Montgomery and War** Andrea McKenzie, Jane Ledwell, 2017-05-01 War marked L M Montgomery's personal life and writing As an eleven year old she experienced the suspense of waiting months for news about her father who fought during the North West Resistance of 1885 During the First World War she actively led women's war efforts in her community while suffering anguish at the horrors taking place overseas Through her novels Montgomery engages directly with the global conflicts of her time from the North West Resistance to the Second World War Given the influence of her wartime writing on Canada's cultural memories L M Montgomery and War restores Montgomery to her rightful place as a major war writer Reassessing Montgomery's position in the canon of war literature contributors to this volume explore three central themes in their essays her writing in the context of contemporaneous Canadian novelists artists and poets questions about her conceptions of gender identity war work and nationalism across enemy lines and the themes of hurt and healing in her interwar works Drawing on new perspectives from war studies literary studies historical studies gender studies and visual art L M Montgomery and War explores new ways to consider the iconic Canadian writer and her work *Lincolnshire* Nikolaus Pevsner, John Harris, Nicholas Antram, 1989-01-01 Lincolnshire is incredibly rich in medieval churches from Saxon times onwards many of them still little known Lincoln Cathedral is justly famous and second only to Durham in the grandeur of its setting The prosperous years from the Middle Ages though to the eighteenth century have left a splendid legacy in the great town churches of Boston and Louth in the innumerable village churches of the south of the county the delightful manor houses such as Tennyson's Somersby and the Georgian town houses and coaching inns of Boston and Grantham of Lincoln and Louth and above all of Stamford Monuments to industry include the vast maltings at Sleaford the soaring dock tower of Grimsby and an abundance of windmills **L.M. Montgomery and Canadian Culture** Elizabeth R. Epperly, Irene Gammel, University of Toronto Press, 1999-01-01 Contributors from a wide range of disciplines explore L M Montgomery's writing and its relation to Canadian nationalism including regionalism canon formation and Canadian American cultural relations *Pioneer Woman* Elizabeth Thompson, 1991-03-01 Elizabeth Thompson develops the idea of the pioneer woman as an archetypal character firmly entrenched in Canadian fiction and the Canadian consciousness Thompson's broad definition of the concept of pioneer can be seen to reflect the history of Canadian women starting with the pioneers of settlement and continuing through the pioneers of spiritual perfection and psychological liberation Various versions of the pioneer woman have appeared in English

Canadian fiction since Traill's development of the character type Sara Jeannette Duncan's *The Imperialist* and Ralph Connor's *The Man From Glengarry* and *Glengarry School Days* feature pioneer women who cope not only with physical frontiers but also with those grounded in social and personal concerns. More recently Margaret Laurence used this character type in *The Stone Angel*, *A Jest of God* and *The Diviners* with characters who inhabit internal personal frontiers. Thompson argues that the longevity of this character type in English Canadian fiction reveals an affinity between the pioneer woman and a common conception of the role of women in Canadian society. She suggests that the role for women proposed by the early immigrants was an appropriate choice for the Canadian frontier regardless of the location and nature of that frontier.

Copeland, 2006-05-31 *Woman Critiqued* will make us wonder why we thought we could grasp modern Japanese literature without concerted attention to what men and women had to say about women's literary production. This remarkable collection is full of surprises even where predictable arguments are being made. Careful translations of writings by the familiar and the obscure together with thought provoking introductions and supporting apparatus make this an indispensable text for the study of modern Japanese culture and society. Norma M Field University of Chicago. Over the past thirty years translations of Japanese women's writing and biographies of women writers have enriched and expanded our understanding of modern Japanese literature. But how have women writers been received and read in Japan? To appreciate the subterfuges, strategies and choices that the modern Japanese woman writer has faced, readers must consider the criticisms leveled against her, the expectations and admonitions that have been whispered in her ear and pay attention to the way she herself has responded. What did it mean to be a woman writer in twentieth century Japan? How was she defined and how did this definition limit her artistic sphere? *Woman Critiqued* builds on existing scholarship by offering English language readers access to some of the more salient critiques that have been directed at women writers on the one hand and reactions to these by women writers on the other. The grouping of the essays into chapters organized by theme clarifies how the discussion in Japan has been framed by certain assumptions and how women have repeatedly tried to intervene by playing with undercutting or attempting to exceed these assumptions. Chapter introductions contextualize the translated essays historically and draw out aspects that warrant particular scrutiny or explication. Although the translators do not cover all aspects or genres identified with women's literary endeavors in the twentieth century, they provide a significant understanding of the evaluative systems under which Japanese women writers have worked. *Woman Critiqued* will be eagerly

*Diversity and Change in Early Canadian Women's Writing* Jennifer Chambers, 2009-10-02 Diversity and Change in Early Canadian Women's Writing is a collection of nine essays thematically arranged dedicated to the works of women writing between 1828 and 1914. It is for all those readers who were certain that there had to be diverse interesting socially relevant voices in early Canadian women's writing. It is equally for sceptics who will find that early Canada is not bereft of women writers or of writing of substance. When Lorraine McMullen published the collection of essays *Rediscovering Our Foremothers* in 1990 she considered the field in its infancy. As keen as literary historians and critics have been to assess the contributions of women to Canada's early cultural scene, this collection moves beyond listing which women were writing in early Canada and brings together a study of their journalistic and literary works. For a nation caught up in projects to enhance nation building and concerned with the development of its national literature, the essays reconnect with early literary works by women. Eighteen years after McMullen's, this collection shows the progression along the path that hers initiated. Working with theories of genre, gender, socio-politics, literature, history, and drama, the essayists make cases not only for the women writing but also for the literary voices they created to work for diversity and social change in Canada. *Gender(ed) Identities* Tricia Clasen, Holly Hassel, 2016-08-25 This volume brings together diverse cross-disciplinary scholarly voices to examine gender construction in children's and young adult literature. It complements and updates the scholarship in the field by creating a rich cohesive examination of core questions around gender and sexuality in classic and contemporary texts. By providing an expansive treatment of gender and sexuality across genres, eras, and national literature, the collection explores how readers encounter unorthodox as well as traditional notions of gender. It begins with essays exploring how children's and YA literature construct communities formed by gender, ethnicity, sexuality, and in face-to-face and virtual spaces. Section II's central focus is how gendered identities are formed, unpacking how texts for young readers ranging from Amish youth periodicals to the blockbuster *Divergent* series trace, reproduce, and shape gendered identity socialization. In section III, the essential literary function of translating trauma into narrative is addressed in classics like *Anne of Green Gables* and *Pollyanna* as well as more recent works. Section IV's focus on sexuality and romance encompasses fiction and nonfiction works examining how children's and young adult literature can serve as a regressive, progressive, and transgressive site for construction meaning about sex and romance. Last, Section IV offers new readings of paratextual features in literature for children from the classic tale of *Cinderella* to contemporary illustrated novels. The key achievement

of this volume is providing an updated range of multidisciplinary and methodologically diverse analyses of critically and commercially successful texts contributing to the scholarship on children's and YA literature, gender, sexuality and women's studies and a range of other disciplines     The Psychology of Adolescence Fowler Dell Brooks, 1929
