**Intelligence for Modern Talent Management** Seremeti, Lambrini, Liargovas, Panagiotis, Papademetriou, Christos, Anastasiados, Lazaros, Anastasiadou, Sofia, 2025-06-13. In an era where talent drives organizational success, effectively managing the workforce has become increasingly complex and vital. The shift toward data-driven strategies empowers business to better understand employee needs, predict workforce trends, and optimize human resource practices. Business intelligence (BI) enables organizations to make informed strategic decisions that align talent management with broader business goals. By leveraging BI, companies can enhance recruitment, engagement, and retention in ways that traditional methods cannot. This integration not only strengthens organizational resilience but also fosters a more adaptive and competitive business environment. *Harnessing Business Intelligence for Modern Talent Management* delves into the ways BI is reshaping the talent management sector, from revolutionizing hiring practices to boosting employee engagement and retention. It explores not only the technology but also the shifts in mindset required to adopt a data-driven culture within human resources. Covering topics such as data-driven workplaces, talent equity, and workforce development, this book is an excellent resource for professionals, researchers, educators, students, academicians, managers, business leaders, and more.

*Business Management And Organizational Behaviour* Karam Pal, 2011-07-13. Business Management and Organizational Behaviour is divided into two parts. The first part contains the fundamentals of business management, including management process and the second part deals with organizational behaviour.
