Economic Survey Of Latin America And The Caribbean 20022003:

Economic Survey of Latin America and the Caribbean 2009-2010 United Nations. Economic Commission for Latin America and the Caribbean, United Nations, 2011 In 2009 the countries of Latin America and the Caribbean experienced the brunt of the global financial crisis on their levels of activity so that the region experienced a decline of 1.9% of GDP. However, since the second half of the year, most countries in the region have begun a vigorous recovery that should strengthen in 2010 with a regional GDP expansion of approx. 5.2%. This region together with the emerging countries of Asia were among the most dynamic in the world prior to the global financial crisis. The factors though behind a more positive performance are both external and internal in nature. Amongst the former can be included the continued dynamism of some key Asian economies whose sustained demand for products from this region has created important conditions for a recovery in exports, especially in the case of South America. Similarly, the recovery of the U.S. economy though gradual contributes to a better scenario for Mexico, Central America and to the extent that raises the demand for tourism, possibly also for the Caribbean. For the latter, some recovery is projected in remittances from that country by migrant workers in the region. *Economic Survey of Latin America and the Caribbean*, 2004

Current Conditions and Outlook. 2002-2003, 2003 *Politics Latin America* Gavin O'Toole, 2017-08-23 *Politics Latin America* examines the role of Latin America in the world and its importance to the study of politics with particular emphasis on the institutions and processes that exist to guarantee democracy and the forces that threaten to compromise it. Now in its third edition and fully revised to reflect recent developments in the region, *Politics Latin America* provides students and teachers with an accessible overview of the region's unique political and economic landscape covering every aspect of governance in its 21 countries. The book examines the international relations of Latin American states as they seek to carve out a role in an increasingly globalised world and will be an ideal introduction for undergraduate courses in Latin American politics, comparative politics and other disciplines. This new edition will include updated references to scholarship and debates on new themes such as environmental rights, women presidents, the Latin American Pope, Afro-Latinos and the politics of sexual diversity, examination of demographic change and social movements, a new chapter on environmental economics and sustainable development. This book is essential reading for undergraduates taking courses in Latin American Politics. *Economic Survey of Latin America and the Caribbean 2007-2008* United Nations, United Nations. Economic Commission for Latin America and the Caribbean, 2009 The *Economic Survey* is one of ECLAC's flagship publications and has been issued since 1948. This new edition covers the region's economic performance in 2007 and the first semester of 2008 and suggests growth estimates for this year. *Preliminary Overview of the Economy of Latin America and the Caribbean*, 2004

Economic Survey of Latin America and the Caribbean 2017 United Nations Publications, 2018-01-11 The 2017 edition of the *Economic Survey of Latin America and the Caribbean* has three parts. Part I outlines the region's economic performance in 2016 and analyses trends in the early months of 2017 as well as the outlook.

for the rest of the year It examines external and domestic factors that have influenced the region's economic performance and draws attention to macroeconomic policy challenges Part II analyses the characteristics of the current economic cycle in the region 2009-2016 and contrasts it with the two preceding cycles 1990-2001 and 2002-2008 It also identifies and attempts to explain some of the determinants of the cycle and outlines possible strategies for regaining growth Part III contains notes relating to the economic performance of countries of the region

European Foreign Policy Dieter Mahncke, 2004 There is agreement in political and academic circles that the European Union needs a common foreign and security policy CFSP The question is how to move from recognised necessity to practical implementation from rhetoric to reality Many efforts have been made and indeed the creation of a European foreign policy is work in progress Bringing together a multinational team of both young researchers and established academics this volume offers a comprehensive analysis of this process uniquely combining the examination of the foundations institutions procedures and obstacles of EU level foreign policy with an extensive range of case studies exploring European policy on the ground in key areas such as the Balkans Africa or the Middle East Of use and interest to students of European politics and the general reader alike it breaks through the Euro jargon to provide a clear accessible and up to date account of this unprecedented system of international relations with a particular focus placed on the questions of why EU member states participate in the CFSP and what impact it enables them to have in geopolitics

Legacies of the Left Turn in Latin America Manuel Balán, Françoise Montambeault, 2020-01-31 Legacies of the Left Turn in Latin America The Promise of Inclusive Citizenship contains original essays by a diverse group of leading and emerging scholars from North America Europe and Latin America The book speaks to wide ranging debates on democracy the left and citizenship in Latin America What were the effects of a decade and a half of left and center left governments The central purpose of this book is to evaluate both the positive and negative effects of the Left turn on state society relations and inclusion Promises of social inclusion and the expansion of citizenship rights were paramount to the center left discourses upon the factions arrival to power in the late 1990s and early 2000s This book is a first step in understanding to what extent these initial promises were or were not fulfilled and why In analyzing these issues the authors demonstrate that these years

yield both signs of progress in some areas and the deepening of historical problems in others The contributors to this book reveal variation among and within countries and across policy and issue areas such as democratic institution reforms human rights minorities rights environmental questions and violence This focus on issues rather than countries distinguishes the book from other recent volumes on the left in Latin America and the book will speak to a broad and multi dimensional audience both inside and outside the academic world Contributors Manuel Bal n Fran oise Montambeault Philip Oxhorn Maxwell A Cameron Kenneth M Roberts Nathalia Sandoval Rojas Daniel M Brinks Benjamin Goldfrank Roberta Rice Elizabeth Jelin Celina Van Dembroucke Nora Nagels Merike Blofield Jordi D ez Eve Bratman Gabriel Kessler Olivier Dab ne Jared Abbott Steve Levitsky **CEPAL Review** United Nations.
