James Emery White

Every Earthly Blessing Rediscovering The Celtic Tradition:

Every Earthly Blessing Esther de Waal, 1999-06 This concise and clear introduction to Celtic spirituality provides an overview of all aspects of Celtic understandings By providing readers not only with a narrative but with the poetry and songs of the ancient Celts she explores Celtic views of pilgrimage solitude creation and healing De Waal also looks at their understanding of core Christian concepts such as sin sorrow salvation and the cross Written accessibly this book is excellent for parish study as well as individual reading Every Earthly Blessing Esther de Waal, 1999-07-01 A clear eyed exploration of Celtic spirituality that enriches the Christian experience Every Earthly Blessing delves into the rich earthy Celtic heritage and traditions to bring lyricism and charm to Christian worship It presents the reader with scholarly research and context along with beautiful Celtic poetry and songs The topics Esther de Waal explores include monasticism pilgrimages creation and healing sin and sorrow and salvation in the previously mystical and romanticized backdrop of Celtic Christianity Esther de Waal writes with perceptive insight about the beauty and richness of the Celtic Christian world especially its poetic tradition but without romanticizing it Every Earthly Blessing remains one of the best books in its field Cintra Pemberton O S H author of Soulfaring Celtic Pilgrimages Then and Now The Living Church ,1999 **Celtic Christian Spirituality** ,2011 The Celtic Christians beheld the world around them and perceived the divine life of God as upholding every aspect of the material universe Their prayers and poems their liturgies and theological interpretations give Christians a sense of faith that is confident in a merciful and infinitely creative healing God **Thomas Merton and the Celts** Monica R. Weis, 2016-09-19 Thomas Merton and the Celts offers a new lens through which to view Merton s life and spirituality By examining unpublished letters notebooks and taped conferences for the Trappist novices previously unavailable to the general reader the author breaks new ground in Merton studies revealing Merton's growing fascination with his Welsh ancestry Celtic monasticism and early Irish hermit poetry Merton having immersed himself in reading about Celtic Christianity not just about liturgy but about household rituals illuminated manuscripts high crosses and hermit poetry as well recognized in these ancient hermits who lived on water and herbs experienced kinship with creatures and wrote poems about the birds a mirror of his own desires Indeed in a profound way and at a deep level Merton discovered himself in Celtic The Complete Idiot's Guide to Celtic Wisdom Carl McColman, 2003 Provides an introduction to the Christianity different syles of Celtic spirituality covering such topics as the three paths mythology the role of ancestors and incorporating the Celtic life into today s lifestyles The Celtic Way of Evangelism, Tenth Anniversary Edition Dr. George G. Hunter III,2011-11-01 Celtic Christianity the form of Christian faith that flourished among the people of Ireland during the Middle Ages has gained a great deal of attention lately George G Hunter III points out that while the attention paid to the Celtic Christians is well deserved much of it fails to recognize the true genius of this ancient form of Christianity What many contemporary Christians do not realize is that Celtic Christianity was one of the most successfully evangelistic branches of

the church in history The Celtic church converted Ireland from paganism to Christianity in a remarkably short period and then proceeded to send missionaries throughout Europe North America is today in the same situation as the environment in which the early Celtic preachers found their mission fields unfamiliar with the Christian message yet spiritually seeking and open to a vibrant new faith If we are to spread the gospel in this culture of secular seekers we would do well to learn from the Celts Their ability to work with the beliefs of those they evangelized to adapt worship and church life to the indigenous patterns they encountered remains unparalleled in Christian history If we are to succeed in reaching the West again then we must begin by learning from these powerful witnesses to the saving love of Jesus Christ This classic book on the power of indigenous evangelism has been thoroughly revised and updated proving once again how much these ancient Christians have to teach anyone who seeks to spread the word of the gospel **Thin Places** Tracy Balzer, 2013-07-29 Thin Places introduces contemporary Christians to the great spiritual legacy of the early Celts a legacy that has remained undiscovered or inaccessible for many evangelical Christians It provides ways for us to learn from this ancient faith expression applying fresh and lively spiritual disciplines to our own modern context Journeys with Celtic Christians Leader Guide Rodney Newman, 2015-09-15 The early Christians of Ireland developed an expression of the faith characterized by deep devotion and fascinating stories Newman said It offers rich insights for modern issues such as promoting a caring society relating to the natural world and welcoming strangers Writers often use the metaphor of journey or pilgrimage to describe the Christian life What distinguishes this book and its development of that theme is its invitation to readers to experience their personal faith journeys through Celtic lenses Pilgrimage is part of the DNA of Celtic Christians The faith spread and flourished in Ireland Scotland Wales and Northern England between the 5th and 11th centuries because saints like Patrick Brigid and Columba traveled extensively preaching teaching and founding monasteries Soon small groups of Christians began to go out from these locations and begin new Christian communities By connecting historical information with their current lives and concerns readers will be encouraged to consider the many ways pilgrimage has shaped their personal faith They will discover the value and contributions of fellow travelers on the faith journey and how they assist and shape that journey By recalling how Celtic Christians celebrated and marked significant moments in their lives of faith readers will discover ways they can develop this practice They will affirm the importance of both offering and receiving hospitality on the faith journey a discipline that was critical to the Celts They will also have opportunities to deal with difficult life journeys such as transitions and opportunities for forgiveness and the importance of blessing one another in a world that values polarization over cooperation and competition over community With an introduction that sets the tone and introduces the theme and six chapters related to distinctives of Celtic Christianity this book is ideal for small groups whose members want to grow together in their spiritual understandings and commitments The Leader Guide is designed to help lead small groups It includes questions for reflection and additional prompts aimed to quide both personal contemplation and group discussion

