McCleary,2009-02-20 This study examines a selection of Chesterton s novels poetry and literary criticism and outlines the distinctive philosophy of history that emerges from these writings Specifically McCleary contends that Chesterton s recurring use of the themes of locality patriotism and nationalism embodies a distinctive understanding of what gives history its coherence      G.K. Chesterton Michael D. Hurley,2012 Novelist essayist poet playwright historian journalist Christian

apologist literary and social critic G K Chesterton was one of the most protean and prolific writers of his age perhaps of any age Bernard Shaw called him a colossal genius Most readers have certainly found him too big to see whole and have therefore cut him in half The poet is severed from the philosopher he is treated either as a phrase maker or as a mystic his quirky writings are enjoyed as an aesthetic end in themselves or they are praised for their contribution to theology In this close reading of his work Michael D Hurley brings Chesterton s divided selves together Covering the full range of his diverse genres Hurley shows how Chesterton thinks through language in ways that confound attempts to read him as a thinker without first appreciating him as a writer      G.K. Complete Father Brown Stories G K Chesterton,2012-04-05 The complete adventures of the well loved clerical sleuth collected in one brilliant volume Shabby and lumbering with a face like a Norfolk dumpling Father Brown makes for an improbable super sleuth But his innocence is the secret of his success refusing the scientific method of detection he adopts instead an approach of simple sympathy interpreting each crime as a work of art and each criminal as a man no worse than himself This complete edition brings together all of the Father Brown stories including two not previously available in Penguin The Donnington Affair in which Chesterton rises to the challenge of solving a murder mystery half written by someone else Max Pemberton and The Mask of Midas which was found in Chesterton s papers after his death It also includes an introduction and notes by Michael D Hurley G K Chesterton was born in 1874 He attended the Slade School of Art where he appears to have suffered a nervous breakdown before turning his hand to journalism A prolific writer throughout his life his best known books include The Napoleon of Notting Hill 1904 The Man Who Knew Too Much 1922 The Man Who Was Thursday 1908 and the Father Brown stories Chesterton converted to Roman Catholicism in 1922 and died in 1938 Michael D Hurley is a Lecturer in English at the University of Cambridge and a Fellow of St Catharine s College He has written widely on English literature from the nineteenth century to the present day with an emphasis on poetry and poetics His book on G K Chesterton was published in 2011      Chesterton and Evil Mark Knight,2004 Here Knight crafts a portrait of

Chesterton the Fleet Street newspaperman who was able to entertain vast audiences as well as the thinker who could illuminate serious questions about justice fairness and faith and who helped confront the new evils of the new century by creating works that gave vivid form to enduring truths about the good

**BOOK JACKET**     *Dictionary of Modern American Philosophers* John R. Shook, 2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought

**Seeing Things as They Are** Duncan Reyburn, 2017-08-31 The jovial journalist philosopher and theologian G K Chesterton felt that the world was almost always in permanent danger of being misjudged or even overlooked and so the pursuit of understanding insight and awareness was his perpetual preoccupation Being sensitive to the boundaries and possibilities of perception he believed that it really was possible albeit in a limited way to see things as they are Duncan Reyburn marrying Chesterton's unique perspective with the discipline of philosophical hermeneutics aims to outline what Chesterton can teach us about reading interpreting and participating in the drama of meaning as it unfolds before us in words and in the world Chesterton's unique interpretive approach seems to be the implicit fascination of all Chesterton scholarship to date and yet this book is the first to comprehensively focus on the issue By taking Chesterton back to his philosophical roots via his marginalia his approach to literary criticism his Platonist Thomist metaphysics and his Roman Catholic theology Reyburn explicitly and compellingly tackles the philosophical assumptions and goals that underpin his unique posture towards reality

*Truth before Logic* Michael B. Mitchell, 2024-09-13 Truth before Logic explores the provocative implications of the claim that you can only find truth with logic if you have already found truth without it Chesterton counters the sterile truncated worldview of scientism with an appeal to a deep awareness in the heart and mind without which there would be neither science nor religion He stirs a buried awareness of the lucid but inarticulate truth that romance is the deepest thing in life and counters a myopic materialism by making us more aware of the reality that racks the soul with something of which God keeps the secret but which is stronger than sorrow or joy Few voices will be more helpful in enabling the contemporary reader to understand science within the full scope of human experience Chesterton's insights are an antidote to the soul atrophy that results from scientism and a ballast of sanity in a confidently confused world     A

