**Evangelical Awakenings in the South Seas** James Edwin Orr, 1976      **Evangelical Awakenings in Latin America** James Edwin Orr, 1978      **Evangelicals and the End of Christendom** Hugh Chilton, 2019-12-09 Exploring the response of evangelicals to the collapse of Greater Christian Britain in Australia in the long 1960s this book provides a new religious perspective to the end of empire and a fresh national perspective to the end of Christendom In the turbulent 1960s two foundations of the Western world rapidly and unexpectedly collapsed Christendom marked by the dominance of discursive Christianity in public culture and Greater Britain the powerful sentimental and strategic union of Britain and its settler societies disappeared from the collective mental map with startling speed To illuminate these contemporaneous global shifts this book takes as a case study the response of Australian evangelical Christian leaders to the cultural and religious crises encountered between 1959 and 1979 Far from being a narrow national study this book places its case studies in the context of the latest North American and European scholarship on secularisation imperialism and evangelicalism Drawing on a wide range of archival sources it examines critical figures such as Billy Graham Fred Nile and Hans Mol as well as issues of empire counter cultural movements and racial and national identity This study will be of particular interest to any scholar of Evangelicalism in the twentieth century It will also be a useful resource for academics looking into the wider impacts of the decline of Christianity and the British Empire in Western civilisation      **Revival Fires and Awakenings, Thirty-Six Visitations of the Holy Spirit** Mathew Backholer, 2018-01-31 Updated in 2020 Revival Fires and Awakenings features thirty six of the most powerful revivals and awakenings from world history as well as little known visitations of the Holy Spirit These revivals span eighteen countries on six continents and whilst each move of God is different the author reveals the common characteristics and reoccurring experiences which come to the fore during times of God's showers of blessing Throughout the book there is a watermark and undercurrent of the influences of the British Awakening 1739 1791 and the Welsh Revival 1904 1905 and how Christians were stirred and encouraged by past visitations of the Holy Spirit or encouraged and inspired by the lives of revivalists to see the blessing of revival in their own town or nation Read about the glorious workings of God during times of heavenly visitations Revived Christians saved sinners transformed communities and nations healings physical phenomena conviction of sin miracles signs and wonders deliverance from demons prayer and intercession Including visions and prophecies of revival for the United Kingdom and beyond Learn from the past be challenged for today and be inspired for the future      **From Woolloomooloo to 'Eternity': A History of Australian Baptists** Ken R. Manley, 2006-06-01 This pioneering study describes the quest of Baptists in the different colonies later states to develop their identity as Australians and Baptists The first comprehensive history of Baptists in Australia with a national focus the Baptist story is traced from their beginnings in 1831 with the first baptisms in Woolloomooloo Bay Sydney in 1832 down to modern times Changes and continuities achievements and failures are carefully analyzed and related to the

wider social political and cultural context The first volume covers the period from 1831 until the outbreak of the First World War in 1914 and shows how a strong sense of becoming an Australian Church shaped much of their development from the various types of British Baptists who began the movement in the new nation What it meant to be an Australian Baptist is described using denominational newspapers church records and personal memoirs *Living in the Family of Jesus* William Longgar, 2016 With its myriad people groups Melanesia has much to teach the rest of the world about what happens when Christ encounters local culture This collection begins with a look at specific case studies of the Gospel's encounter with local culture in Melanesia itself before turning to broader themes particularly raised by the Melanesian context Case studies from Asia and the wider Pacific then throw further light on the incarnational process of encounter demonstrating that there is much for the rest of the world to learn from the Melanesian experience The book concludes with some penetrating analyses of the dynamics at work when the Gospel encounters human cultures for the first time The process of critical contextualization of the Gospel is never complete and is inevitably the product of conversation and experimentation As such it is a communal process This set of essays models one such conversation while at the same time enabling the rest of the church to listen in on important insights **The Church Triumphant at the End of the Age** Nate Krupp, 2017-08-08 The Church Triumphant at the End of the Age offers a victorious glimpse of His Bride in these Last Days It is GOD working among His people as characterized by revival restoration unity world evangelization and persecution The purpose of this book is to prepare all believers to rise up touch their world with the Good News of **American Christians and Islam** Thomas S. Kidd, 2018-06-05 In the wake of the September 11 terrorist attacks many of America's Christian evangelicals have denounced Islam as a demonic and inherently violent religion provoking frustration among other Christian conservatives who wish to present a more appealing message to the world's Muslims Yet as Thomas Kidd reveals in this sobering book the conflicted views expressed by today's evangelicals have deep roots in American history Tracing Islam's role in the popular imagination of American Christians from the colonial period to today Kidd demonstrates that Protestant evangelicals have viewed Islam as a global threat while also actively seeking to convert Muslims to the Christian faith since the nation's founding He shows how accounts of Mahometan despotism and lurid stories of European enslavement by Barbary pirates fueled early evangelicals' fears concerning Islam and describes the growing conservatism of American missions to Muslim lands up through the post World War II era Kidd exposes American Christians' anxieties about an internal Islamic threat from groups like the Nation of Islam in the 1960s and America's immigrant Muslim population today and he demonstrates why Islam has become central to evangelical end times narratives Pointing to many evangelicals' unwillingness to acknowledge Islam's theological commonalities with Christianity and their continued portrayal of Islam as an evil and false religion Kidd explains why Christians themselves are ironically to blame for the failure of evangelism in the Muslim world American Christians and Islam is essential reading for anyone seeking to understand the causes of the mounting tensions between