Every Breath We Take Terry Wardle, 2015-07-07 Christians are desperate for intimacy with the Lord While grateful for all he has done we long to encounter his presence in our daily lives Amazingly God desires the same relationship with us and he has made it possible for us to live in his presence love and generosity with every breath we take This book is designed to help you experience intimacy with God in your daily life It presents a simple yet effective spiritual practice that raises awareness of the abiding presence of the Lord in what has been called the sacrament of the present moment Every Breath We Take will give you a deeper understanding of God's presence love and generosity and provide you with a pathway to encounter him in deep and transforming moment by moment encounters When the Parallel Converge Laura Dabundo, 2021-04-13 When the Parallel Converge spans the author's spiritual pilgrimage It begins with her childhood under the care of her indomitable grandmother in Johnstown Pennsylvania site of the Great Flood in which ancestors died From there the reader shares a dark night of the soul when the author is marooned at a major airport after missing a connection from Dublin following a Celtic pilgrimage Last the author writes of her hospitalization and recovery from a nearly fatal infection when she was much older which tested her soul Several poems on related themes also are included The author learns lessons of life loss grief faith hope charity and grace along with laughter and joy A Living Tradition Dr. Mary Elizabeth Mullino Moore, 2013-09-17 This book engages in a critical recovery and reconstruction of the Wesleyan theological legacy in relation to current theological concepts and Christian practices with the intent to present opportunities for future directions The contributors address urgent questions from the contexts in which people now live particularly questions regarding social holiness and Christian practices To that end the authors focus on historical figures John Wesley Susanna Wesley Harry Hoosier and Richard Allen historical developments such as the ways in which African Americans appropriated Methodism and theological themes such as holistic healing work and vocation and prophetic grace The purpose is not to provide a comprehensive historical and theological coverage of the tradition but to exemplify approaches to historical recovery and reconstruction that follow appropriately the mentorship of John Wesley and the living tradition that has emerged from his witness Contributors W Stephen Gunter Richard P Heitzenrater Diane Leclerc William B McClain Randy L Maddox Rebekah L Miles Mary Elizabeth Mullino Moore Amy G Oden and Elaine A Robinson The Welcoming Congregation Henry G. Brinton, 2012-01-01 This practical book by pastor and writer Henry G Brinton studies the biblical basis for Christian hospitality and how it is practiced in congregations today In the Sanctuary of Women Jan L. Richardson, 2010-10-01 Come spend some time in the sanctuary of women an often ignored space in Jewish and Christian history This devotional book for women highlights six women from around the world and across the centuries inviting us to discover what their lives tell us about God Jan Richardson a gifted poet artist and author believes it is essential for women to listen to one another's wisdom and bring the fullness of their lives with all the wonders and messiness into their prayer life In the Sanctuary of Women gathers together these women from scripture and history Eve Brigid of Kildare The desert mothers

