someone who simply thirsts for positive change in their lives but can't get off the hamster wheel of unbelief. The author through simple words of encouragement backed by biblical reference shows her audience that believing is power in itself. Her words are easily interpreted without overuse of extreme jargon and convey to those seeking better in their lives that there is a way to live joyfully and with hope for the new day ahead. The promises that are made to us by God are the principles for which we stand strong and this book personifies those principles. Hope is a powerful four letter word and it's given to us by the Word of God. This book gives us hope that better is on the horizon when we trust and believe it to be done. The author has granted us a peek inside God's gentle and humble heart and encourages the reader to try Him for themselves. Life can be hard to endure for many people but this book provides a road map that leads to the One who can provide hope in the middle of despair, peace in the middle of a storm and a solid foundation where the ground you stand upon feels unstable. Take the opportunity to read this book and take the challenge to start your journey with faith in God to do the things that seem impossible. See what a difference it can make in your life.

Pondering Things: About the Bible,

Christianity, and Other Stuff. Daniel Mitchell, 2014-09-21 This is a book of essays pondering the meanings of the Bible, Christianity and various related subjects. These essays were written during the period from November 2003 through June 2009 and posted to forums and blogs on the Internet. The essays were written because of a felt need to answer questions about the Christian message for myself and others. Sometimes irreverent, the essays cover a variety of topics but always with the intent to inform and entertain the reader without getting too involved with specific denominational viewpoints.

Gazette, 1857 *Love, Sexuality, and Matriarchy* Erich Fromm, 2024-02-27 A fascinating collection of essays on the complicated relations between men and women from the New York Times bestselling author of *The Art of Loving*. The New York Times Book Review. The renowned social psychologist delves deep into the fraught relationship between genders, drawing upon the influential insights of Bachofen, Freud, Marx and Briffault. Not primarily interested in the existence of anatomical and biological differences between the sexes, Fromm instead analyzes how these differences have been made use of throughout human history. Drawing from Bachofen's *Mother Right*, Fromm expounds on how matriarchal and patriarchal social structures determine relations between the sexes in essential ways and how they are shaped by the dominant orientation of the social character at any given time. He posits that the most important question concerning gender relations is which characterological orientation determines human relationships: love or hate, love of life or fascination with force. Thus

it will not be gender conflict that will determine humanity's future but whether we opt for love of life or love of death As these essays show Fromm was a wide ranging thinker whose writings sometimes manifested brilliant insights or practical wisdom Kirkus Reviews **Leadershift Workbook** John C. Maxwell, 2019-10-01 Lead er shift verb The act of nimbly adapting one's leadership in the midst of rapid change The term leadershift may be new to you but the climate of change that demands it is not As a leader you already know that it takes more than staying the course to be successful The key to not just surviving but to continual innovation improvement and influence is to learn how to leadershift In the Leadershift Workbook based on the bestselling book of the same name author John C Maxwell helps leaders make the changes the current fast paced environment demands He begins by helping leaders embrace seven principles to face every situation with flexibility and confidence Continually learn unlearn and relearn Value yesterday but live in today Rely on speed but thrive on timing See the big picture as the picture keeps getting bigger Live in today but think about tomorrow Move forward courageously in the midst of uncertainty Realize today's best will not meet tomorrow's challenges In each of the lessons in this workbook John shares the critical shifts he has personally made over the course of his long and successful leadership career including the Adaptive Shift from Plan A to Option A the Production Shift from Ladder Climbing to Ladder Building and the Influence Shift from Positional Authority to Moral Authority These leadershifts will change the way you think act and ultimately lead so you can be proactive and successful in an ever changing world Designed for use with the Leadershift book 9780718098506
