Historical Dictionary of the Early American Republic Richard Buel Jr.,Jeffers Lennox,2016-12-20 The drafting and ratification of the federal constitution between 1787 and 1788 capped almost 30 years of revolutionary turmoil and warfare The supporters of the new constitution known at the time as Federalists looked to the new national government to secure the achievements of the Revolution But they shared the same doubts that the Anti federalists had voiced about whether the republican form of government could be made to work on a continental scale Nor was it a foregone conclusion that the new government would succeed in overcoming parochial interests to weld the separate states into a single nation During the next four decades the institutions and precedents governing the behavior of the national government took shape many of which are still operative today This second edition of Historical Dictionary of the Early American Republic contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about American history

I Freed Myself David Williams, 2014-04-21 For a century and a half Abraham Lincoln s signing of the Emancipation Proclamation has been the dominant narrative of African American freedom in the Civil War era However David Williams suggests that this portrayal marginalizes the role that African American slaves played in freeing themselves At the Civil War s outset Lincoln made clear his intent was to save the Union rather than free slaves despite his personal distaste for slavery he claimed no authority to interfere with the institution By the second year of the war though when the Union army was in desperate need of black support former slaves who escaped to Union lines struck a bargain they would fight for the Union only if they were granted their freedom Williams importantly demonstrates that freedom was not simply the absence of slavery but rather a dynamic process enacted by self emancipated African American refugees which compelled Lincoln to modify his war aims and place black freedom at the center of his wartime policies

Memories of Madagascar and Slavery in the Black Atlantic Wendy Wilson-Fall, 2015-10-21 From the seventeenth century into the nineteenth thousands of Madagascar s people were brought to American ports as slaves In Memories of Madagascar and Slavery in the Black Atlantic Wendy Wilson Fall shows that the descendants of these Malagasy slaves in the United States maintained an ethnic identity in ways that those from the areas more commonly feeding the Atlantic slave trade did not Generations later hundreds if not thousands of African Americans maintain strong identities as Malagasy descendants yet the histories of Malagasy slaves sailors and their descendants have been little explored Wilson Fall examines how and why the stories that underlie this identity have been handed down through families and what this says about broader issues of ethnicity and meaning making for those whose family origins if documented at all have been willfully obscured by history By analyzing contemporary oral histories as well as historical records and examining the conflicts between the two Wilson Fall carefully probes the tensions between the official and the personal the written and the lived She suggests that historically the black community has been a melting pot to which generations of immigrants enslaved and free have been socially assigned often in spite of their wish to retain far more complex identities Innovative in its methodology

and poetic in its articulation this book bridges history and ethnography to take studies of diaspora ethnicity and identity into new territory

Black Spartacus Sudhir Hazareesingh, 2020-09-01 Winner of the 2021 Wolfson History Prize Black Spartacus is a tour de force by far the most complete authoritative and persuasive biography of Toussaint that we are likely to have for a long time An extraordinarily gripping read David A Bell The Guardian A new interpretation of the life of the Haitian revolutionary Toussaint Louverture Among the defining figures of the Age of Revolution Toussaint Louverture is the most enigmatic Though the Haitian revolutionary's image has multiplied across the globe appearing on banknotes and in bronze on T-shirts and in film the only definitive portrait executed in his lifetime has been lost Well versed in the work of everyone from Machiavelli to Rousseau he was nonetheless dismissed by Thomas Jefferson as a cannibal A Caribbean acolyte of the European Enlightenment Toussaint nurtured a class of black Catholic clergymen who became one of the pillars of his rule while his supporters also believed he communicated with vodou spirits And for a leader who once summed up his modus operandi with the phrase Say little but do as much as possible he was a prolific and indefatigable correspondent famous for exhausting the five secretaries he maintained simultaneously at the height of his power in the 1790s Employing groundbreaking archival research and a keen interpretive lens Sudhir Hazareesingh restores Toussaint to his full complexity in Black Spartacus At a time when his subject has variously been reduced to little more than a one-dimensional icon of liberation or criticized for his personal failings his white mistresses his early ownership of slaves his authoritarianism Hazareesingh proposes a new conception of Toussaint's understanding of himself and his role in the Atlantic world of the late eighteenth century Black Spartacus is a work of both biography and intellectual history rich with insights into Toussaint's fundamental hybridity his ability to unite European African and Caribbean traditions in the service of his revolutionary aims Hazareesingh offers a new and resonant interpretation of Toussaint's racial politics showing how he used Enlightenment ideas to argue for the equal dignity of all human beings while simultaneously insisting on his own world historical importance and the universal pertinence of blackness a message which chimed particularly powerfully among African Americans Ultimately Black Spartacus offers a vigorous argument in favor of getting back to Toussaint a call to take Haiti's founding father seriously on his own terms and to honor his role in shaping the postcolonial world to come Shortlisted for the Baillie Gifford Prize Finalist for the PEN Jacqueline Bograd Weld Award for Biography Named a best book of the year by the The Economist Times Literary Supplement New Statesman

