Mainak Dhar,2004-01-01 Face in the Mirror is a collection of twenty five poems of reflection and introspection A lot of poetry is designed to express one s reactions and emotions towards the world outside essentially presenting the poet s perspective on what is happening around him Face in the Mirror reverses that process it is a look deep inside into one s own psyche The poems are all intensely personal but deal with themes and emotions that are truly universal In an age where so much of our validation seems to depend on things and people external to us the poems in this collection force a deep look within ourselves and the choices we make     **The Transmission of Affect** Teresa Brennan,2014-02-15 The idea that one can soak up someone else s depression or anxiety or sense the tension in a room is familiar Indeed phrases that capture this notion abound in the popular vernacular negative energy dumping you could cut the tension with a knife The Transmission of Affect deals with the belief that the emotions and energies of one person or group can be absorbed by or can enter directly into another The ability to borrow or share states of mind once historically and culturally assumed is now pathologized as Teresa Brennan shows in relation to affective transfer in psychiatric clinics and the prevalence of psychogenic illness in contemporary life To neglect the mechanism by which affect is transmitted the author claims has serious consequences for science and medical research Brennan s theory of affect is based on constant communication between individuals and their

physical and social environments Her important book details the relationships among affect energy and new maladies of the soul including attention deficit disorder chronic fatigue syndrome codependency and fibromyalgia **(Trans)missions:**

**Monasteries as Sites of Cultural Transfers** Monika Brenišínová,2022-09-30 This volume focuses on the Catholic tradition of consecrated life *vita religiosa* from the High Middle Ages to the present It gathers papers by authors from various disciplinary backgrounds in particular art history history anthropology and translation studies **The Inevitable War: The**

**Myth Book 3** Grant Ayers,2025-03-27 Life has been hard and cruel for Grim After the brutal death of his parents in a house fire he is forced to live with his abusive uncle and attend the School for the Wicked But Grim s unnatural strength intelligence and prowess make him king or the Businessman for the brutal killing games held within the school walls Now Grim seems to have at least some semblance of normal until Death himself walks in Grim stands on the precipice between accepting his destiny as Death of the Four Horseman of the Apocalypse and stopping Armageddon or running away from it all About the author At just twenty one years old Grant Ayers discovered a passion for writing at the age of fifteen and achieved official publication by seventeen Writing has evolved into an epic pursuit for Ayers over the years The inspiration for The Inevitable War series began when they were twelve crafting intricate plotlines with LEGO bricks alongside their brother Jessy and younger brother Owen This unwitting collaboration played a pivotal role in shaping the entire series a tale born from playful creativity and strong familial bonds Three Purgatory Poems Edward E Foster,2004-07-01 Though our

modern understanding of the medieval doctrine of Purgatory is generally shaped by its presentation by Dante in the Divine Comedy there is a lengthy history of speculation about the nature of such a place of purgation Through these fourteenth century Middle English poems readers can experience something of the controversies that surfaced and resurfaced even after Aquinas had articulated his doctrine of the Communion of Saints The Gast of Gy as Foster notes puts a human face on the doctrine of Purgatory not only in the amiable logical and patient person of the Gast of Gy himself but also in the careful and cautious dialogue between the Gast and the Pryor who questions him Sir Owain and The Vision of Tundale present two accounts of the purgatorial journeys of living individuals who are offered a chance to see the torments they have brought upon themselves by their less than perfect lives along with the opportunity to return and amend those lives All three poems were quite popular as was the doctrine of Purgatory itself And why not As Foster notes in his general introduction it the doctrine of Purgatory had everything adventure and adversity suffering and excitement and most importantly a profound theological warning wrapped in the joyful solace of communion with the departed and hope for our own sinful selves

**Between Church and State** Bernard Guenée,1991 For the past several decades French historians have emphasized the writing of history in terms of structures cultures and mentalities an approach exemplified by proponents of the Annales school With this volume Bernard Guenée himself associated with the Annalistes marks a decisive break with this dominant mode of French historiography Still recognizing the Annalistes indispensable contribution Guenée turns to the genre of

biography as a way to attend more closely to chance to individual events and personalities and to a sense of time as people actually experienced it without sacrificing the conceptual rigor made possible by crisply stated problematics His engaging and detailed study links in sequence the lives of four French bishops who because of their office were intellectuals and politicians as well These men rose in the hierarchy that was medieval society by dint of talent and ambition not birth What Guene reveals is the career patterns and politics of an era that privileged youth yet granted certain advantages to those such as Guene's subjects who survived to old age He illustrates not only how these and other medieval men of the church were schooled but also how they learned from life illuminating medieval and early modern history through their writings Jacket

**Plan of Seattle** Seattle (Wash.). Municipal Plans Commission, Virgil Gay Bogue, 1911 **Lower than the Angels** Diarmaid MacCulloch, 2025-04-15 A magisterial new history The New York Times An epic tale and MacCulloch is an undaunted guide New York Review of Books A groundbreaking history of sexual emotion sexual activity gender relations marriage and the family and how Christianity has interacted with this panorama of human concerns Few matters produce more public interest and public anxiety than sex and religion Much of the political contention and division in societies across the world centres on sexual topics and one third of the global population is Christian in background or outlook The issue goes to the heart of present day religion This book seeks to calm fears and encourage understanding through telling a three thousand year long tale of Christians encountering sex gender and the family The message of Lower than the Angels is simple necessary and timely to pay attention to the complexity and contradictions in the history of Christianity The reader can decide from the story told here whether there is a single Christian theology of sex or many contending voices in a symphony that is not at all complete Oxford's Emeritus Professor of the History of the Church introduces an epic of ordinary and extraordinary Christians trying to make sense of themselves and of humanity's deepest desires fears and hopes

Languishing Corey Keyes, 2025-02-18 With his pioneering research Corey Keyes put languishing on the map In this powerful book he brings it to life Get ready to rethink your understanding of mental health update your views on happiness and come closer to realizing your potential Adam Grant 1 New York Times bestselling author of Hidden Potential If you're muddling through the day in a fog often forgetting why you walked into a room If you feel emotionally flattened lacking the energy to socialize or feel joy in the small things If you feel an inner void like something is missing but you aren't sure what Then this book is for you Languishing the state of mental weariness that erodes our self esteem motivation and sense of meaning can be easy to brush off as the new normal especially since indifference is one of its symptoms It is not a synonym for depression and its attendant state of prolonged sadness Languishers are more likely to feel out of control of their lives uncertain about what they want from the future and paralyzed when faced with decisions Left unchecked languishing not only impedes our daily functioning but is a gateway to serious mental illness and early mortality Emory University sociologist Corey Keyes has spent his career studying the causes and costs of languishing the neglected middle child of mental health

Now Keyes has written the first definitive book on the subject examining the ripple effect of languishing on our lives before deftly diagnosing the larger forces behind its rise the false promises of the self help industrial complex a global moment of intense fear and loss and a failing healthcare system focused on treating rather than preventing illness Ultimately Keyes presents a counterintuitive approach to breaking the cycles keeping us stuck and finding a path to true flourishing Unlike self improvement systems offering quick fix mood boosts his framework focuses on functioning well taking simple but powerful steps to hold our emotions loosely becoming more accepting of ourselves and others and carving out daily moments for the activities that create cycles of meaning connection and personal growth Languishing is a must read for anyone tempted to downplay feelings of demotivation and emptiness as they struggle to haul themselves through the day and for those eager to build a higher tolerance for adversity and the pressures of modern life We can expand our vocabulary for describing our inner experiences and deepest needs and with it our potential to flourish *Colliding With God* Richard Skinner,2017-05-11
