Evangelism In Perspective:

Biblical Perspectives on Evangelism Prof. Walter Brueggemann, 2011-07-01 In this timely and provocative work Walter Brueggemann applies his experience and skills in the area of biblical interpretation to the theme of evangelism. He argues for the importance of considering afresh how the Bible itself thinks and speaks about evangelism, how it enacts the dramatic claims of the good news. Brueggemann here describes evangelism as a drama in three scenes concerning 1 God's victory over the forces of chaos and death, 2 the announcement of that victory, and 3 its appropriation by those who hear the announcement. This same dramatic sequence as he shows is many times re-enacted in the Bible; the times and circumstances of the re-enactment may differ, but the essential message as well as the structure of its presentation remains the same.

Transformation after Lausanne Al Tizon, 2008-07-23 Lausanne 74 inspired evangelicals around the world to take seriously the full implications of the Gospel for mission. This was especially true of a worldwide network of radical evangelical mission theologians and practitioners whose post-Lausanne reflections found harbour in the notion of Mission as Transformation. This missiology integrated evangelism and social concern like no other, and it lifted up theological voices coming from the Two-thirds World to places of prominence. This book documents the definitive gatherings, theological tensions, and social forces within and without evangelicalism that led up to Mission as Transformation. And it does so through a global-local grid that points the way toward greater holistic mission in the twenty-first century.

Evangelism in Perspective Robert Emerson Coleman, 1978 **The Study of Evangelism** Paul W. Chilcote, Lacey C. Warner, 2008-02-13 Christians and communities of faith today are rediscovering evangelism as an essential aspect of the church's mission. Many of the resulting books in the marketplace, however, have a hands-on orientation, often lacking serious theological engagement and reflection. Bucking that trend, *The Study of Evangelism* offers thirty groundbreaking essays that plumb the depths of the biblical and theological heritage of the church with reference to evangelistic practice. Helpfully organized into six categories, these broad, diverse writings lay a solid scholarly foundation for meaningful dialogue about the church's practice of evangelism.

Models of Evangelism Priscilla Pope-Levison, 2020-10-27 Many sincere Christians dismiss evangelism due to enduring evangelistic caricatures. This book helps readers move beyond those caricatures to consider thoughtfully and practically how they can engage in evangelism, whether it's through one-on-one conversations, social media, social justice, or the liturgy of worship services. At once biblical, theological, historical, and practical, this book by a seasoned scholar offers an engaging, well-researched, and well-organized presentation and analysis of eight models of evangelism. Covering a breadth of approaches from personal evangelism to media evangelism and everything in between, Priscilla Pope-Levison encourages readers to take a deeper look at evangelism and discover a model that captures their attention. Each chapter introduces and assesses a model biblically, theologically, historically, and practically, allowing for easy comparison across the board. The book also includes end-of-chapter study questions to further help readers interact with each model.

5 Wayne Whitaker, 2015-10-14 Evangelism is

a word that strikes fear in the hearts of even the most faithful Christians Though believers realize their responsibility to connect others to Christ many feel intimidated by the task A plethora of programs and processes have been developed to aid believers in evangelism however these can often feel impersonal inauthentic or awkward In frustration many believers have given up hope of ever feeling adequate to share their faith with others What if evangelism was not meant to be a process What if it was never intended to be boiled down to step by step programs or processes What if introducing others to Jesus is actually as easy as sharing life with others and having a few intentional conversations Through this book readers will learn an approach to evangelism that leverages relationality while minimizing much of the anxiety that accompanies sharing ones faith Rather than a new approach this simple straight forward perspective is a return to the evangelism modeled by the first believers There are no flowcharts presentations or acronyms All that is required is a reliance on the Holy Spirit Gods Word and a desire to cultivate and build intentional relationships for the sake of the gospel The ultimate goal is to see every believer equipped encouraged and empowered to do his part to fulfill the Great Commission of Christ