To Awaken My Afflicted Brethren Peter P. Hinks, 2010-11-01 In 1829 David Walker a free black born in Wilmington North Carolina wrote one of America's most provocative political documents of the nineteenth century An Appeal to the Colored Citizens of the World Decrying the savage and unchristian treatment blacks suffered in the United States Walker challenged his afflicted and slumbering brethren to rise up and cast off their chains His innovative efforts to circulate this pamphlet in the South outraged slaveholders who eventually uncovered one of the boldest and most extensive plans to empower slaves ever conceived in antebellum America Though Walker died in 1830 the Appeal remained a rallying point for many African Americans for years to come In this ambitious book Peter Hinks combines social biography with textual analysis to provide a powerful new interpretation of David Walker and his meaning for antebellum American history Little was formerly known about David Walker's life Through painstaking research Hinks has situated Walker much more precisely in the world out of which he arose in early nineteenth century coastal North and South Carolina He shows the likely impact of Wilmington's independent black Methodist church upon Walker the probable sources of his early education and most significant the pivotal influence that Denmark Vesey's Charleston had on his thinking about religion and resistance Walker's years in Boston from 1825 his mounting involvement with the Northern black reform movement and the remarkable underground network used to distribute the Appeal all reconstructed here testify to Walker's centrality in the development of American abolitionism and antebellum black activism Hinks's thorough exegesis of the Appeal illuminates how this document was one of the most startling and incisive indictments of American racism ever written He shows how Walker labored to harness the optimistic activism of evangelical Christianity and revolutionary republicanism to inspire African Americans to a new sense of personal worth and to their capacity to challenge the ideology and institutions of white supremacy Yet the failure of Walker's bold and novel formulations to threaten American slavery and racism proved how difficult if not impossible it was to orchestrate large scale and effective slave resistance in antebellum America

Race and Nation in the Age of Emancipations Whitney Nell Stewart,John Garrison Marks,2018-04-15 Over the long nineteenth century African descended peoples used the uncertainties and possibilities of emancipation to stake claims to freedom equality and citizenship In the process people of color transformed the contours of communities nations and the Atlantic World Although emancipation was an Atlantic event it has been studied most often in geographically isolated ways The justification for such local investigations rests in the notion that imperial and national contexts are essential to understanding slaving regimes Just as the experience of slavery differed throughout the Atlantic World so too did the experience of emancipation as enslaved people s paths to freedom varied depending on time and place With the essays in this volume historians contend that emancipation was not something that simply happened to enslaved peoples but rather something in which they actively participated By viewing local experiences through an Atlantic framework the contributors reveal how emancipation was both a shared experience across national lines and one shaped by the particularities of a specific nation Their examination

uncovers in detail the various techniques employed by people of African descent across the Atlantic World allowing a broader picture of their paths to freedom Contributors Ikuko Asaka Caree A Banton Celso Thomas Castilho Gad Heuman Martha S Jones Philip Kaisary John Garrison Marks Paul J Polgar James E Sanders Julie Saville Matthew Spooner Whitney Nell Stewart and Andrew N Wegmann Cradle of America Peter Wallenstein, 2007 In this first single authored history of Virginia since the 1970s Peter Wallenstein traces major themes across four centuries in a brisk narrative that recalls the people and events that have shaped the Old Dominion Cultivating Race Watson W. Jennison explores the centrality of race in the development of Georgia arguing that long term structural and demographic changes account for this transformation Jennison traces the rise of rice cultivation and the plantation complex in low country Georgia in the mid eighteenth century and charts the spread of slavery into the up country in the decades that followed Cultivating Race examines the cultivation of race on two levels race as a concept and reality that was created and race as a distinct social order that emerged because of the specifics of crop cultivation Using a variety of primary documents including newspapers diaries correspondence and plantation records Jennison offers an in depth examination of the evolution of racism and racial ideology in the lower South
