Beautiful intelligent and wealthy Ivana Lowell seemed to have it all Part of the Guinness dynasty her family were glamorous and well connected Her charismatic but spoilt grandmother Maureen had made an excellent marriage with the Lord of Dufferin and Avon and was a leader of the fashionable set in her youth Her mother the writer Caroline Blackwood socialised with the most glitteringly bohemian and high profile figures of New York and London Caroline had intense love affairs and was married to the painter Lucian Freud and the talented composer Israel Citkowitz before finally settling down with the poet Robert Lowell However being born into the Guinness inheritance was not the blessing that it appeared to be Ivana s life of glamour and high living has been marked by tragedy and loss Like her brilliant but troubled mother she has been plagued by an addiction to alcohol which took root when she was still a self conscious schoolgirl Having survived a childhood accident which left her physically scarred and the instability of a frenetic home life she is also faced with the discovery of a secret which threatens to undermine her entire past This frank and witty memoir is both vibrant and sad It is laced with anecdotes and familiar names from the 1940s to the present but it is ultimately an account of the relationship between mother and daughter the story of two women whose deep affection for each other withstands everything that life has to throw at them

during the Cold War combines local history cultural history memoir and a strong sense of the apocalyptic Once a rundown part of Chelsea at the wrong end of the King s Road the World s End has long been a place for bohemian writers and artists including Turner Whistler Beckett Bacon and Bacon s muse Henrietta Moraes all of whom evinced an appropriate apocalyptic sensibility After World War II in which the area suffered severe bombing it became a center of the counterculture that emerged from what Jeff Nuttall called Bomb Culture formed by the threat of nuclear annihilation The famous boutique Granny Takes a Trip opened there in 1966 joined later on by Hung On You Puss Weber s Flying Dragon Tea Room and the commune Gandalf s Garden The area also featured trepanning aristocrats and pet lions among other eccentricities In the 1970s the World s End was the center of punk rock Gere s parents arrived as part of a wave of gentrification and Gere born and brought up there witnessed its social and cultural evolution As an adolescent he was traumatized by the prospect of nuclear war He has lived long enough to see the World s End now bearing the marks of out of control neoliberalism and its grotesque accompanying inequality But this too shall pass as worlds end **Light, Freedom and Song** David
