Gaia Matrix Peter William Champoux,1999 *Sacred Geometry Book of History, Meanings and How to Create Them*
Debbie Brewer,2019-02-12 Why is it that we are so drawn to and enticed by sacred geometry They start with simple mathematical shapes that combine to create elaborate illustrations of such beauty and elegance that we marvel at them Beliefs religious spiritual and cultural have been historically attached to them The specific design and creation of each individual sacred geometric pattern is thought among many cultures not only to demonstrate an understanding of specific universal concepts but to hold powers of mystical possibilities The aim of this book is to provide an understanding of the history creation and meanings of sacred geometry for those who are new to the subject and to open an insight into the beliefs placed upon them with the hope that it will inspire the reader s interest and imagination and increase their enthusiasm Enjoy learning how such simple shapes can evolve into inspiring and powerful patterns that weave through the fabric of our entire universe and reality **Haunted Ground** Darryl V. Catherine,2011-08-10 This fascinating and insightful tour through present day meetings of Spiritualists UFOlogists and dowsers illuminates our obsession with the paranormal and challenges the misunderstanding of the paranormal as a marginal or inconsequential feature of America s religious landscape According to a 2005 Gallup poll 75 percent of Americans believe in some form of paranormal activity The United States has had a collective fascination with the paranormal since the mid 1800s and it remains an integral part of our culture Haunted Ground Journeys through a Paranormal America examines three of the most vibrant paranormal gatherings in the United States Lily Dale a Spiritualist summer camp the Roswell UFO Festival and the American Society of Dowsters annual convention of water witches to explore and explain the reasons for our obsession with the paranormal Both academically informed and thoroughly entertaining this book takes readers on a road trip through our nation guided by professor of American religion Darryl V Catherine PhD The author interprets seemingly unrelated case studies of phantasmagoria collectively as an integral part of the modern discourse about nature as ultimate reality Along the way Dr Catherine reveals how Americans interest in the paranormal is rooted in their anxieties about cultural political and economic instability and in a historic sense of alienation and homelessness **The Westford Knight and Henry Sinclair** David Goudsward,2020-04-10 The Westford Knight is a mysterious controversial stone carving in Massachusetts Some believe it is an effigy of a 14th century knight evidence of an early European visit to the New World by Henry Sinclair the Earl of Orkney and Lord of Roslin In 1954 an archaeologist encountered the carving long known to locals and ascribed a variety of origin stories and proposed it to be a remnant of the Sinclair expedition The story of the Westford Knight is a mix of history archaeology sociology and Knights Templar lore This work unravels the threads of the Knight s history separating fact from fantasy This revised edition includes a new foreword and four new chapters which add context to the myth building that has surrounded the Westford Knight and artifacts like it
