Andreosso-O'Callaghan, J. Bassino, J. Jassaud, 2016-01-20 Offering a critical reappraisal of the causes of the 1997 Asian crisis and of its impact on the strategies of firms this book is essential reading for anyone who wants to understand how firms have responded to the changes brought about by the crisis and what the major structural developments have been in the Asian economies since the late 1990s Through the use of up to date statistical data and theoretical tools the contributors convey the excitement that pervades recent developments in Asia      *The Political Economy of Fiscal Decisions* Jessica de Wolff, 2012-12-06 A ruling party decides each of two periods on the level of public goods which it finances by means of taxation and internal debt The debt has to be honoured by the government of the second period Between the two periods elections take place which may change the ruling party The book analyzes the fiscal decision of the first government which aims to maximize the long run utility of its representative voter Conditions under which the government uses debt strategically in order to stay in power are identified It is also shown how the fiscal decisions hinge on the populations political structure and its beliefs about the future government      **OECD Economic Surveys: Sweden 2001** OECD, 2001-02-07 This 2001 edition of OECD's periodic review of Sweden's economy examines recent economic developments policies and prospects and includes special features on structural policies and on enhancing environmentally sustainable growth      **Financing Southeast Asia's Economic Development** Nick J Freeman, 2003 This book examines the

various policy options open to the ten countries of the region for improving and diversifying their financial resources The Asian financial crisis exposed the vulnerabilities of Southeast Asia's bank based finance sector and illustrated the pressing need to develop a more robust and multi faceted financial infrastructure across the region Looking ahead sustained economic development in Southeast Asia will be constrained unless the region can embrace new sources of capital Authored by experts in their respective fields the chapters of this book examine such issues as the region's current debt burden the region's banking sector since the 1997-98 crisis micro financing efforts in the region new opportunities in project financing developing venture capital capabilities reviving foreign direct investment inflows creating bond markets developing the region's lacklustre equity markets and the potential benefits of financial integration **International Economic Review**

,1997 **The Evolution of Economic Theory** Volker Caspari,2013-03-01 Bertram Schefold is recognized internationally as an outstanding economist He has made major contributions to the development of economic theory and particularly to economic thought His contributions to economic theory include his work on Sraffian economics and its implications for the theory of value and distribution capital theory growth and technical progress This book consists of ten papers by distinguished economists from Europe the United States and Japan The papers cover a range of topics chosen according to Bertram Schefold's main fields of research from Wicksell's principle of just taxation to Sraffa and the Universal Basic Income to Marx's Theory of Value Covering Schefold's main areas of academic interest this is an important and comprehensive volume which is a fitting tribute to one of the foremost economic thinkers of our age *Entrepreneurship and Economic Transition in Central Europe* Jean-Paul Larçon,2012-12-06 Since the fall of the Berlin Wall in 1989 Central European economies have been moving rapidly toward a common set of goals political democracy market oriented economies and integration into the European and international business community For businesses Central Europe offers a unique window of opportunity and in particular two comparative advantages a low cost qualified workforce and stronger growth rates than mature Western European economies This opportunity seized by local entrepreneurs and foreign enterprises alike is a significant competitive threat to companies not present in the region or who have not found alternative strategies for increased growth and competitiveness This book addresses economic transitions in Central Europe and analyzes the problems of Central European integration in the European Union The Institutionalised Transformation of the East

German Economy Sabine Spangenberg,2012-12-06 It is perhaps worth stressing that economic problems arise always and only in consequence of change So long as things continue as before or at least as they were expected to there arise no new problems requiring a decision no need to form a plan Hayek 1945 p 523 This book is based on my research for the degree of Doctor of Philosophy which I received from Lancaster University England in the second half of 1997 It is an analysis of the structural transformation of the economic system in East Germany and the behavioural relations these changes imply The approach of institutionalised transformation not the least by the creation of the Treuhandanstalt is examined with a theory

based framework which is derived from system theoretical evolutionary and constitutional ethical considerations as well as from the newly developed adjustment model which has been constructed as a dynamic transformation approach A relationship between norm changes the new institutional framework of the economic system and the compatibility of the latter with changes of the remaining partial societal systems is recognised Rigidity factors in the system s flexibility to react as well as the adjustment of economic behaviour to structural changes are analysed The marginal product of system change is defined section 2 8 2

**CO2 Abatement and Economic Structural Change in the European Internal Market** Frank Hoster, Heinz Welsch, Christoph Böhringer, 2012-12-06 European environmental and energy policies are currently challenged by two mutually dependent issues CO2 abatement and the completion of the Internal Market for energy Both will lead to substantial structural changes in the energy supply industry and in the wider economy The purpose of this book is to analyze the interaction between CO2 abatement economic structural change and the completion of the European Internal Market This involves not only significant general equilibrium effects but also technological changes especially in the electricity supply sector The simulation results indicate that the effects of measures to reduce European CO2 emissions depend considerably on the structure of the electricity supply system

**The Making of a Post-Keynesian Economist** G. Harcourt, 2012-05-29 The Making of a Post Keynesian Economist Cambridge Harvest gathers up the threads of the last decade of the author s twenty eight years in Cambridge before his return to Australia The essays include autobiography theory review articles surveys policy intellectual biographies and tributes and general essays

**Small and Medium Enterprises Across the Globe** Meghana Ayyagari, Thorsten Beck, Aslı Demirgüç-Kunt, 2003

**OECD Economic Surveys: Australia 2001** OECD, 2001-08-08 This 2001 edition of OECD s periodic economic reviews of Australia examines recent economic developments policies and prospects and includes a special feature on sustainable development as well as annexes on business tax reform and environmental legislation