*Theology of Preaching and Dialectic* Aaron P. Edwards, 2018-07-12 How does the preacher know what God might say now based upon the many things God said then Preachers and theologians throughout Christian history have grappled with Scripture's diverse emphases alongside the urgent task of declaring the authoritative Word of God in the contemporary pulpit Aaron Edwards offers a new way of engaging with this problem by exploring the theological relationship between biblical dialectics and heraldic proclamation Edwards highlights the theological necessity of dialectical variety without forfeiting assertiveness in the prophetic moment of preaching A vast array of key voices from the theological tradition are drawn upon including Augustine Aquinas Eckhart Luther Calvin Hegel Kierkegaard Chesterton Barth Bultmann Tillich Ebeling and others to navigate the connection between Scriptural unity clarity and paradoxical plurivocality leading to a nuanced account of dialectic Applying this to the homiletically neglected concept of heraldic confidence in preaching Edwards examines the theological possibility of preaching in light of dialectical complexity via its prophetic dimension He shows how the uniquely revelatory relationship of Word and Spirit enables Scriptural illumination prophetic discernment and dialectical decisiveness in the momentary encounter which undergirds all Christian proclamation *The Artist as Divine Symbol* Adam Edward Carnehl, 2023-10-09 In critical yet appreciative dialogue with four different art critics who demonstrated theological sensitivities Adam Edward Carnehl traces an ongoing religious conversation that ran through nineteenth century aesthetics In Carnehl's estimation this critical conversation between John Ruskin Walter Pater and Oscar Wilde culminated in the brilliant approach of G K Chesterton who began his journalistic career with a series of insightful works of art criticism By conducting a close reading of these largely neglected works Carnehl demonstrates that Chesterton developed a theological aesthetic that focuses on the revelation of God's image in every human being In Chesterton's eyes only those made in God's image can produce images themselves and only those who receive a revelation of truth are able to reveal truths for others Art is therefore a rich and symbolic unveiling of the truth of humanity which finds its origin and purpose in God the Divine Artist *The Roots of the World* Duncan B. Reyburn, 2025-02-24 During his career the metaphysically minded journalist G K Chesterton 1874-1936 made a number of remarkable predictions about the future many of which have come true He had no science of history or theory of progress and he vehemently denied that what he was foretelling was inevitable in any way Yet he was still able to imagine with impressive clarity so much of what has come to pass This raises an obvious question How was Chesterton able to be so prescient In this book Duncan Reyburn offers an answer by arguing that Chesterton's gift for prophecy resulted from his unique awareness of formal causation which differs from the typical modern focus on efficient causes and effects To understand Chesterton's attunement to the formal cause his work is refracted through the lenses provided by four thinkers Plato Aristotle Marshall McLuhan and William Desmond These fit together to create a philosophical theological telescope that we can look through to better see the astonishing world in which we live as well as perhaps some of what might happen next *Evangelical Dictionary of Theology* Walter A.

however has distanced its hero from its author and its author from his own life and the time in which he lived The discussion of the novel's Catholic identity therefore is based on a reading that returns Cervantes's hero to Cervantes's text and Cervantes to the events that most shaped his life The authors and texts McGrath cites as well as his arguments and interpretations are mediated by his religious sensibility Consequently he proposes that his study represents one way of interpreting Don Quixote and acts as a complement to other approaches It is McGrath's assertion that the religiosity and spirituality of Cervantes's masterpiece illustrate that Don Quixote is inseparable from the teachings of Catholic orthodoxy Furthermore he argues that Cervantes's spirituality is as diverse as early modern Catholicism McGrath does not believe that the novel is primarily a religious or even a serious text and he considers his arguments through the lens of Cervantine irony satire and multiperspectivism As a Roman Catholic who is a Hispanist McGrath proposes to reclaim Cervantes's Catholicity from the interpretive tradition that ascribes a predominantly Erasmian reading of the novel When the totality of biographical and sociohistorical events and influences that shaped Cervantes's religiosity are considered the result is a new appreciation of the novel's moral didactic and spiritual orientation