Christians and Muslims today      **Biblical Counsel** ,1993      A Concise History of the Christian World Mission Herbert J. Kane,1978-08-01 This volume comprises an excellent introductory survey of Christian missions from A D 30 to the twentieth century      **Global Revival** Robert J. Nyhuis,2025-02-20 In 1902 one of history s most statistically significant revivals was led by three American evangelists R A Torrey Charles Alexander and W E Geil It quickly spread internationally after beginning in Melbourne Australia where a staggering 8 642 conversions were recorded in just four weeks This largely untold story chronicles the beginning of the twentieth century s great awakening better known for its later impact in Wales and at Azusa Street Los Angeles By comparison with the later ministry of Billy Graham Global Revival identifies key elements that remain central to all revivals today It also includes rare letters from D L Moody and Charles Spurgeon details of the unique Spots method of evangelism insights into a decade long weekly prayer meeting the origin of the various versions of Alexander s famous revival hymn book and full transcripts of selected sermons This unique case study of revival s triumphs and pitfalls makes an important contribution to the study of evangelistic mission and will energize and equip groups and individuals alike Global Revival also provides helpful study questions to stimulate discussion in small groups or classes keen to see fresh expressions of revival today      Victorian Religious Revivals David Bebbington,2012-05-31 Revivals are outbursts of religious enthusiasm in which there are numerous conversions In this book the phenomenon of revival is set in its broad historical and historiographical context David Bebbington provides detailed case studies of awakenings that took place between 1841 and 1880 in Britain North America and Australia showing that the distinctive features of particular revivals were the result less of national differences than of denominational variations These revivals occurred in many places across the globe but revealed the shared characteristics of evangelical Protestantism Bebbington explores the preconditions of revival giving attention to the cultural setting of each episode as well as the form of piety displayed by the participants No single cause can be assigned to the awakenings but one of the chief factors behind them was occupational structure and striking instances of death were often a precipitant Ideas were far more involved in these events than historians have normally supposed so that the case studies demonstrate some of the main patterns in religious thought at a popular level during the Victorian period Laymen and women played a disproportionate part in their promotion and converts were usually drawn in large numbers from the young There was a trend over time away from traditional spontaneity towards more organised methods sometimes entailing interdenominational co operation      *Revival Igniters* Elmer Towns,2022-01-18 Elmer L Towns is one of the most God gifted storytellers of our time He begins *Revival Igniters* with the riveting testimony of his born again experience As only he can tell in vivid detail the reader is there with him in a half built church with a few others gathered on the floor behind the pulpit And again in a garage apartment filled      **Globalizing Asian Religions** Wendy Smith,Hirochika Nakamaki,Louella Matsunaga,Tamasin Ramsay,2025-10-01 This book brings together the insights of theories of management and marketing to give an original view of the organizational dynamics of globalizing Asian New Religious Movements NRMs and established

religions Seventeen authors in this collection have recast their data on individual Asian religions and social movements to focus on the way these organizations are managed in an overseas or global context by examining the structure organizational culture management style leadership principles and marketing strategies of the religious movements they had hitherto studied from the perspective of the sociology of religion or religious studies The book examines strategies for global proselytization and outcomes in a variety of local ethnographic contexts thus contributing to the scholarly work on the glocalization of religions
