hunting was still one of a southerner's chief social activities. With a sportsman's interest and a historian's curiosity, Davis intersperses his hunting narratives with tales of the region's rich history from before the American Revolution to his times in the first half of the twentieth century. Davis, a connoisseur of fine sporting firearms, also chronicles his personal experiences with a long line of rifles and shotguns, beginning with his first Old Betsy, a fourteen-gauge cap lock muzzleloader, and later with some of the finest modern American and British shotguns. He describes as well a host of small-bore rifles, many of which he assembled himself, bedding the barrels and actions in hand-carved stocks. Edited by retired lowcountry game warden Ben McCosse and featuring a foreword by outdoor writer Jim Casada, Davis's memoir is a valuable account of hunting lore and historic firearms as well as a record of evolving cultural attitudes and economic conditions in post-Reconstruction South Carolina and of the practices that gave rise to modern natural conservation efforts. **The Field Illustrated** A.
