Gambling in the Old West G. R. Williamson, 2020-11-30 Gambling played a major role in the lives of the men that drove the western movement of Americans across the continent during the nineteenth century Games of chance were dear to the hearts of not only cowboys but also gold miners plantation owners bankers merchants soldiers trappers buffalo hunters muleskinners and most of the other men of the American West even including some preachers Wherever there were men with money there was gambling and most of it was crooked Whether it was rigged fixed double dealt cold decked braced or otherwise manipulated very little was left to luck and skill Though there were some gamblers who were known as on the square or legitimate if that word can be used when referring to the players of the day most used some form of advantage to win much more often than they lost Some were not gamblers at all but mere con men skinning suckers as fast as they could find them With this in mind exactly what were the casino games of chance played during the wild days of the West what were the rules and how were they played Who were the major players and where did they ply their trade How did they employ tricks to cheat the other players without being detected Why did most of the games of the western frontier pass into oblivion and why are these same games not played in gambling casinos today Though most of us think we have a fairly good running knowledge of Old West gambling largely provided by the westerns of television and movies this book takes a closer look at this integral facet of our history that provokes both condemnation and revelry Whether it was a game of poker played on a blanket or a faro bet placed in an elegant saloon it is a safe bet to say that gambling fulfilled one of the basic needs of the early frontiersman liquor lust and luck Most settlements started with a small clump of buildings quite often little more than tents that usually included a general mercantile store a livery stable or wagon yard and a saloon Then as the settlement grew a few more businesses sprung up and more often than not additional saloons crowded in to provide the major form of entertainment available to the men of that era games of chance Unlike today with the plethora of entertainment choices provided by television movies computers and other technological devices the frontiersman had very few choices as a diversion from his everyday toils Most often he was reduced to reading a book chatting with friends or playing a game Books were often hard to come by and any game worth playing was worth wagering As western saloons evolved a typical layout usually followed along these lines an entrance foyer the bar area with maybe a few card tables and billiards tables in the back Traditionally saloons were housed in a building that was longer than it was wide with an overhanging awning covering the front entrance Contrary to most of our movie images of saloons they quite often did not have bat wing doors instead one or more standard wooden doors with glass panels provided access from the street Once inside the door customers usually saw a long bar running down the right wall

The bar was usually a massive work of oak with a brass rail that provided a foot prop while standing for a drink. Here and there a few spittoons enabled tobacco chewers to deposit their chaws before downing a shot of redevye. To the left were a few card tables and chairs strictly meant for gambling; all drinking was done standing up. When you could not manage the upright position any longer you were told that you had had enough and go sleep it off. Over time a class distinction developed among saloons in which there were low dives and first class saloons. Gamblers were interested in the upscale saloons while conmen and sharps operated in the skin houses where drunks were sometimes allowed to sleep on the floor after having their pockets cleaned out. Usually the mark of a better saloon was the addition of gambling rooms to the rear or a gambling hall located in a second story above the saloon. This accommodated the serious gamblers where large amounts of cash exchanged hands over the green cloth tables. As it evolved saloon owners offered someone usually a noted gambler the gambling concession with the saloon getting a percentage of the take. The better the location the more well heeled the customers and the professional expertise of an efficient gambling operation could mean sizeable profits for the owner. Besides location reputation was everything in the saloon business. From the Mississippi River to the Barbary Coast of California one saloon tried to top the others with what they offered and who gambled there. Big name gamblers drew a crowd and this translated into bigger profits from liquor sales and gambling. Wyatt Earp, Bat Masterson, Doc Holliday, Luke Short, Ben Thompson, Swiftwater, Bill Gates, Dick Clark, Rowdy Joe Lowe and the rest of the old west's gambling superstars ran the gaming operations in most of the better saloons of the era. This book is the first volume of the Hip Pocket History of the Old West Series providing a compact concise account that covers odd or little known facets of the American West. Historically accurate but told in an easy to read format with just a twist of humor. Informative yet entertaining the Hip Pocket History series provides little nuggets without having to wade through a 400 page book of dry academic ostentatiousness. *Frontier Gambling* G. R. Williamson, Ron Williamson, 2011. *Frontier Gambling: The Games, The Gamblers and the Great Gambling Halls of the Old West* is an entertaining look at one of the integral facets of the American West: gambling. Rich in detail and jargon yet written in an easy to understand style the book tells how the games were played legitimately and otherwise; it provides sketches of some of the infamous gamblers and con men of the era and it covers the notorious saloons and gambling houses where fortunes were wagered night and day in the untamed West. *Complete Guide to Gambling* John Scarne, 1961 Illustrated facts and figures about U S gambling. *The Complete Idiot's Guide to Gambling Like a Pro* Stanford Wong, Susan Spector, 2003 You're no idiot of course.
