Galway Landlord During The Famine Ulick John De Burgh:

A Galway Landlord During the Great Famine John Joseph Conwell, 2003 Ulick John de Burgh 1802-74 1st marquis and 14th earl of Clanricarde was a major Irish landed magnate with a seat at Portumna in east Galway. He was one of three Irish landowners to serve in Lord John Russell's cabinet 1846-52. This book attempts to reconcile Clanricarde's manifest humanitarian instincts with his inability to transcend his own position of privilege.

The Great Famine Ciarán Ó Murchadha, 2011-06-02 Over one million people died in the Great Famine and more than one million more emigrated on the coffin ships to America and beyond. Drawing on contemporary eyewitness accounts and diaries, the book charts the arrival of the potato blight in 1845 and the total destruction of the harvests in 1846 which brought a sense of numbing shock to the populace. Far from meeting the relief needs of the poor, the Liberal public works programme was a first example of how relief policies would themselves lead to mortality. Workhouses were swamped with thousands who had subsisted on public works and soup kitchens earlier and who now gathered in ragged crowds. Unable to cope, workhouse staff were forced to witness hundreds die where they lay outside the walls. The next phase of degradation was the clearances or exterminations in popular parlance which took place on a colossal scale. From late 1847 an exodus had begun. The Famine slowly came to an end from late 1849 but the longer term consequences were to reverberate through future decades.

Class and Community in Provincial Ireland, 1851-1914 Brian Casey, 2018-04-26 This book explores the experience of small farmers, labourers and graziers in provincial Ireland from the immediacy of the Famine until the eve of World War One. During this period of immense social and political change, they came to grips with the processes of modernisation. By focusing upon east Galway, it argues that they were not an inarticulate mass but rather they were sophisticated and politically aware in their own right. This study relies upon a wide array of sources which have been utilised to give as authentic a voice to the lower classes as possible. Their experiences have been largely unrecorded and this book redresses this imbalance in historiography while adding a new nuanced understanding of the complexities of class relations in provincial Ireland. This book argues that the actions of the rural working class and nationalists have not been fully understood, supporting E. P. Thompson's argument that their aspirations were valid in terms of their own experiences.

Tracing Your Irish Ancestors John Grenham, 2006 *A Ring and a Bundle of Letters* Erica Dakin Voolich, 2013-11-13 When Marion Dakin died in 1974, a bundle of letters was found in her desk, all in Swedish. Years before she died, Marion had given her

granddaughter old family rings to use for her wedding one came from Eric Helsten or so she thought Her grandfather Eric Helsten was a tanner who immigrated from Sweden in 1845 initially settling in Haviland Hollow NY and then in Gaylordsville CT He married another immigrant Mary Hearty who came from Ireland in 1848 These letters are from Eric s mother and twelve siblings dating from 1845 until he died in 1903 This is the story of Eric and Mary s life in the US with the accompanying story of life back home as told through these 86 letters and documents Included are two chapters with genealogical information on Eric Helsten s maternal and paternal ancestors in Sweden including family names of Alfvars Bouvin Chevet Dandanell Dubois Gilljam Hellsten Hultman Krutmeijer Martin sterman Pousette Robbert Robert Tillman Tussin Ireland's Great Famine, Britain's Great Failure William H. A. Williams,2022-02-08 This book provides readers with a unique in depth understanding of the background to the Irish Famine and a detailed account of the crisis as well as the immediate and long term results of the catastrophe In addition to exploring the ecological and agriculture factors this work shows how cultural economic and political influences shaped British attitudes and policies When the entire potato crop failed in the fall of 1846 what began as an ecological disaster quickly became a political one Hampered by long standing prejudice and Anglo Irish tensions the British government s various attempts to deal with the humanitarian crisis were muddled by competing economic and social goals Among these was the idea that the Famine represented an opportunity to purge Ireland of fragmented land holding and potato dependency by encouraging an English type market driven agriculture Changes did occur but the government s imperial dreams eventually ran up against Irish realities **The History of Galway** Sean Spellissy,1999 The Irish Conservative Party, 1852-68 Andrew Shields,2007 Until recently the history of the Irish Conservative party had been a neglected topic among Irish historians As the main focus of Irish historiography has been on Nationalist political organisations and movements the Irish Conservative party has received insufficient attention As a result this book provides the first detailed account of the party s history in the mid Victorian period Throughout the book the focus is in general on the elite of the Irish Conservative party and on their relationship with the party leadership at Westminster The complex ways in which the Conservative party interacted with the other principal forces in Irish society in particular the Roman Catholic Church are examined The ambivalent relationship which existed between it and the Independent Irish party from 1852 onwards is also analysed Through a series of detailed analyses of Conservative party attitudes and policies on the Land National Education and Church questions the book examines whether an indigenous Irish Conservatism existed different both in tone and content from its English counterpart The period between the Famine and the disestablishment of the Church of Ireland has been generally neglected in Irish historiography This book attempts to redress that imbalance while at the same time restoring the central role played by the Irish Conservative party in those years to its proper significance **Irish Economic and Social History** ,2004 The British National Bibliography Arthur James Wells,2005 Business Archives ,2006 **Forthcoming Books** Rose Army,2003 **Books Ireland** ,2003 *Charles Trevelyan and*

the Great Irish Famine Robin F. Haines, 2004 Charles Trevelyan the assistant secretary to the Treasury during the Famine years has received the bulk of the blame for the government's parsimonious response to the catastrophe This book examines history's condemnation of Trevelyan It reveals how and why he came to be demonized as the architect of policies aimed according to some commentators at the deliberate depopulation of Ireland Drawing extensively on Trevelyan's original correspondence and also on that of his political masters his colleagues subordinates and others in the field Robin Haines restores the portrait of a dedicated civil servant an opinionated man caught up in the tensions of Westminster Whitehall and Dublin yet determined to deliver relief to a country to which he was attached by ties of affection sympathy and ancestry
