Hart,2009-01-14 If in fact Lizzie Borden took an axe and gave her step mother forty whacks why from a representational standpoint did her stepmother deserve it If older gay men in Internet chat rooms regularly provide much needed acceptance and advice to younger gay males during the coming out process how is it that they continually reinforce racist ideologies and powerless subjectivities while doing so What sorts of media images are commonly presented of individuals and groups that are regarded as being deviant in society and whose interests do they ultimately serve The answers to these important questions and many others are provided in the pages of Mediated Deviance and Social Otherness Interrogating Influential Representations which explores provocative representations of deviance in various media forms including books films musical offerings news accounts television

programs and Internet sites and their substantial cultural political and social consequences for the lived realities of individuals of different backgrounds and lifestyles The eye opening chapters of this book enable readers to more fully realize the regularity with which media representations continuously contribute in powerful ways to the formation and perpetuation of influential social constructions of deviance and otherness as they pertain to delinquents criminals and individuals of all ages classes genders races sexual orientations and health dis ability statuses Mediated Deviance and Social Otherness Interrogating Influential Representations is a thought provoking anthology that offers fresh insight and new approaches to critically analyzing social constructions of deviancy across a variety of media forms While scholars have long examined the relationship between media and deviancy this collection of essays features a range of theoretical perspectives through which to investigate deviancy and its various interpretations in original ways In the process it deepens our understanding of how deviancy has been constructed across time and in differing social cultural milieus The essays in this anthology reflect the diverse disciplines of their contributing scholars At the same time the anthology does not waver from its clear focus on deviancy lending it substantial coherence and readability The book is expertly structured and edited Each of the essays draws inspiration from a refreshing variety of sources and fields of study The anthology is accordingly divided into six distinct yet related sections that mark its coherence and readability Simultaneously the essays within each section are quite different from one another allowing the reader to make thought provoking connections between representations of deviancy both within sections and among them Mediated Deviance and Social Otherness Interrogating Influential Representations is an important text Considering the growth of new media forms its investigation of both old and new media in relation to social constructions of deviancy represents a timely and topical contribution to the field of media and cultural studies Given its breadth and scope the anthology represents a highly significant scholarly contribution that will greatly benefit scholars students and interested individuals of all levels It offers eye opening insights to anyone with an interest in cultural studies disease and disability studies film and television studies LGBT studies criminal justice sociology and related fields

Brief Reviewer Bio Metasebia Woldemariam Ph D is an associate professor of communication and media studies at Plymouth State University who specializes in media representations of deviancy and otherness Mediated Deviance and Social Otherness Interrogating Influential Representations is an erudite collection offering critical and cultural analysis of media representations within various media forms including journalism film documentary television fiction music and the Internet The book is divided into six sections that highlight the categories of deviance and otherness the contributors emphasize

- 1 Age
- 2 Crime and Criminals
- 3 Disease and Disability
- 4 Gender Race and Class
- 5 Sexual Orientation
- 6 Other Forms of Deviance

which include masochism carnival spectacles and cultures of violence While some chapters feature links to topics common to media studies such as the Motion Picture Production Code what is powerful about the collection is how varied the interpretive standpoints of the contributors are An example of one such unique interpretive perspective comes from Linda K

Fuller whose chapter examines the sexual political aspects of African AIDS related films based on her work in West Africa with a sexologist collating and critiquing appropriate media for Life Skills This interpretive variety inspires novel examination of media representations through the originality of varied genres of analysis the collection offers analysis of classic as well as popular literature popular as well as veiled news media award winning as well as obscure television series and outlaw country music as well as rap music Because media is so broadly interpreted within the collection readers are encouraged to view mass media as a crucial cultural landscape for meaning making Each contributor offers a timely perspective about past or contemporary society through the analysis of unique media genres and artifacts or even through analysis of representations in multiple media forms For example Annette Holba examines multiple forms of the media representations of a less emphasized person in the Lizzie Borden case Borden s stepmother Editor Kylo Patrick R Hart s own contribution examines multiple media representations of the visible physical signs of AIDS before focusing on their representation in two particularly noteworthy film melodramas Rather than focusing on stereotypical categories of deviance and otherness the contributors focus on less commonly acknowledged representations or challenge commonly acknowledged understandings of media This is evident through Christopher J Prez s ethnographic observation of instant messages from Gay com participants which dispels the notion that such online communities allow for positive expressions of gay identity Through its broad interpretation of media the collection offers an ample array of less commonly acknowledged media genres as evident in Margaret Weigel s class analysis of the electric bulb advertising sign spectaculars in Manhattan from 1892 to 1917 Wendy Korwin s visual analysis of a set of four image plates used within prescriptive literature and Amanda Klein s cinematic comparison of portrayed deviance in the 1950s juvenile delinquency teenpic and the 1990s ghetto action film Incorporated also are unique perspectives on traditional news media representations as in Thomas Grochowski s interpretation of celebrity defendant perspectives of O J Simpson Occasionally common themes thread particular chapters together allowing opportunities to understand how critics view the same or similar media differently For example David Sealy and Georges Claude Guilbert as well as Valentin Locoge offer analysis of the HBO television series OZ Additionally contemporary moral dilemmas and societal issues are covered as they appear in various media representations as when Barbara Barnett s discussion of journalistic representations of maternal infanticide and perfection appear alongside Robert Goff s analysis of the textured view of abortion provided by the film Vera Drake Hart s collection is important to expanding the scholarly understanding of media representations because it provokes thinking about what makes media mean so much to humans in particular social cultural historical and even technological contexts The issue of the detrimental effects of shared notions of deviance and social otherness is evident in chapters that highlight original perspectives useful for either scholarly analysis or challenging graduate level classroom discussions Also because the collection includes literary analysis it could serve well those with interest in literary criticism ELESJA RUMINSKI Ph D is an assistant professor of English at Indiana University of

The Real Nick and Nora David L. Goodrich, 2004-10 Frances Goodrich and Albert Hackett wrote the screenplays for some of America's most treasured movies, including *It's a Wonderful Life*, *The Thin Man*, *Easter Parade*, *Father of the Bride*, *Naughty Marietta*, and *Seven Brides for Seven Brothers*. Legendary films indeed, but writing both the play and screenplay for *The Diary of Anne Frank* was their crowning achievement. Controlled chaos best describes their writing method. They discussed a scene at length, sometimes acting it out. Afterwards, they each wrote a draft, which they exchanged. Then Frances said, began free criticism, which sometimes erupted into screaming matches. Noisy and contentious, the method worked splendidly. Enormously successful and remarkably prolific, Goodrich and Hackett began their thirty-four year collaboration in 1928. Married after the first of their five plays became a hit, they were in many ways an unlikely pair. Frances, the privileged daughter of well-to-do parents, graduated from Vassar, then played minor parts on Broadway. Albert's mother put him on stage at age five when his father died to help pay the bills, and he became a highly paid comedian. The Hacketts were known for their wit and high spirits and the pleasure of their Bel Air dinner parties. They waged memorable battles with their powerful bosses and were key activists in the stressful creation of the Screen Writers Guild. Once they had created Nick and Nora Charles, *The Thin Man*'s bright, charming, sophisticated lead couple, played memorably by William Powell and Myrna Loy, many people saw a strong resemblance, and the Hacketts acknowledged that they put themselves into Nick and Nora. *The Real Nick and Nora* is a dazzling assemblage of anecdotes featuring some of the most talented writers and the brightest lights of American stage and screen. The work was arduous, the parties luminous. On any given night, the guests singing and acting out scripts at a party might include F. Scott Fitzgerald and Sheila Graham.
