The Art of Being Constance Rhodes, 2010-06-16 There's an art to being anxious for nothing There's an art to being at peace with God your neighbor your world and yourself Oh what a great friend follower and citizen you are if you are at peace just being you Start there and you can go anywhere from the foreword by Charlie Peacock It's Not What You Do It's Who You Are In today's achievement oriented culture it can feel impossible to separate who we are from what we accomplish We introduce ourselves by announcing what we do for a living Endless to do lists drive us away from self discovery and true contentment We hope that our successes will cause our busyness to feel worthwhile yet despite our accomplishments we long for something more Featuring original essays and stories from a diverse list of contributors including Jonathan Foreman Switchfoot Sara Groves Matthew Odmark Jars of Clay Gloria Gaither Don and Lori Chaffer Waterdeep Tammy Trent and Linford Detweiler Over the Rhine The Art of Being explores what it really means to be who we are Here you will find an encouraging challenging companion on your journey toward discovering your true identity and toward finding a satisfaction that lasts Life Is Not a Resum Higher bank balances stylish clothes and popularity among our peers may look impressive on the surface but these things don't satisfy our craving for contentment True satisfaction is found when our spirit is fed with a sense of purpose The stories and reflections in The Art of Being will inspire you to resist the disappointing pursuit of the temporal and explore a deeper understanding of who you are as the unique artwork of your Creator **The Christianity**

Reader Mary Gerhart, Fabian Udoh, 2007-09 Christianity is the world's most populous religion with some two billion adherents As a world religion Christianity has flourished because it is capable of taking on new forms in new contexts To understand both the religion's history and its present state Mary Gerhart and Fabian Udoh gather original texts from early Christian writings to contemporary documents on church related issues in The Christianity Reader The most comprehensive anthology of Christian texts ever in English this is a landmark sourcebook for the study of Christianity's historical diversity With newly edited annotated and translated primary texts along with supplemental analytical essays the volume allows Christianity at long last to speak in its many voices Focusing on Christianity as a religion Gerhart and Udoh select texts that illuminate issues such as theology mysticism and ritual while also articulating the stories of previously marginalized groups as well as those in new and growing epicenters of the religion With nearly three hundred selections the texts encompass the entire history of Christian writings excluding the New Testament from Justin Martyr and Tertullian to Fabien Eboussi Boulaga and Teresa of Calcutta Eight thematic sections cover biblical traditions and interpretations early influences nascent forms patterns of worship structures of community philosophy theology and mysticism twentieth century issues and challenges and the contemporary relationship between Christianity and other world religions The Reader's contents are arranged chronologically and are supported with introductions and source notes that explain the rationale for their inclusion and their context Providing a far richer selection than ever before available in a single volume The Christianity Reader will be
