Rhetoric on the Margins of Modernity C. L. Hobbs,2002 [The SAGE Handbook of Rhetorical Studies](#) Andrea A. Lunsford,Kirt H. Wilson,Rosa A. Eberly,2008-10-29 The SAGE Handbook of Rhetorical Studies surveys the latest advances in rhetorical scholarship synthesizing theories and practices across major areas of study in the field and pointing the way for future studies Edited by Andrea A Lunsford and Associate Editors Kirt H

Wilson and Rosa A Eberly the Handbook aims to introduce a new generation of students to rhetorical study and provide a deeply informed and ready resource for scholars currently working in the field *Conversational Rhetoric* Jane Donawerth,2012 In *Conversational Rhetoric* Jane Donawerth traces the historical development of rhetorical theory by women for women studying the moments when women produced theory about the arts of communication in alternative genres humanist treatises and dialogues defenses of women s preaching conduct books and elocution handbooks **The Present State of Scholarship in Historical and Contemporary Rhetoric** Winifred Bryan Horner,1990 In the years since its publication in 1983 *The Present State of Scholarship in Historical and Contemporary Rhetoric* has become a classic in its field proving to be an invaluable resource for students of rhetoric and composition as well as for scholars in English speech and philosophy This revised and updated edition defines the field of rhetoric as no other volume has Publishers website

The Scottish Invention of English Literature Robert Crawford,1998-06-28 *The Scottish Invention of English Literature* explores the origins of the teaching of English literature in the academy It demonstrates how the subject began in eighteenth century Scottish universities before being exported to America and other countries The emergence of English as an institutionalised university subject was linked to the search for distinctive cultural identities throughout the English speaking world This book explores the role the discipline played in administering restraints on the expression of indigenous literary forms and shows how the growing professionalisation of English as a subject offered a breeding ground for academics and writers with an interest in native identity and cultural nationalism This book is a comprehensive account of the historical origins of the university subject of English literature and provides a wealth of new material on its particular Scottish provenance **The Formation of College English** Thomas P. Miller,1997 In the middle of the eighteenth century English literature composition and rhetoric were introduced almost simultaneously into colleges throughout the British cultural provinces Professorships of rhetoric and belles lettres were established just as print was reaching a growing reading public and efforts were being made to standardize educated taste and usage The provinces saw English studies as a means to upward social mobility through cultural assimilation In the educational centers of England however the introduction of English represented a literacy crisis brought on by provincial institutions that had failed to maintain classical texts and learned languages Today as rhetoric and composition have become reestablished in the humanities in American colleges English studies are being broadly transformed by cultural studies community literacies and political controversies Once again English departments that are primarily departments of literature see these basic writing courses as a sign of a literacy crisis that is undermining the classics of literature *The Formation of College English* reexamines the civic concerns of rhetoric and the politics that have shaped and continue to shape college English **Companion to the History of Modern Science** G N Cantor,G.N. Cantor,J.R.R. Christie,M.J.S. Hodge,R.C. Olby,2020-10-07 The 67 chapters of this book describe and analyse the development of Western science from 1500 to the present day Divided into two major sections *The Study of the History of*

Science and Selected Writings in the History of Science the volume describes the methods and problems of research in the field and then applies these techniques to a wide range of fields Areas covered include the Copernican Revolution Genetics Science and Imperialism the History of Anthropology Science and Religion Magic and Science The companion is an indispensable resource for students and professionals in History Philosophy Sociology and the Sciences as well as the History of Science It will also appeal to the general reader interested in an introduction to the subject
