

Evaluation Of Agricultural Extension

A. K. Singh

Evaluation Of Agricultural Extension:

Review of Evaluation in Agricultural Extension Jessica Dart, Richard John Petheram, Warren Straw, 1998 **Evaluation of Agricultural Extension** Jagvir Singh Yadav, 1992 *Extension in the Andes* Edward B. Rice, 1971 *An Evaluation of the First 11 Years of the National Agricultural Extension Center for Advanced Study* University of Wisconsin. National Agricultural Extension Center for Advanced Study, 1966 *Monitoring and Evaluation for World Bank Agricultural Research and Extension Projects* Riikka Rajalahti, 2005 **Agricultural Extension** Madhur Gautam, 2000-01-01

The Training and Visit T V system of management was introduced in Kenya by the World Bank in 1982 as a pilot which became effective in 1991. The two Bank Extension Projects that supported the T V system sought to increase agricultural productivity and develop the institutions of the extension service. Whether the extension approach is effective or not became a subject for debate. The costs appear to be high and the impact on agricultural production low. This volume evaluates the impact of the system based on a credible body of empirical evidence. It identifies the system's deficiencies and makes recommendations for improvement.

Extension Evaluation Studies North Carolina State College. Agricultural Extension Service, 1957

Evaluation of Agricultural Extension Work John David Squire, A. H. Hughes, Massey University Agricultural Extension Research Fellowship, 1973 Guide for monitoring and evaluation of the public agricultural extension and advisory service system Yang, P., Ou, Y., 2023-03-24

This guide is aimed to propose a holistic systemic and easy to use methodology that is multiscale, multisectoral and multidimensional for the M E of public EAS systems to help identify gaps and pathways to strengthen and reform the public EAS system. It starts with analyses of the common objectives, subject challenges, lessons learned and prospects of the existing M E systems and expounds on the logical framework, rationale and objectives of the proposed M E methodology from a multistakeholder perspective. Then it proposes M E frameworks at the national and grassroots levels following such order as the introduction, key M E elements, indicator framework and operational framework. Next it looks at the issues of data sources, data collection and capacity building focusing on the institutionalization of the M E system in the public EAS. Finally it introduces the commonly used tools and methods of data analysis focusing on the weighting of indicators, scoring methods and integrated analytical frameworks.

Evaluating Agricultural Extension Training Valerie Anne Denise Brown, 1985 *Monitoring and Evaluation in Extension Agencies* Josette Murphy, T. J. Marchant, 1988

The paper provides guidelines for managers and technical staff in extension agencies who plan, organize, implement and utilize monitoring activities and when necessary, subsequent evaluations. It defines the information needs of extension managers, discusses administrative and logistic requirements and reviews techniques for data collection, analysis, presentation and dissemination which experience has shown to be realistic and timely for extension agencies. The Training and Visit approach to agricultural extension services facilitates the organization and utilization of a monitoring system because of its detailed work programs, intensive training and supervision of field agents and systematic feedback from the farmers to

management The paper focuses on extension agencies using the T V approach but is of general application for any extension method **Review of Context Evaluation for Agricultural Extension Activities** Luz Elena Betancur de Argel,1979

Extension Evaluation University of Minnesota. Agricultural Extension Service,1984 **An Evaluation of the Farm and Home Development Approach to Agricultural Extension Work in North Carolina** C. Paul Marsh,1962
