**The Third Floor Movie Mystery** Daniel McTeigue,2014-08-18 When my band Third Floor broke up in December of 1989 I got into renting movies on the weekend I had gone about 3 years not watching any movies because I was so busy with music VCR s were new and renting movies was the new thing I started hearing the phrase Third Floor in a lot of movies I thought I may have been losing my mind so I started a list of the movies where I heard Third Floor in them I also counted movies where there were scenes that the director did a close up of a door with a 300 series number because I figured that most 300 series rooms are on the Third Floor My list grew and grew Twentythree years later with me seemingly unable to get a full time job I dug out the old lists and found out that I had about 90 movies So I decided it was book worthy While writing the book the movie total grew to 115 movies There is some sort of conspiracy going on here but I don t know what it is The whole first half of the book is talking about how I always dreamed of being a drummer in a band and I tell my life story of what it was like to bring a dream to fruition and how I co formed the band Third Floor and then I transition into the movie topic If you re a person who loves movies you ve got to get this book

**Jake** Arch Montgomery,2004-06 Jake takes place during one of the single most powerfully shaping times in a person s lifesecondary education Through the metaphor of the utopian and fictitious St Stephen s Episcopal School author Arch Montgomery shows us how our humanity can only be fully realized through other humans The book depicts three deaths and one near fatal disease while simultaneously tracking the rebirth of Jake the titular and main character He moves from a transparent only good as I have to be mentality to a lifestyle of excellence and three dimensionality with the help of his school which is personified through the characters of Mary White rector George Meader teacher and Joel Kohn student Jake presents both Montgomery s view of public school systems which Jake without a drop of nostalgia refers to as out in the county and his view of an ideal school which in this case comes in the form of an independent school though the tenets that make it so admirable could be applied to almost any schoolpublic independent parochial or otherwise Mixing real world models with an informed idealism Montgomery creates St Stephen s in order to demonstrate the most positive influence a school can have on one person On the flipside of that coin however remain numerous questions about what kind of negative effects sub par schools can have on their students While St

Stephen s gives its students a three dimensional education mind academics body athletics and spirit chapel and community service do public schools scratch the surface of even just one dimension While Mary White the head of St Stephen s plays roles as varied as disciplinarian spiritual leader and friend in what light do most public school students view their own principals While the educational events of the highest consequence happen to Jake outside the classroom how many public school students interact with their classmates teachers or administration beyond a school setting On a continuum of education quality satisfactory good great excellent ideal where does St Stephen s fall Where does the school you went to or your children go to fall These and many other questions arise in Jake and beg to be discussed because once problems are recognized they can begin to get solved
