convoy from Gibraltar to Alexandria and she joined the invasion force to Sicily during Operation Husky In October 1943 she returned to Britain for a major refit at Falmouth when she was converted to an air target ship for training Barracuda torpedo bombers based at Douglas Isle of Man and then after being transferred to the east coast she was nearly lost in a hurricane before being sent to Kristiansand to accept the surrender of German naval forces Venomous and her sister ships were all scrapped after the War but her extraordinary career during which she fought without cessation is brought to life in this rousing and beautifully told ship biography a fitting memorial to the V Ws and the men who served in them I would rate this as being in the same class as *The Cruel Sea* for a picture of small ship life in World War Two *The Naval Review* A portrayal of life on a wartime destroyer with a depth and insight that is possible unequalled by any previously published work *Warship Annual* This book is outstanding for its detailed insight into the life on not just a single destroyer but by extension life at sea aboard and Royal Navy destroyer *The Northern Mariner* A Hard Fought Ship is a vivid portrait of a fighting vessel and the men who operated her *Warships International Fleet Review* Highly recommended to both naval historians and the general public *Mariner's Mirror* It is an exemplary ship biography where a detailed narrative of the destroyer's exploits are brought to life by a wealth of first hand accounts *Navy News* This book is a detailed and thrilling account of the life of a typical V W class destroyer *Sea Breezes* *Correspondence Relating to the War with Spain, 1898-1902* United States.
