Evansville At The Bend In The River An Illustrated History:

Evansville at the Bend in the River Kenneth P. McCutchan, William E. Bartelt, Thomas R. Lonnberg, 2004 In this informative yet entertaining history of Evansville authors Kenneth P. McCutchan, William E. Bartelt, and Thomas R. Lonnberg tell the story of how a small cluster of log cabins on the big horseshoe bend in the Ohio River grew to become a thriving city of nearly 125,000 inhabitants and the commercial and cultural hub of the Tri State area. This fast-paced narrative, laced with fascinating anecdotes and personality profiles of the hardy American pioneers and determined European immigrants who carved a community out of the wilderness, is lavishly illustrated with dramatic historical images drawn from a wide range of sources. For centuries only the Shawnee, Potawatomi, Miami, and Delaware Indians roamed the area by the river until in 1812 Hugh McGary purchased 400 acres of that land from the U.S. government. With the aid of his influential friend Colonel Robert M. Evans, for whom the town was named, a new community was founded. Over the years, Evansville has expanded into a modern city. It has enjoyed solid economic growth but also faced challenges as its citizens deserted downtown in pursuit of life in the suburbs.

Evansville in World War II James Lachlan MacLeod, 2015-11-02 During World War II, the city of Evansville manufactured vast amounts of armaments that were vital to the Allied victory. The Evansville Ordnance Plant made 96 percent of all .45 caliber ammunition used in the war, while the Republic Aviation Plant produced more than 6,500 P-47 Thunderbolts, almost half of all P-47s built during the war. At its peak, the local shipyard employed upward of eighteen thousand men and women who forged 167 of the iconic Landing Ship, Tanks (LSTs). In this captivating and fast-paced account, University of Evansville historian James Lachlan MacLeod reveals the enormous influence these wartime industries had on the social, economic, and cultural life of the city.

Lost Evansville Dr. James Lachlan MacLeod, 2023-10-09 From the Wabash and Erie Canal to the Faultless Caster Factory, Evansville has seen much of its history disappear. In the early twentieth century, vestiges of old Evansville, like the Bnai Israel temple and Coal Mine Hill, gave way to a modern city. Numerous changes in the thirty years following World War II altered the physical appearance of the city, including the removal of the old Central High School, Assumption Cathedral, Gear Town, and more. Less physical but nevertheless vital history, like the struggle over Civil Rights in Evansville, has been overlooked and until now, lost. Weaving together a captivating, fast-paced account illustrated with over eighty images, award-winning Evansville historian Dr. James MacLeod tells the fascinating story of what was lost, what came in its place, and what was preserved against the odds.

The Cartoons of Evansville's Karl Kae Knecht: Half a Century of Artistic Activism James Lachlan MacLeod, 2017-02-27 Karl Kae Knecht's name is synonymous with the city of Evansville. As editorial cartoonist for the Evansville Courier, he amused readers and spurred them to a higher social good. He mocked the Axis powers and kept local morale high during World War II and commented daily on issues from the Great Depression to the Space Race. He also worked tirelessly as a civic booster. Knecht helped establish Evansville College and was almost single-handedly responsible for the establishment of Mesker Park Zoo. In
