Gaining Upon Certainty Selected Literary Criticism

William Shakespeare

Gaining Upon Certainty Selected Literary Criticism:

Gaining Upon Certainty René Ernest Fortin, 1995 *Dostoevsky and the Affirmation of Life* Predrag

Cicovacki, 2017-07-12 Dostoevsky's philosophy of life is unfolded in this searching analysis of his five greatest works: Notes from the Underground, Crime and Punishment, The Idiot, The Possessed, and The Brothers Karamazov. Predrag Cicovacki deals with a fundamental issue in Dostoevsky's opus neglected by all of his commentators: How can we affirm life and preserve a healthy optimism in the face of an increasingly troublesome reality? This work displays the vital significance of Dostoevsky's philosophy for understanding the human condition in the twenty-first century. The main task of this insightful effort is to reconstruct and examine Dostoevsky's aesthetically motivated affirmation of life based on cycles of transgression and restoration. If life has no meaning as his central figures claim, it is absurd to affirm life and pointless to live. Since Dostoevsky's doubts concerning the meaning of life resonate so deeply in our own age of pessimism and relativism, the central question of this book—whether Dostoevsky can overcome the skepticism of his most brilliant creation—is innately relevant. This volume includes a thorough literary analysis of Dostoevsky's texts; yet even those who have not read all of these novels will find Cicovacki's analysis interesting and enthralling. The reader will easily extrapolate Cicovacki's own philosophical interpretation of Dostoevsky's literary heritage.

Shakespeare and the Grace of Words Valentin Gerlier, 2022-05-29

Crossing the boundaries between literature, philosophy, and theology, Shakespeare and the Grace of Words pioneers a reading strategy that approaches language as grounded in praise that is an affirmation and articulation of the goodness of Being. Offering a metaphysically astute theology of language grounded in the thought of Renaissance theologian Nicholas of Cusa as well as readings of Shakespeare that instantiate and complement its approach, this book shows that language in which the divine gift of Being is received, apprehended, and expressed even amidst darkness and despair is language that can renew our relationship with one another and with the things and beings of the world. Shakespeare and the Grace of Words aims to engage the reader in detailed performative close readings while exploring the metaphysical and theological contours of Shakespeare's art as a venture into a poetic illumination of the deep grammar of the real.

The Desiring Self Walter E. Conn, 1998 This volume explores the two movements in the journey to transcendence. The first is the drive to be an integrated and powerful self. The second is to leave that behind and move beyond the self into relationship. The two movements are inextricably joined: separation and attachment, autonomy and relationship. Humans are pulled simultaneously by the urge to be and to be for. *The Desiring Self* is an explanation and a practical guide to the process of self-transcendence. Using case studies as well as insights from psychology and theology, it takes readers through the steps of understanding themselves as incarnate, integrated, and yet transcendent beings bent on discovering their true selves as known by God. It is a book to be read and relished by pastoral counselors, spiritual directors, readers exploring the confluence of psychology and religion, and all persons on the journey of self-transcendence.
