-03-01 Effective practitioners in any field understand that lessons from the past underlie successes in the future Which practices have worked before and which haven't? What went wrong and what does that teach us? Too often however urban and regional planners simply don't know whether or how well planning policies were carried out *Evaluating Urban and Regional Plans* blends theory and practice to delineate the questions that planners need to ask as they shape the future of Canadian communities Mark Seasons offers a wealth of pragmatic guidance on comprehensive plan evaluation processes and methods Monitoring the outputs and outcomes generated by a plan and gauging their impact ensures that the planning function remains relevant and that resources are used effectively efficiently and equitably As both a primer on plan evaluation practice and an original contribution to theory *Evaluating Urban and Regional Plans* is an invaluable resource not only for the Canadian planning community but for planners everywhere *An Evaluation of Policy-related Research in the Field of Municipal Recreation and Parks* Peter John Verhoven, 1975 **An Evaluation of Policy-related Research in the Field of Municipal Recreation and Parks: Study critiques** Peter J.
