Historical Dictionary of the World Bank Sarah Tenney, Anne C. Salda, 2013-10-30 When it was founded back in 1944 no one could possibly have foreseen how the World Bank, known more formally as the International Bank for Reconstruction and Development (IBRD), would flourish. Today with 188 members it is by far the largest lender for projects in agriculture, health, infrastructure and many other fields in developing countries around the world with a budget of billions of dollars and a staff of more than 9,000 and its advice is usually heeded by both the developing countries which borrow from it and the advanced ones which contribute. This second edition of the *Historical Dictionary of the World Bank* shows the substantial progress the Bank has made, this mainly through the dictionary section with concise entries on its component institutions, related organizations, its achievements in various fields, some of the major projects and member countries and its various presidents. The introduction explains how the Bank works while the chronology traces the major events over nearly 70 years. Meanwhile the list of acronyms reminds us just who the main players are. And the bibliography directs readers to useful internal documentation and outside studies.

An Impact Evaluation of India's Second and Third Andhra Pradesh Irrigation Projects Howard White, 2008 The Independent Evaluation Group (IEG) of the World Bank has undertaken impact evaluations of the Bank's support to irrigation in Andhra Pradesh, India, under AP Irrigation II and III and of the U.K. Department for International Development supported Rural Livelihoods Project (RLP). This is one of a series of IEG impact evaluations; see appendix H. IEG's program of impact evaluation is in part carried out under a Department for International Development (DFID) partnership agreement, hence the focus on RLP. However, survey villages are also covered by the Bank supported DPIP project so that the findings are also relevant to this project.
