managers often lack the right mindsets and skills to maximize their coaching impact with others Coaching is a learnable skill but some powerful and pervasive misconceptions need to be put out to pasture if you are to improve your coaching effectiveness Ready Set Ripen is a great resource for anyone who is looking to help others make behavioral changes to improve their performance including managers who are looking to develop their team members executive coaches looking to enhance their impact with clients individuals who are looking to make meaningful performance improvements and learning and organizational development professionals responsible for developing talent in their organizations
