██████████ NOW AT THE
BEGINNING of its third year,
Emerson College remains a place
where the student who doesn't
know what he or she wants to do
can begin by sitting in on all the
lectures. ██████████

At first he may simply be a listener
and a reader, but as the teachers
begin to form seminars as supple-
ments to their weekly lectures, and
as the individual studies program
begins, he may want to become a
more active member of the College.

If the work of one teacher has par-
ticular meaning to the student,
they can meet for tutorial hours so
that the student can work on the
edge of his own interest. ██████████

If other students share his interest,
or if he wants to know more about
the fields in which other students
are working, the individual studies
meeting can become an informal
seminar. ██████████

For information on the work-study
plan for students without money,
on scholarships for the term be-
ginning May 2, and on the special
summer term for students from
other colleges, write for the bulletin.
