Goodman, 2019-07-08 No detailed description available for The Changing Downtown *The Global City Debate Reconsidered* Jeroen Waal, 2025-10-01 The idea of the global city which focuses on globalisation's impact on the social financial and political reality of cities in advanced economies has become widely influential in the decades since its introduction and yet the major issues in the global city debate remain unresolved This book provides a systematic overview of the debate and competing theoretical notions as well as an argument for the need to test the framework's empirical validity before the unresolved questions can be fruitfully addressed By testing data from the Netherlands in the 1990s and 2000s the author demonstrates the value of rigorous empirical scrutiny while offering fresh insights for the global city debate as a whole **Selling the Lower East Side** Christopher Mele, 2000 The Lower East Side of Manhattan is rich in stories of poor immigrants who flocked there in the late nineteenth and early twentieth centuries of beatniks hippies and artists who peopled it mid century and of the real estate developers and politicians who have always shaped what is now termed the East Village Today the musical Rent plays on Broadway to a mostly white and suburban audience MTV exploits the neighborhood's newly trendy squalor in a film promotion and on the Internet a cyber soap opera and travel related Web pages lure members of the middle class to enjoy a commodified and sanitized version of the neighborhood In this sweeping account Christopher Mele analyzes the political and cultural forces that have influenced the development of this distinctive community He describes late nineteenth century notions of the Lower East Side as a place of entrenched poverty ethnic plurality political activism and low culture that elicited feelings of revulsion and fear among the city's elite and middle classes The resulting and ongoing struggle between government and residents over affordable and decent housing has in turn affected real estate practices and urban development policies Selling the Lower East Side recounts the resistance tactics used by community residents as well as the impulse on the part of some to perpetuate the image of the neighborhood as dangerous romantic and bohemian clinging to the marginality that has been central to the identity of the East Village and subverting attempts to portray it as new and improved Ironically this very image of urban grittiness has been appropriated by a cultural marketplace hungry for new fodder Mele explores the ways that developers media executives and others have coopted the area's characteristics analyzing the East Village as a style provider where what is being marketed is difference The result is a visionary look at how political and economic actions transform neighborhoods and at what happens when a neighborhood is what is being consumed **Geographers** Elizabeth Baigent, André Reyes Novaes, 2017-12-14 Geographers Biobibliographical Studies Volume 36 focuses on 20th century Britain and 19th and 20th century France Six essays on individual geographers are complemented by a group article which

describes the building of a French school of geography From Britain the life of Sir Peter Hall one of the most distinguished geographers of recent times and a man widely known outside the discipline is set alongside memoirs of Bill Mead who made the rich geography of the Nordic countries come alive to geographers and others in the Anglophone world Michael John Wise and Stanley Henry Beaver who made their mark through building up the institutions where academic geography was practised and through teaching and Anita McConnell whose geographical training shaped her museum curation and studies of the history of science From France the individual biography of Andr Meynier is juxtaposed with group article on the first five professors of geography at Clermont Ferrand These intellectual biographies collectively show geography and geographers profoundly affected by wider historical events the effect of war particularly the Second World War and the shaping of post war society They show the value of geographical scholarship in elucidating local circumstances and in planning national conditions and as a basis for local national and international friendship

**Between the Social and the Spatial** Katrien De Boyser,Jürgen Friedrichs,2016-04-15 Since the beginning of the 1990s the gradual widening of scientific and policy debates on poverty from a narrow focus on income poverty to a more inclusive concept of social exclusion has made poverty research both more interesting and more complicated This transition to a more multidimensional conceptualization of poverty forms the background and starting point of this book Researchers studying the social and spatial dimensions of poverty have only started to challenge and explore the boundaries of each other s research perspectives and instruments This book brings together these different bodies of literature on the intersection of spatial and social exclusion for the first time by providing a state of the art review written by internationally recognized experts who critically reflect on the theoretical status of their research on social exclusion and on the implications this has for future research and policy making agendas

**High Technology Industry and Innovative Environments** Philippe Aydalot,David Keeble,2018-03-22 Originally published in 1988 this book explores how new technologies industrial innovation and the growth of high technology industry have affected regional employment and economic change in different European countries It discusses the factors which make some areas better suited than others to the development of the new industries emphasising how functional integration and dependence upon highly qualified manpower tend to concentrate these industries in particular locations Attempts to encourage innovation and the development of high technology industry in old industrial areas are discussed with particular reference to the role of large firms training programmes and government policies