Hildegard of Bingen Harriet Powers The Woman of the Song of Songs Each chapter becomes its own sanctuary with one of the women serving as a companion as you contemplate the theme that her life offers Throughout the readings Richardson weaves her own stories poetry prayers and blessings Midway through each chapter a section called The Secret Room gives you a chance to pause and reflect on unexpected insights Reading the book daily will carry you through six months or you can dip into the readings as you wish An invitation into reflection and prayer alone or in the company of others In the Sanctuary of Women is a book to treasure and to share with the women and the men in your life Beyond the Burning Times Philip Johnson, Gus diZerega, 2013-03-07 This is a fascinating dialogue between a Pagan and a Christian Gus DiZerega an American pagan and and an academic engages in debate with Philip Johnson an Australian Christian theologian The two debate questions such as the nature of spirituality who or what is deity how humans relate to the divine the sacred feminine gender and sexuality and the teachings and claims of Jesus At the end of the book another Pagan writer comments on what Philip Johnson has argued and another Christian comments on what Gus DiZerega has argued Paganism is acknowledged as the fastest growing religion in western Europe and this book helps readers to engage with it and with orthodox Christian The Soul's Slow Ripening Christine Valters Paintner, 2018-09-07 What does God want for your life Christine belief Valters Paintner bestselling Catholic author and online abbess for Abbey of the Arts uses reflections stories guided activities prayer experiences and a variety of creative arts to help you patiently and attentively listen to God's invitation Everyone wants to understand God's will for their lives Christine Valters Paintner shares one of the most ancient paths to understanding from her study of monasticism and immersion into Celtic spirituality while living in Ireland The Celtic way which Paintner distills into twelve practices offers discernment that focuses on the environment rather than the intellectual focus present in other forms of discernment It allows for what Paintner calls the soul's slow ripening coming into the fullness of our own sweetness before we pluck the fruit Each chapter begins with a story of a particular Irish saint some well known like Patrick or Brigid others less so such as Ita and Ciaran and then introduces a helpful practice for discernment that the saint's life illustrates Paintner explores the call of dreams the importance of thresholds the practice of peregrination wandering for the love of God walking the rounds learning by heart soul friends blessing each moment and the wisdom of the landscape and the seasons Readers are invited to explore these concepts through photography and writing She invites us to contemplative walks with specific themes along with poetic writing prompts for expression As you explore an alternate way of discerning a spiritual path one which honors the moment by moment invitations and the soul's seasonal rhythms you will discover that this book will help you become more aligned with creativity and wholeness Welcome to Anglican **Spiritual Traditions** Vicki K. Black, 2011-01-01 Part of the well established Welcome to series from Morehouse Publishing this book addresses church history from the grassroots perspective of how Anglicans have prayed thought about and lived out their faith through the centuries Wrestling with God James Emery White, 2008-05-28 James Emery White explores the

doubts confusion and uncertainties about God that we all face He tackles deliberately and directly our toughest questions And better still he leads the way to renewed faith **Embracing the Mysterious God** James Emery White, 2003 One of Christianity Today s 2003 Books of the Year We give ourselves to God and then struggle profoundly with the relationship We are drawn in and then want to flee in fear We move from faith to doubt trust to confusion intimacy to a feeling of abandonment Coming to faith is like falling in love It can be a head over heels rush to the altar or a slow acceptance that slips into a heartfelt embrace Either way eventually romance crashes headlong into reality Often we make things worse either by feeling guilty about our struggles with doubt or by trying to dismiss them as unimportant or insignificant We may even become resentful that God does not simply step in to clear up our confusion When we find ourselves in any of these predicaments the only way out is to face our uncertainties about God deliberately and directly In Embracing the Mysterious God James Emery White explores these struggles we all face struggles of heart soul mind and strength And struggles to love our neighbors as ourselves Here you will find your tough questions about God addressed Better still you will find the way to renewed faith Confronting Religious Denial of Science Catherine M. Wallace, 2016-07-05 Confronting Religious Denial of Science Christian Humanism and the Moral Imagination traces the cultural backstory of contemporary conflicts between biblical literalists who oppose evolution and New Atheists who insist that religion is so pernicious it should be outlawed if not exterminated That's a clash of fundamentalisms It's a zero sum game derived from high Victorian misunderstanding of both religion and science The God whom science supposedly replaces is the Engineer Almighty sitting at his keyboard controlling every event on earth But that s not a viable concept of God Far better Wallace argues to understand Christianity in Clifford Geertz s terms as a system of symbols that both constitutes a worldview and according to David Sloan Wilson encourages prosocial behavior That reframing makes it possible to reclaim what biblical scholars have said for decades the miracles of Jesus were confrontational symbolic actions They contradicted the political status quo in colonial Palestine not the laws of biology Prayer she explains is not magical thinking It s a creative highly disciplined introspective process most familiar to many people in forms like mindfulness meditation Wallace offers an intriguing exploration of issues that believers seldom discuss in ways that make sense to the religiously unaffiliated embed container position relative padding bottom 56 25% height 0 overflow hidden max width 100% embed container iframe embed container object embed container embed position absolute top 0 left 0 width 100% height 100%
