Guglielmo, 2021-09-03 *Divisions* draws together the history of race and the military of high command and ordinary GIs and of African Americans white Americans Asian Americans Latinos Native Americans arguing that racist divisions were a defining feature of America's World War II military *African Americans and the Pacific War, 1941-1945* Chris Dixon, 2018-09-20 In the patriotic aftermath of Pearl Harbor African Americans demanded the right to play their part in the war against Japan As they soon learned however the freedom for which the United States and its allies was fighting did not extend to African Americans Focusing on African Americans experiences across the Asia Pacific theater during World War Two this book examines the interplay between national identity the racially segregated US military culture and the possibilities of transnational racial advancement as African Americans contemplated not just their own oppression but that of the colonized peoples of the Pacific region In illuminating neglected aspects of African American history and of World War Two this book deepens our understanding of the connections between the United States role as an international power and the racial ideologies and practices that characterized American life during the mid twentieth century **Every Citizen a Soldier**

William A. Taylor, 2014-08-01 Beginning in 1943 US Army leaders such as John M Palmer Walter L Weible George C Marshall and John J McCloy mounted a sustained and vigorous campaign to establish a system of universal military training UMT in America Fearful of repeating the rapid demobilization and severe budget cuts that had accompanied peace following World War I these leaders saw UMT as the basis for their postwar plans As a result they promoted UMT extensively and aggressively In Every Citizen a Soldier The Campaign for Universal Military Training after World War II William A Taylor illustrates how army leaders failed to adapt their strategy to the political realities of the day and underscores the delicate balance in American democracy between civilian and military control of strategy This story is vital because of the ultimate outcome of the failure of the UMT initiative the birth of the Cold War draft **American Book Publishing Record** ,1995

Individual Gear and Personal Items of the GI in Europe James B. Klokner, 2005 Focuses on the GI s individual personal possessions particularly what was carried with him overseas and into combat Introduction p 8 **Baseball's Dead of World War II** Gary Bedingfield, 2009-12-14 While most fans know that baseball stars Ted Williams Hank Greenberg and Bob Feller served in the military during World War II few can name the two major leaguers who died in action They were catcher Harry O Neill and outfielder Elmer Gedeon Far fewer still are aware that another 125 minor league players also lost their lives during the war This book draws on extensive research and interviews to bring their personal lives baseball careers and wartime service to light [The Cooperstown Symposium on Baseball and American Culture, 2017-2018](#) William M. Simons, 2019-03-11 Widely acknowledged as the preeminent gathering of baseball scholars the annual Cooperstown Symposium on Baseball and American Culture has made significant contributions to baseball research This collection of 15 new essays selected from the 2017 and the 2018 symposia examines topics whose importance extend beyond the ballpark Presented in six parts the essays explore baseball s cultural and social history and analyze the tools that encourage a more sophisticated understanding of baseball as a game and enterprise **The Oxford Companion to American Military History** , **Soldiers to Citizens** Suzanne Mettler, 2007-09-10 Drawing on extensive interviews and surveys with hundreds of members of the greatest generation Suzanne Mettler finds that by treating veterans as first class citizens and in granting advanced education the G I Bill inspired them to become the active participants thanks to whom memberships in civic organizations soared and levels of political activity peaked **The British National Bibliography** Arthur James Wells, 1995 **Race and Gender at War** Lesley J. Infantry ,1983 **An Encyclopedia of American Women at War** Lisa . Tendrich Frank, 2013-01-17 A sweeping review of the role of women within the American military from the colonial period to the present day In America the achievements defeats and glory of war are traditionally ascribed to men Women however have been an integral part of our country s military history from the very beginning This unprecedented encyclopedia explores the accomplishments and

actions of the fairer sex in the various conflicts in which the United States has fought An Encyclopedia of American Women at War From the Home Front to the Battlefields contains entries on all of the major themes organizations wars and biographies related to the history of women and the American military The book traces the evolution of their roles as leaders spies soldiers and nurses and illustrates women s participation in actions on the ground as well as in making the key decisions of developing conflicts From the colonial conflicts with European powers to the current War on Terror coverage is comprehensive with material organized in an easy to use A Z ready reference format *Breaking Point* Rebecca Schwartz Greene, 2023-01-03 WINNER SOCIETY FOR MILITARY HISTORY DISTINGUISHED BOOK AWARDS FIRST BOOK This book informs the public for the first time about the impact of American psychiatry on soldiers during World War II *Breaking Point* is the first in depth history of American psychiatry in World War II Drawn from unpublished primary documents oral histories and the author s personal interviews and correspondence over years with key psychiatric and military policymakers it begins with Franklin Roosevelt s endorsement of a universal Selective Service psychiatric examination followed by Army and Navy pre and post induction examinations Ultimately 2 5 million men and women were rejected or discharged from military service on neuropsychiatric grounds Never before or since has the United States engaged in such a program In designing Selective Service Medical Circular No 1 psychiatrist Harry Stack Sullivan assumed psychiatrists could predict who might break down or falter in military service or even in civilian life thereafter While many American and European psychiatrists questioned this belief and huge numbers of American psychiatric casualties soon raised questions about screening s validity psychiatric and military leaders persisted in 1942 and 1943 in endorsing ever tougher screening and little else Soon families complained of fathers and teens being drafted instead of being identified as psychiatric 4Fs and Blacks and Native Americans among others complained of bias A frustrated General George S Patton famously slapped two malingering neuropsychiatric patients in Sicily a sentiment shared by Marshall and Eisenhower though they favored a tamer style Yet psychiatric rejections evacuations and discharges mounted While psychiatrist Roy Grinker and a few others treated soldiers close to the front in Tunisia in early 1943 this was the exception But as demand for manpower soared and psychiatrists finally went to the field and saw that combat itself not predisposition precipitated breakdown leading military psychiatrists switched their emphasis from screening to prevention and treatment But this switch was too little too late and slowed by a year long series of Inspector General investigations even while numbers of psychiatric casualties soared Ironically despite and even partly because of psychiatrists wartime performance plus the emotional toll of war postwar America soon witnessed a dramatic growth in numbers popularity and influence of the profession culminating in the National Mental Health Act 1946 But veterans with PTSD not recognized until 1980 were largely neglected
