They stem from moments when we were young and didn't know how to navigate the world around us. It is often a mismatch in what we needed as a child and what we got from our parents and caregivers: your inner child that stays with you well into your adulthood. These imprints silently influence your choices and perceptions. And if left unaddressed, they can hinder your growth and well-being. Here is just a fraction of what you will discover inside. Identify the causes of your trauma. Set boundaries. Heal your emotional self. Heal your inner child. Improve your self-love and self-esteem. The help of this guide: you don't have to wonder if you'll ever get over the bad experiences of the past. Every single exercise, reflection, or action you take as you read. This book will help create positive shifts in your life that will have beneficial ripple effects, echoing constructively on every level of your world. **Hope for the Journey** William Cook, Diane McDermott, Michael A. Rapoff, C. R.
