managed disturbance future scenarios and sustainable creation and management of early successional habitat in a landscape context Natural Disturbances and Historic Range of Variation Cathryn H. Greenberg, Beverly S. Collins, 2015-10-26 This book discusses the historic range of variation HRV in the types frequencies severities and scales of natural disturbances and explores how they create heterogeneous structure within upland hardwood forests of the Central Hardwood Region CHR The book was written in response to a 2012 forest planning rule which requires that national forests to be managed to sustain ecological integrity and within the natural range of variation of natural disturbances and vegetation structure Synthesizing information on HRV of natural disturbance types and their impacts on forest structure has been identified as a top need
